A. L. Spence, Chairman

The Board of Revenue of Limestone County, Alabama, met in regular meeting at the Courthouse in Athens, Alabama on September 5th, 1955, at 10:30 A.M., the first Monday in said month. The following were present: A. L. Spence, Chairman; and the following members of the Board: Messrs: Walter A. Morning, Mahlon A. LeCroix, Charles W. Leopard and Grady McLemore. Absent None. Mr. Spence, Chairman of the Board, presided as Chairman of the meeting. A quorum being present, declared the meeting open for the transaction of business. The minutes of the preceding meeting were read and approved.

After having contacted the Director of the Alabama Highway Department it was decided to submit a list of roads, described below, to the Director for his approval that the State would base and pave these roads after they were graded and drained by the County. The following roads are to be submitted:

1. Point on U. S. 31, South of Pisgah to Pisgah Harvest Road, 3 miles.
2. Point on Huntsville-Brownsferry Road to U. S. 31 North of Athens, 5.75 miles.
3. From SACP 159-C to SACP 1134-B, 2.75 miles.
4. Goodsprings to Patterson's Store, 2.4 miles.
5. Tennessee Line to point on U. S. 31, 2.8 miles.
6. Huntsville-Brownsferry Road to U. S. 72, 2.5 miles.
7. SACP 108-A to Buck Island Road, 2.25 miles.
8. Buck Island Road NW of Athens to Lappington's Store, 2 miles.

A discussion was had by the Board and the County Engineer as to the program for SACP and Federal Aid Secondary Projects for the year 1955-56. It was decided that in the event that any work had to be cut short that it would be the SACP Projects instead of any SG Projects we might be able to get since the SACP accruals at Montgomery are several thousand dollars in the red now and this could possibly be a means for catching up at least partly on the accruals that accrue to the credit of Limestone County.

The following resolution was offered by member Mahlon A. LeCroix and seconded by member Grady J. McLemore.

WHEREAS, the Board of Revenue is to be relieved of the \$2.00 per patient day for the care of patients at the T. B. Sanatorium by the State making an appropriation of \$6.00 per patient day, and

RESOLUTION OF KIWANIS CLUB OF ATHENS, ALA.

September 13, 1955

Whereas the Tuberculosis Cases in Limestone County is second highest in the state.

Whereas we have been without the services of a Health Nurse since December 1954.

Whereas the crowded condition exist in our sanatorium and and a strong recommendation on the part of our County Health Officer for home care which is as effective in most cases as the sanatorium.

Whereas medical science has proven early discovery of a case is the key to complete recovery.

Whereas it is a recognized fact that the wealth of Limestone County will be no greater than the health and welfare of its citizens, it is therefore recommended to the Limestone County Board of Revenue that the Athens Kiwanis Club endorses that Limestone County employ two health nurses in order that indignant tubercular cases being treated in the home will receive closer and better directions and that the Limestone County Board of Commissioners do make contact with State Health Authorities in order to acquire for the Limestone County Health Department a small stationary X-ray Machine to be used as an aid in early cases of T.B.

MINUTES, BOARD OF REVENUE, OCTOBER 3rd, 1955

The Board of Revenue of Limestone County, Alabama, met in regular meeting at the Courthouse in Athens, Alabama on October 3rd, 1955, at 10:30 A.M., the first Monday in said month. The following were present: A. L. Spence, Chairman; and the following members of the Board: Messers: Walter A. Dorning, Mahlon A. LeCroix, Charles E. Leopard and Grady McLemore. Absent None. Mr. Spence, Chairman of the Board, presided and Chairman of the meeting. A quorum being present, declared the meeting open for the transaction of business. The minutes of the preceding meeting were read and approved.

Mr. G. C. Williams came before the Board concerning his application for the Limestone County Board of Equalization. Mr. Williams had his name submitted on the city list from Elkmont and failed to get the appointment to represent the Town on the Board of Equalization. He is now requesting the Board of Revenue should they submit a revised list to Commissioner of Revenue to include his name on it. The Board assured him that in the event a different list was submitted that he would be considered along with the others that have made application.

The following motion was made by member Charles E. Leopard and seconded by member Walter A. Dorning.

Moved that the list as was submitted to the Commissioner of Revenue for selection of one member of the County Board of Equalization be resubmitted with the very urgent request that one of the three named people be selected as a member of the Limestone County Board of Equalization.

After considerable discussion of the matter a vote was taken and all members voted aye whereupon the motion was declared adopted.

The following motion was offered by member Mahlon A. LeCroix and seconded by member Charles E. Leopard.

Moved that in the opinion of the Board it is wise to retain a sub-office here in Athens where unemployment Insurance can be collected and that monies spent in paying rent on such an office is money well spent that the County continue for the next budget year to pay rent on an office for such purpose.

A vote was taken with all members voting aye whereupon the motion was declared adopted by the Chairman.

The following resolution was offered by member Charles E. Leopard and seconded by member Walter A. Dorning.

WHEREAS, the Jefferson-Jackson Day Dinner is to be held in Birmingham, Alabama on October 4th, 1955, and,

WHEREAS, it is deemed by the Board that it is advisable for the County to participate in said activity,

NOW THEREFORE BE IT RESOLVED, that the sum of two hundred dollars be appropriated from the County General Fund, from monies not otherwise appropriated, to purchase eight tickets to the Jefferson-Jackson Day Dinner.

A vote was taken with all members voting aye whereupon the resolution was declared adopted.

