Dear Mr. Walker:

I have written you before concerning a certain gas proposition that is being talked of in this country. A number of people here are very much interested in this and the parties holding the leases on the property in the section are interested in are anxious to have this entire program handled with local money.

Mr. George F. Mercer is an old experienced gas and oil driller and we feel that he is capable of locating and successfully drilling in this section of the country. Of course, Mr. Mercer is familiar with the present laws concerning oil and gas promotion projects and I am here with inclosing copies of assignment agreements that are now being used in the state of Tennessee which he thinks he can raise sufficient funds with to complete this project if the legislator or proper authorities will allow him to use this assignment.

I will appreciate anything that you can do to assist in bringing about some plan whereby local people here can go forward in this matter.

Your consideration in this matter will be appreciated.

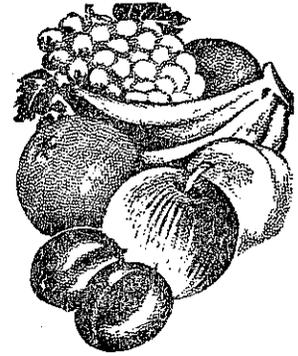

Sincerely yours,

Paul M. Chambers
