Dear Friend,

I have sold my interest in the State Herald, and retired from the management of the same. I will devote my energies and money to the upbuilding and pushing of the Dixie Home, a weekly journal devoted to progress, immigration, and agriculture. The Dixie Home will start with this issue with a circulation of 3,000, and we hope to increase the same to 10,000. The subscription price is \$1.00 per year. I would be glad to have you club with the Home, which we will furnish to you at 50 cents per year. If you will club with us, let us know. Please put the Dixie Home on your exchange list. I assure you I shall appreciate any courtesy that you may extend to me. Should I ever serve you, command me your friend,

J. A. Rantree