AGREEMENT

This agreement made and entered into this 19th day of September, 1955 by and between the STATE OF ALABAMA HIGHWAY DEPARTMENT, party of the first part, (hereinafter called the State) and LIMESTONE COUNTY, party of the second part, (hereinafter called the county), WITNESSETH:

WHEREAS, The State and County desire to cooperate in the improvement of the following roads: (1) Point on US 31 south Pisgah to Pisgah-Harvest Road, 3 miles (2) Point on Huntsville-Brownsferry Road to US 31 north of Athens, 5.75 miles (3) From SACP 159 C to SACP 1134 B, 2.75 miles (4) Woodsprings to Patterson's Store, 2.4 miles (5) Tennessee Line to point on US 31, 2.8 miles (6) Huntsville-Brownsferry Road to US 72 2.5 miles (7) SACP 108 A to Buck Island Road, 2.25 miles (8) Buck Island Road NW of Athens to Lappington's Store, 2 miles.

NOW THEREFORE, In consideration of these premises, the mutual covenants herein contained, and the sum of \$1.00 by each of the parties to the other in hand paid, receipt whereof is hereby acknowledged, the parties hereto agree as follows:

That the County will make the survey, prepare the plans, furnish the necessary right-of-way, the construction engineering and perform the necessary grading and drainage without cost to the State.

IN WITNESS WHEREOF, the State of Alabama Highway Department has caused the presents to be executed by H. L. Nelson, Highway Director, and Limestone County, by proper resolution, has caused these presents to be executed by A. L. Spence, Chairman, this the day and year above written.

A. L. Spence, Chairman

MINUTES, BOARD OF REVENUE, NOVEMBER 7th, 1955

The Board of Revenue of Limestone County, Alabama, met in regular meeting at the Courthouse in Athens, Alabama on November 7th, 1955, at 10:30 A.M., the first Monday in said month. The following were present: A. L. Spence, Chairman; and the following members of the Board: Messrs: Walter A. Dorning, Mahlon A. LeCroix, Charles E. Leopard and Grady McLemore. Absent None. Mr. Spence, Chairman of the Board, presided as Chairman of the meeting. A quorum being present, declared the meeting open for the transaction of business. The minutes of the preceding meeting were read and approved.

The following motion was offered by member Charles E. Leopard and seconded by member Mahlon A. LeCroix.

Moved that the Chairman of the Board be and he hereby is authorized and directed to trade the old Electric Range in the kitchen, that is used by the Home Demonstration Department of the County Extension Service, to Sam M. Bowen for a new range for the net difference of \$120.00. Said new range to be installed in the kitchen for this sum.

A vote was taken with all member voting aye whereupon the Chairman declared the motion adopted.

A discussion was had by the members of the Board of the names of the nominees submitted to the Commissioner of Revenue for appointment to the Limestone County Board of Equalization. Since three names were submitted as is required by law and they were returned to us and then resubmitted for their consideration with the commissioner returning them to the Board with a letter rejecting all names submitted and since the Board spent considerable time and effort in selecting these three names in the first place, it was unanimously agreed by the Board to withhold any further action on the matter for the present time. The Chairman of the Board was authorized and directed to file and hold all applications until some future action was taken by the Board.

MINUTES, BOARD OF REVENUE, NOVEMBER 21st, 1955

The Board of Revenue of Limestone County, Alabama, met in regular meeting at the Courthouse in Athens, Alabama on November 21st, 1955, at 10:30 A.M., the third Monday in said month. The following were present: A. L. Spence, Chairman; and the following members of the Board: Messrs: Walter A. Dorning, Mahlon A. LeCroix, Charles E. Leopard, and Grady McLemore. Absent None. Mr. Spence, Chairman of the Board, presided as Chairman of the meeting. A quorum being present, declared the meeting open for the transaction of business. The minutes of the preceding meeting were read and approved.

Mr. Paul Bauer and Mr. Frank Swanner came before the Board in the interest of the road running east and west through Thach, Alabama. Member Dorning assured them that it was still being considered and discussed with them at length the problems of rights of way in case it was decided to improve said road. They were of the opinion that there would not be any serious difficulties encountered in securing the right of way.

A discussion was had by the members of the Board concerning the appropriation to the District One Sanatorium at Flint. A bill for the cost of an operation on one Lester Wise from this County and it was the general opinion of the Board that this cost in their opinion seemed a little high. The Chairman stated to the Board that Dr. Calix had asked that the County pay for an operation of one Mary Simmons a patient from Limestone County and the Chairman authorized the operation by letter to Dr. Calix. In this same letter, Dr. Calix was reminded to try his very best to keep the cost of such operations to a minimum as the funds available were very limited and we would like to help just as many patients as possible with the limited funds that are available for such purposes. The Board as a whole endorsed this action on the part of the Chairman.

A vote was taken with all members voting aye whereupon the motion was declared adopted by the Chairman.

By a unanimous vote of the Board it was decided to give all County Employees a holiday November 24, 1955, Thanksgiving Day.

RE: Project S-456
Limestone County

Dear Sir:

The State Highway Department requests that certain land be conveyed to them for construction of a four lane road from U.S. 31 to Mooresville, Ala.

A print of the R/W Map and two copies of the description of parcels of land requested are attached. The properties requested are shaded in red and also incorporated into the request are those parcels requested previously by Limestone County. The reason for this increase of R/W is that a four lane roadway will be constructed instead of two and an intersection with U. S. 31 adequate for traffic will be constructed.

