

Shannon Miss.

Sept. 1, 1948.

Dear Mr. and Mrs. Walker:

We were so sorry to hear of Bob's accident, and want you to know that we want to help in any way possible. I wanted to keep Bobby over here for several weeks, or even days, but - Frances wouldn't think of leaving him, but Jimmie will come for him any time. He, also says that if he can be of any service in any way to let him know.

From what Frances has told me about the wreck, its terrible and God was good to let us keep him. We have so much to be thankful for even tho'

its hard to see it right now.

I know your hearts are broken, for ours are, too - we all think so very much of Bob, and trust that he will look on the bright side of this -

We are praying for him and trust that he will soon be feeling much better -

We want to thank you both for the love and kindness you have shown Frances, and for being so brave for her sake, in this, the first real trouble in her life -

We all adore Bobby, he is such a brilliant child, and has such charming manners (when he wants to) -

Bless his heart, he is so precious and I know we all love him to much.

Let us hear from you, and the children. We will be anxious about them -

Yours,

Fanny E. Arby -
