My dear Aunt Anna,

Your delightful letter  
to my sweet Emma  
came to her, as a great

cheering influence straight  
from the "Land of Horrors"  
We are all so glad  
that you escaped the

bitter cold weather of the day  
ago, and truly wish my air-  
ship would sail by and  
take us all to join you

for I do not relish cold weather.

Mamma is so pleased that  
M. the Green has been so nice to  
you, and that you are so  
comfortably situated.

Mamma is some little stronger  
this week, she sits up a few  
minutes some days, and if

We can get her to eat enough  
nourishing food, we hope she

will continue to build up. We  
are so anxious to have her  
well that the improvement  
seems very slow and almost  
imperceptible to our eyes.

I think Mrs. Snow's visit was

quite a help to her, as well  
as pleasure to all of us. He  
was going to give her up last  
Saturday - I scabbed and  
over Baby returned to Hedy  
Springs yesterday. He admires  
them, and d. julee.

Mamma was so delighted today  
to receive one of Mamma's pictures  
five pictures, and a ~~picture~~ ~~picture~~  
out of William. Both are so.