Plan Profile Sheets and Paving Layout Drawings have previously been given a representative of your office.

Borrow Area for some 50,000 Cu. Yds. is also requested left of Sta. 15 + 00.

Please give this immediate attention as we plan to let this project for construction in January.

Yours very truly,

MINUTES, BOARD OF REVENUE, DECEMBER 5th, 1955

The Board of Revenue of Limestone County, Alabama, met in regular meeting at the Courthouse in Athens, Alabama on December 5th, 1955, at 10:30 A.M., the first Monday in said month. The following were present: A. L. Spence, Chairman; and the following members of the Board: Messrs: Walter A. Dorning, Mahlon A. LeCroix, Charles E. Leopard, and Grady McLeMore. Absent None. Mr. Spence, Chairman of the Board, presided as Chairman of the meeting. A quorum being present, declared the meeting open for the transaction of business. The minutes of the preceding meeting were read and approved.

The Limestone County Park and Recreation Board met with the Board of Revenue to discuss what had been done and some plans for the future of the Lucy Branch Park Site. Mr. Frank Crouch and Mr. Ed Shelton from the local Sportsman Club met with us to determine the manner in which the money that the Sportsman's Club contemplate giving to the Park Board would be spent. It was agreed that should the money be donated by the Sportsman Club that it would be used to construct a shelter on the park area and if any funds were then left over they would be used to develop the area immediately adjoining the Shelter. Mr. Crouch and Mr. Shelton assured the two Boards that they would recommend that the money be donated to the Park Board.

A very lengthy discussion was had by the Board as to whether or not the County should again undertake the job of distributing surplus commodities to the needy of Limestone County. The Board fully realizes that there are several needy families within the bounds of the County, but in view of the amount of funds necessary for the distribution of surplus commodities and the number of actual needy persons that would receive the commodities it was decided by the Board that for the present time at least, that the Board feels that the Welfare Department could be of more help to the ones that are actually in need than could be reached by the distribution of surplus commodities.

MINUTES, BOARD OF REVENUE, DECEMBER 19th, 1955

The Board of Revenue of Limestone County, Alabama, met in regular meeting at the Courthouse in Athens, Alabama on December 19th, 1955, at 10:30 A.M., the third Monday in said month. The following were present: A. L. Spence, Chairman, and the following members of the Board: Messrs: Walter A. Dorning, Mahlon A. LeCroix, Charles E. Leopard, and Grady McLemore. Absent None. Mr. Spence, Chairman of the Board, presided as Chairman of the meeting. A quorum being present, declared the meeting open for the transaction of business. The minutes of the preceding meeting were read and approved:

Mr. John C. Batts came before the Board to report to them on his work as a Trustee of the District One T. B. Sanatorium at Flint. He expressed deep concern over the fact that the State Department was slow in getting checks back to the Sanatorium in time to meet the payrolls on the dates set for the employees to be paid. He expressed a desire to have several counties interested in the Sanatorium to maybe sometime deposit with the Sanatorium an emergency fund to take care of emergencies.

Hon. James M. Dement, representative from Limestone County to the State Legislature, came before the Board to inquire into the status of the Board of Equalization for Limestone County. Mr. Dement asked if the Board of Revenue was ready to submit an additional list of names to the Commissioner of Revenue for one name to be selected as a member of the County Board of Equalization. Each member of the Board and the Chairman very freely expressed themselves as being opposed to the submission of an additional list of names to the Commissioner at this time. There were many reasons advanced by the Board why they did not believe it wise to submit such a list. Some of the reasons advanced were that much consideration had been given to the names already submitted and there has been no reasonable excuse given as to why one of these three were not appointed to the Board. Had there been one of the three picked as a member the other two would have been perfectly satisfied as they realized that there would be only one appointment made, however, since they were all rejected for no good reason, then should the Board submit an additional list leaving all these three off the list it would not be doing them exactly right. The Board was of the unanimous opinion that no new names should be submitted, but that at any time it meets with the approval of the Commissioner of Revenue, the original list of names will be resubmitted.

A discussion was had as to the need for some means of transportation for the Engineering Crew and member Mahlon A. LeCroix. The Chairman was authorized and directed to secure bids from different truck dealers on two new pick-up trucks and a new carry-all to be submitted at the next regular meeting of the Board on the first Monday in January 1956. Said bids to be based on the net difference between 2 old Ford Pick-ups, 1 old Dodge Pick-up and three new vehicles as stated above.

Re: Application for State Aid Project

Gentlemen:

This will acknowledge receipt of the application signed by Mr. Summer as Chairman of your Airport Board requesting a grant of \$11,250 from the Alabama Department of Aeronautics to assist with your proposed new taxiway project.

I will be glad to present your application to the Alabama Aeronautics Commission at their next meeting. A Meeting will be held the middle or latter part of January, but the date has not yet been set.

For your information, I wish to advise that all our construction funds for the current fiscal year ending September 30, 1956, have been committed and we do not have funds on hand at this time to make a grant for your project.

I suggested to Mr. Robert Hinds and Mr. John Reynolds that you submit an application for the consideration of the Alabama Aeronautics Commission in the event that funds should become available for such through cancellation of pending projects.

We note that you are asking for \$11,250 or 25% of the project cost. As you no doubt know from the previous grants we made to Pryor Field, we have never participated 25% in construction costs. Our previous grants have been based on 16-2/3% of construction costs and 25% of the land cost.

I am sorry that we are not in a position at this time to further assist you.

