Glad you are recovering
Harry; in the language
of the mariner, you must
be drowing some water
when you make the
Governor come to see
you, don't forget-

Its good to have money
Its good to have the things
that money can buy.
but its also good to pause
once in a while and check up
and find out if you havent
lost the things money
can't buy. (over) Sincerely Harry

HARRY T. HARTWELL

P.S. - I have decided that
life begins at "Sixty,"
so my career has
just-started.

HL

It was a great victory for
the democrats.

Governor Graves said he went to Athens this morning for a visit with Speaker Harry Walker, of the house, but did not comment on the subject of their conversations. He said the speaker "looked fine" and appeared to be recovering rapidly from a recent operation. Regarding reports that he would issue his statement for a special session Tuesday, the chief executive said he would issue a statement when he had "something to say."