Yours sincerely,
/s/ Asa Rountree, Jr.

MINUTES, BOARD OF REVENUE, JANUARY 2nd, 1956

The Board of Revenue of Limestone County, Alabama, met in regular meeting at the Courthouse in Athens, Alabama on January 2nd, 1956, at 10:30 A.M., the first Monday in said month. The following were present: A. L. Spence, Chairman, and the following members of the Board: Messers: Walter A. Dorning, Mahlon A. LeCroix, Charles E. Leopard, and Grady McLemore. Absent None. Mr. Spence, Chairman of the Board, presided as Chairman of the meeting. A quorum being present, declared the meeting open for the transaction of business. The minutes of the preceding meeting were read and approved.

Mr. Vandall Broadway of the Holland's Gin Community came before the Board to request member Dorning to open a ditch through his property. Said ditch is for the water which comes under a East and West Road which adjoins Mr. Broadways property. Mr. Dorning explained to Mr. Boradway that he did not feel that the County was obligated in any way whatsoever to open such a ditch. Mr. Boradway then stated that he was promised this ditch in return for the signing of a road right of way across his property. This alleged promise was by some former member of the Board of Revenue and Mr. Dorning agreed that should Mr. J. M. Holt, Chairman of the Board, tell him that it was a legal responsibility of the Board that he would do this work or if Mr. Holt stated that it was not a unfilled obligation of the County that he would not do anything about the said ditch.

Mr. Hazlerig, representative Tractor and Equipment Co., came before the Board with an offer on a new Motor Patrol for the use of District 2. Mr. Leopard, member from District 2, had been securing prices from various equipment dealers on a new patrol.

After a comparison of all the different prices secured from the several dealers it seemed that for the machine wated that Tractor & Equipment Co. had the best offer of any that furnished prices.

The following Resolution was offered by member Mahlon A. LeCroix and seconded by member Walter A. Dorning.

WHEREAS, Tractor & Equipment Co. have made the best offer for a trade-in of an old Adams Motor Patrol for a new patrol, and,

NOW THEREFORE BE IT RESOLVED, that a new Galion Motor Patrol be purchased from Tractor and Equipment Co. for the following:

1 - New Galion Motor Patrol	\$17,200.00
Less Trade-in Allowance on old Adams Patrol	4,450.00
Net Difference	12,750.00

BE IT FURTHER RESOLVED, that the Chairman of the Board be and he hereby is authorized to sign an approved claim in the amount of \$12,750.00 with payments as follows:

\$6000.00 Due 2/10/56 - No Interest
\$6750.00 Due 11/1/56 at 4% Interest from 1/3/56

A vote was taken with all members voting aye whereupon the resolution was declared adopted by the Chairman.

All local truck dealers were requested to submit bids on two (2) Pick-up Trucks and either a station wagon or carryall truck. The following bids were received and tabulated:

One Ford Mainline Ranch Wagon	2574.00

MINUTES, BOARD OF REVENUE, JANUARY 16th, 1956

The Board of Revenue of Limestone County, Alabama, met in regular meeting at the Courthouse in Athens, Alabama on January 16th, 1956, at 10:30 A. M., the third Monday in said month. The following were present: A. L. Spence, Chairman, and the following members of the Board: Messrs: Walter A. Dorning, Mahlon A. LeCroix, Charles E. Leopard, and Grady McLemore. Absent None. Mr. Spence, Chairman of the Board, presided as Chairman of the meeting. A quorum being present, declared the meeting open for the transaction of business. The minutes of the preceding meeting were read and approved.

A very large delegation of residents from the Wooley Springs Road came before the Board asking that the Wooley Springs Road instead of the Thach Road be improved. Mr. Mabry, the County Engineer, was called before the Board to discuss with the Board and the interested residents the reasons for deciding to improve the Thach Road rather than the Wooley Springs Road. A detailed study of the homes, schools, churches, milk and school bus routes and the traffic count had been made by the County Engineering Crew. The results of this study were brought out by Mr. Mabry and discussed by the group in general. After this discussion Mr. Dorning told the group that in his opinion the only thing for him to do would be for the Thach Road to be improved ahead of the Wooley Springs road.

The following resolution was offered by member Charles E. Leopard and seconded by member Mahlon A. LeCroix.

WHEREAS, The Board of Revenue of Limestone County fully realizes that there are a number of families in the County in dire need of assistance, and,

WHEREAS, we believe that the Department of Public welfare is more familiar with this situation than anyone else in the County, and,

WHEREAS, the Board feels that something should be done for those needy families that are not eligible to receive regular help through the Welfare Department,

NOW THEREFORE BE IT RESOLVED that the Chairman of the Board be and he hereby is authorized to issue a check for \$400.00 from the Health-Welfare Fund to the Limestone County Department of Public Welfare to be used for the relief of families of the County which are not now receiving welfare aid.

BE IT FURTHER RESOLVED, that the Department of Public Welfare be requested to render this aid in the form of orders for the necessities of these families, instead of issuing checks to them as we feel sure that much more benefit will be derived from the limited funds handled in this manner.

BE IT FURTHER RESOLVED, that a copy of this resolution be mailed the Limestone County Department of Public Welfare along with the check for \$400.00

A vote was taken with all members voting aye whereupon the resolution was declared adopted by the Chairman.

After much discussion concerning the Board of Directors of the Athens-Limestone Hospital the following motion was offered by member Mahlon A. LeCroix and seconded by member Charles E. Leopard.

Moved that the following persons be appointed for a term of five years to the Board of Directors of the Athens-Limestone County Hospital Association:

Beat 1 - Frank Crouch
 Beat 2 - Raymond Roberts
 Beat 3 - Granville Turner
 Beat 4 - Homer Dunnivant
 Beat 5 - T. C. Gaston
 Beat 6 - Oscar Vinson
 Beat 7 - Delwood Flannagan
 Beat 8 - Lawrence Evans
 Beat 9 - Thomas Ezell
 Beat 10 - Clifford Zehner
 Beat 11 - Nelson Swinea
 Beat 12 - E. E. Douthit
 Beat 13 - John D. Anderson
 Beat 14 - George Braly
 Beat 15 - Carl Robison

A vote was taken with all members voting aye whereupon the motion was declared adopted.

Prices having been secured from several heavy equipment dealers on a new $\frac{1}{2}$ Cy. Shovel-Dragline Combination the following motion was made by member Charles E. Leopard and seconded by member Mahlon A. LeCroix.

Moved that since the bid offered by Tractor and Equipment Co. on a new $\frac{1}{2}$ Cy. Bucyrus-Erie Shovel-Dragline Combination seems to be the best bid offered that said Dragline be purchased as follows:

1-New $\frac{1}{2}$ Cy. Bucyrus-Erie Combination Shovel	
and Dragline Complete with $\frac{1}{2}$ Cy. Hendric Bucket	\$20,830.00
Less Trade-in allowance on old Link-Belt Speeder Shovel	
and Dragline Combination	8,000.00
NET DIFFERENCE	12,830.00

Moved further that the Chairman of the Board be and he hereby is authorized to sign an approved claim as follows:

\$6,500.00 Due and Payable March 1st, 1956 - No Interest
 \$6,330.00 Due and Payable December 1st, 1956 with Interest at 4%

MINUTES, BOARD OF REVENUE, JANUARY 16th, 1956

MINUTES, BOARD OF REVENUE, FEBRUARY 6th, 1956

The Board of Revenue of Limestone County, Alabama, met in regular meeting at the Courthouse in Athens, Alabama on February 6th, 1956, at 10:30 A.M., the first Monday in said month. The following were present: A. L. Spence, Chairman, and the following members of the Board: Messrs: Walter A. Dorning, Mahlon A. LeCroix, Charles E. Leopard, and Grady McLemore. Absent None. Mr. Spence, Chairman of the Board, presided as Chairman of the meeting. A quorum being present, declared the meeting open for the transaction of business. The minutes of the preceding meeting were read and approved.

The question of whether the County should again undertake the job of distributing surplus commodities in the County was discussed by the Board at great length. Many people from various sections of the County have contacted the different members of the Board concerning surplus commodities. It was decided that the best thing to do would be to ask the State Supervisor of Surplus Commodity distribution to meet with the Board and inform us as to the different phases of the distribution of commodities. The Chairman of the Board was ordered and directed to contact the State Supervisor by letter and arrange a date and time for such a meeting in the very near future. After this meeting it will then be decided as to whether the County will get back into the distribution of Surplus Commodities.

Commodities

A few days ago the Board of Revenue was invited to meet with the City Officials of Athens and hear a proposal by Dr. Walter B. Jones, State Geologist, whereby it would be possible to get a complete geological survey of the County made. After a discussion of this meeting by the Board the following resolution was offered by member Mahlon A. LeCroix and seconded by member Walter A. Dorning.

WHEREAS, there was held an election in Limestone County on December 6th, 1955 to determine whether or not a tax would be levied to pay for a geological survey of the County, and,

WHEREAS, this tax measure was overwhelmingly defeated, and,

WHEREAS, the proposal offered by Doctor Jones would cost the County approximately 10,000.00 per year for three years, which would of course be tax money, and,

WHEREAS, the State Department of Geology plan to make a survey of the County that will include practically everything except the water supply data in their regular course of work.

NOW THEREFORE BE IT RESOLVED, that in view of the above stated facts the Limestone County Board of Revenue feels that it would be an imposition on the taxpayers of the County to agree to enter into a contract for this geological survey at this time.

BE IT FURTHER RESOLVED, that the Board is ready and willing to have such a survey made provided the finances can be provided in some manner by our Legislators in the Alabama State Legislature.

A vote was taken with all members voting aye whereupon the resolution was declared adopted by the Chairman.

Re: Pryor Field Taxiway Project

Gentlemen:

We are pleased that we were able to make a grant for your project and that this grant made it possible for you to proceed with the project and not lose it through inability to finance it. Your situation got complicated because no attention was paid to this department and a lot of things were summed. Now that we have made you a grant, and in order to avoid further complications and misunderstandings, this is to again advise you of requirements covering our State Aid grants, which are the same as for your two previous grants.

Attached herewith is a bulletin covering these requirements: To summarize briefly:

- (1) When you prepare copies of the final CAA Application, a copy should be sent to us.
- (2) We require one copy of plans and specifications.
- (3) Plans and specifications must have our approval as well as the approval of CAA.
- (4) All other details must have our approval as well as CAA.
- (5) The Title page of your plans should contain a block for approval by the Alabama Department of Aeronautics.
- (6) If project is completed and all details approved, grant will be payable as soon after October 1 as warrant can be processed.

MINUTES, BOARD OF REVENUE, FEBRUARY 6th, 1956

The attached bulletin will explain requirements in more detail.

We note that the North Alabama Engineering Company is to be your Engineer. As Mr. Carroll Smith handled your runway paving project, he should be familiar with our requirements. A copy of this letter is being sent to him. Our Airport Engineer will be available to assist him if he so desires.

Yours sincerely,

The following resolution was offered and duly adopted by a unanimous vote of the Board.

WHEREAS, it is now planned to construct a highway in Limestone County, Alabama, known generally as Reid to Lucas Ferry Road designated as project SACP 1198-A.

WHEREAS, it is necessary for Limestone County to acquire a right of way deed to certain lands hereinafter described for the purpose of constructing said highway for the benefit of the public and Limestone County, and,

WHEREAS, every effort has been made to reach an agreement for the acquisition of said lands.

THEREFORE BE IT RESOLVED, by the Board of Revenue of Limestone County, and the general public, that a right of way be acquired for the use of Limestone County and the general public for said road in said County as hereinafter described and owned by Will Hord and Hord Heirs as follows:

1. A strip of land uniformly 30 feet in width lying on the east side of the center line of SACP 1198-A, beginning at station 0+00 on the center line of said project as it is now located and running thence S 47° 0' E parallel and adjacent to the center line a distance of 667 feet to station 6+67 and is further described as being that land required to make a 30 foot right of way on the east side of the center line between station 0+00 and station 6+67 as said project is now located.

Said land lying and being in the SW $\frac{1}{4}$ of SE $\frac{1}{4}$ of Section 26, T 4 S, R 5 W, and contains .40 acres, more or less.

MINUTES, BOARD OF REVENUE, MAY 7th, 1956

2. A strip or tract of land beginning at the intersection of the north right of way line of SACP 1198-A and the east right of way line of the Brownsferry Road; thence S 47°E along the north right of way line of said project a distance of 70 feet; thence in a northerly direction to a point on the east right of way line of the Brownsferry road, said point being 70 feet north-east of the point of beginning; thence in a southwesterly direction along the east right of way line of the Brownsferry Road a distance of 70 feet to the point of beginning.

Said strip of land lying and being in the SE $\frac{1}{4}$ of the SE $\frac{1}{4}$ of Section 27, T 4 S, R 5 W.

This easement is for the sole purpose of resitricting the owner from erecting or placing any structure or item within above described tract that will obstruct the view of traffic in entering the road intersection adjacent thereto. This easement is not intended to prevent the use of said tract by owner in any way other than prohibiting the erection or placing of object or objects on said strip that would eliminate proper sight distance from automobile and like conveyance in entering the intersection adjacent thereto, thereby causing a traffic hazard.

BE IT FURTHER RESOLVED, that Limestone County shall proceed to condemn said land and to that end, Malone and Malone are hereby appointed agents of said County, and Attorneys for said County to file proceedings seeking the condemnation of said land.

The following motion was offered by member Charles E. Leopard and seconded by member Walter A. Dorning.

Less allowance on old Model ID-6 International Tractor	600.00

MINUTES, BOARD OF REVENUE, MAY 21st, 1956

The Board of Revenue of Limestone County, Alabama met in regular meeting at the Courthouse in Athens, Alabama on May 21st, 1956 at 10:30 A. M., the third Monday in said month. The following were present: A. L. Spence, Chairman, and the following members of the Board: Messers Walter A. Dorning, Mahlon A. LeCroix, Charles E. Leopard and Grady McLemore. Absent None. Mr. Spence, Chairman of the Board, presided as Chairman of the meeting. A quorum being present, declared the meeting open for the transaction of business. The minutes of the preceding meeting were read and approved.

A general discussion was had by the Board in regards to ways and means of making in some way the working conditions of all County Employees better. The matter of increasing the hourly rate of pay of employees was discussed thoroughly with a general agreement of the entire Board that with County Finances as close as they are that a raise in rates would involve more money than the financial condition of the County could stand. This idea was dropped. A suggestion was made that all employees be given a half day off each week. In the opinion of most members of the Board the County would realize as much benefit from 5½ days work as they would from six days. It was the belief of most members that each of the employees knowing that they were to quit work at Noon on Saturday would put forth enough extra effort during the 5½ days to compensate for the time that he was off on Saturday Afternoon. After a thorough discussion of this it was decided to defer action on this matter at least until the next regular meeting of the Board.

The overall program of road construction for the season of 1956 was discussed at great length by the members of the Board. The general plan of the order in which different projects would be worked was discussed and agreed upon by the members of the Board. A report was made by the Chairman of the Board concerning the money being spent in Limestone County by the State and Federal Governments. As of this date we all agree that the State and Federal Governments have been very liberal with us in their spending of money in the County with but a minimum of cost accruing to the County.

MINUTES, BOARD OF REVENUE, JULY 2nd, 1956

The Board of Revenue of Limestone County, Alabama met in regular meeting at the Courthouse in Athens, Alabama on July 2nd, 1956 at 10:30 A.M., the first Monday in said month. The following were present: A. L. Spence, Chairman, and the following members of the Board: Messers Walter A. Dorning, Mahlon A. LeCroix, Charles E. Leopard and Grady McLemore. Absent None. Mr. Spence, Chairman of the Board, presided as Chairman of the meeting. A quorum present, declared the meeting open for the transaction for business. The minutes of the preceding meeting were read and approved.

A general discussion was had by the Board concerning the distribution of Surplus Commodities. The Limestone County Fair Association has given notice that we must remove all commodities from the Warehouse under the Grandstand in the Fairgrounds some time in the first half of the month of August in order that they will have sufficient time to make all necessary repairs for the date set for the Limestone County Fair early in the month of September 1956. This storage space is the only available space that could be obtained without a great cost to the County. After much discussion of the program and the welfare of the people of the County, it was unanimously agreed that soon after the August distribution there would be cotton picking that most of the recipients of Commodities could engage in and in this manner they would be able to make enough to live on at least for a few months. In view of these facts it was decided that the distribution of Surplus Commodities would be suspended until such time as action is taken by the Board to again undertake the distribution of Surplus Commodities.

Commodities

Much discussion was had by the Board concerning the way in which the Citizens of the County are damaging the existing roads of the County. There are several ways in which they are doing harm to the roads. On some roads that have shallow ditches, farmers are coming out into the road to turn their tractors around. This is a very bad practice in that dirt is pulled out on to the gravel, wheels and plows dig out holes causing water to collect and this soon becomes a very bad place in the gravel surface and in some cases they even dig out holes in black top roads. Another very bad habit practiced by some farmers is moving steel wheel plows and other steel wheel vehicles over our black top roads. Sharp steel wheels do an enormous amount of damage each year to our surfaced roads. These wheels will mark the surface with an indentation that is deep enough to hold water and this freezes and starts the surface to cracking and we have failures years ahead of what we would have had these wheels not marked the surface. Another practice some of our people is the terrible habit they have of dumping trash along the sides of our roads. Not only is this a very unsightly thing along our roads, it is also very unhealthy. Garbage and trash of all kinds dumped along the roads will tend to stop up ditches, pipe lines, etc. and in many cases this trash dumped along the roads will be carried by flood waters down to someones farm lower down and be scattered over his fields. These are some very serious problems that do not seem to have a good solution in so far as we have been able to find.

The Board feels that since July 4th is a National Holiday and some of the employees wish to have this as a holiday that all County operations should be shut down in observance of the Holiday.

Mr. James M. Newby, Tax Assessor for Limestone County, came before the Board concerning the tax exemption granted unto the Athco Inc. The following motion was offered by member Mahlon A. LeCroix and seconded by member Charles E. Leopard.

Moved that the State National Bank of Athens, Alabama be designated as depository for Leonard W. Moyers, Tax Collector-Limestone County, for the remainder of the year 1956.

Mr. John Roseck, Superintendent of the Tennessee Valley Substation at Belle Mina, came before the Board concerning the improvement of the roads within the bounds of the Substation. The Alabama State Highway Director has agreed that if the County will place the base on said roads and pave them with a double bituminous treatment, that the State Highway Department would then reimburse the County for the placing of the bituminous treatment. A discussion was had by the Board regarding this work and it was agreed that at such time as the Board has the time for this work that all the roads on the West Side of the Mooresville and Elkton Road would be so improved.

A. L. Spence, Chairman

MINUTES, BOARD OF REVENUE, AUGUST 6, 1956

The Board of Revenue of Limestone County, Alabama met in regular meeting at the Courthouse in Athens, Alabama on August 6th, 1956 at 10:30 A.M., the first Monday in said month. The following were present: A. L. Spence, Chairman and the following members of the Board: Messers Mahlon A. LeCroix, Charles E. Leopard, and Grady J. McLemore. Absent-Walter A. Dorning. Mr. Spence, Chairman of the Board, presided as Chairman of the meeting. A quorum present, declared the meeting open for the transaction for business. The minutes of the preceding meeting were read and approved.

A small delegation of citizens from a community southeast of Ardmore, Alabama, came before the Board with a request that road running east and west in front of the Broadwater property be widened and paved by the County. Mr. Dorning, the Board member being absent on account of illness, the delegation was asked to appear at a later meeting of the Board or that the request would be presented to Mr. Dorning at such time as he was able to resume his duties by the Chairman of the Board.

The question of adjusting some of the wages being paid to the different employees of the County was discussed at much length by the members of the Board present. Due to the very large volume of work that is now in operation or that will be in operation in a very short time the demand for engineering personnell, operators and even labor is going to be very difficult to retain. In the opinion of the Board some provision is going to have to be made in the County pay scale to insure that we will be able to retain sufficient personnell to carry on the county operations.

Prices having been secured from various dealers on a small industrial tractors the offer of Killen Tractor Co. was the best offer received.

The following motion was offered by member Grady J. McLemore and seconded by Member Walter A. Dorning.

Moved that the bids as follows on Two Ford Industrial Tractors be accepted.

1-New Ford Tractor W/Bumper and SunTop	\$1950.00
1-New Side Mounted Mower	385.00
	<u>\$2335.00</u>
Less Used Tractor and Mower	835.00
Net	<u>\$1500.00</u>
1-New Ford Tractor W/Bumper and SunTop	\$1950.00
1-New Danuser Post Hole Digger	255.00
1-New Ford Rotary Cutter	385.00
	<u>\$2590.00</u>
Less \$150.00 Discount	150.00
	<u>\$2440.00</u>

A vote was taken with all members voting aye whereupon the motion was declared adopted.

Mr. Dorning, the Board member concerned, discussed this proposition with the delegation and explained to them that in order for such a road to be of any great value, a bridge would have to be constructed across Piney Creek which would involve quite a large sum of money. After this discussion Mr. Dorning stated that he could not justify the expenditure of this amount at present but would keep this road in mind and at such time as it was possible would undertake to improve same.

The following resolution was offered by member Mahlon A. LeCroix and seconded by member Charles E. Leopard:

The following resolution was offered by Member Mahlon A. LeCroix and seconded by Member Charles E. Leopard:

WHEREAS, Limestone County and the City of Athens jointly own Lot 3 of Block 67 according to the 1914 Map of the City of Athens, and,

BE IT FURTHER RESOLVED, that in the event a good supply of water is obtained in said well, that the Board of Revenue will then execute a quit claim deed to the above described tract.

A vote was taken with all members voting aye, whereupon the resolution was declared adopted.

Mr. Eugene Atkins came before the Board asking Mr. Dorning to do some work on the State Line Road east of Veto, Alabama. Mr. Dorning assured him that he would help the Giles County, Tennessee Road Department do some work on this State Line Road. The minutes of the preceding meeting were read and approved.

A general discussion of the budget for the year 1956-1957 washad by the Board. The Chairman of the Board was instructed to proceed to make the budget along the same general lines as it was adopted for the year 1955-1956.

The following letter was presented to the Board by the Chairman:

COOPERATIVE EXTENSION WORK
IN
AGRICULTURE AND HOME ECONOMICS

Auburn
September 15, 1956

Mr. Arthur L. Spence, Chairman
Limestone County Board of Revenue
Athens, Alabama

Dear Mr. Spence:

You and your Board will no doubt be working on your budget for the fiscal year beginning October 1, 1956. There is a possibility that we may be able to offer your county an additional worker in connection with a new phase of our program, Farm and Home Development. This is contingent on an offer we have already made to another county being executed.

May I ask that you and your Board grant us an increase of \$900 per year, to be used to pay part of the salary of this worker in case this work is put on in your county. If, however, we are not able to place this worker in your county this year, we would like to ask that you grant us an increase in our appropriation in the amount of \$900 to be used in salary adjustments. May I make it clear, however, that we are not asking your Board for \$1800, but we are asking for the \$900 to be used first for the new worker and, secondly, if the new worker is not put on this amount be granted for salary adjustments.

In case you can grant our request for the increase, we recommend the following breakdown on an annual basis.

County Agent, Mr. Agee.....	\$180
Asst. Co. Agt., Mr. Kelley.....	120
Asst. Co. Agt., Mr. Morrow.....	120
Home Agent, Mrs. Lindsey.....	120
Asst. HD Agent, Mrs. Walker.....	120
Secretary, Mrs. Lindsey.....	120
Secretary, Mrs. Corder.....	120
TOTAL	\$900

It is always a pleasure for us to work with your Board; we know that you have the entire interest of your county at heart. We feel that we have an outstanding group of workers and will greatly appreciate your consideration in the above matter.

Sincerely yours,

/s/ L. L. Self

After the reading of this letter it was thoroughly discussed by all members of the Board and the Chairman of the Board was authorized and directed to write Mr. Self the following letter.

September 18, 1956

Mr. L. L. Self
District Agent
Alabama Extension Service
Auburn, Alabama

Dear Mr. Self:

Received confirmation of your request for additional appropriation in yesterdays mail. The Board in regular session went into a thorough discussion of your request and came up with the following unanimous opinion.

The Limestone County Board of Revenue have on their monthly payroll more than 100 persons. Approximately 70 to 75 percent of these people are on an hourly basis. In order to keep the work going and get the most out of each dollar that is spent by the County, we must of necessity pay a very low hourly rate. To be perfectly frank I do not see how they live on what they are paid. We believe that if it is all possible to give anyone more money that these are the ones that should be given an increase in wages in order that they may be able to get the bare necessities of life.

MINUTES, BOARD OF REVENUE, SEPTEMBER 17th, 1956

Due to the above facts that are very evident to us we are forced to reject your proposal for either an additional worker or salary adjustments.

Yours very truly,

/s/ A. L. Spence

MINUTES, BOARD OF REVENUE, OCTOBER 1st, 1956

The Board of Revenue of Limestone County, Alabama met in regular meeting at the Court-house in Athens, Alabama on October 1st, 1956 at 10:30 A.M., the first Monday in said month. The following were present: A. L. Spence, Chairman and the following members of the Board: Messers Walter Dorning, Mahlon A. LeCroix, and Grady J. McLemore. Absent-Charles E. Leopard. Mr. Spence, Chairman of the Board presided as Chairman of the meeting. A quorum present, declared the meeting open for the transaction for business. The minutes of the preceding meeting were read and approved.

Dr. L. R. Murphree met with the Board to discuss the work being done in the County by the County Health Department and also to inform the Board that he would spend one day each week as Health Officer for Lawrence County. This will not in any way affect the time allotted to Limestone County, but would mean that the Health Officers salary that is being paid in part by Limestone County would be reduced from \$350.00 per month to \$300.00 per month and the difference would be used to increase the salaries of the two nurses that are doing such an excellent job in the County. In view of all this a motion was unanimously adopted by the Board to accept the following and to approve same by signing it.

By virtue of authority vested in us by Section 15 of Title 22 of the 1940 Code of Alabama, we, the undersigned, constituting the Board of Health of Limestone County, hereby fix the salary of the Limestone County Health Officer, Dr. L. R. Murphree, at \$300.00 per month for two days a week, it being understood that Dr. Murphree may take the proportionate part of annual vacation and holidays allowed by the Merit System for County Health Work. The effective date is October 1, 1956.

This action is subject to the approval of the Limestone County Board of Revenue and by the State Health Officer and the State Committee of Public Health.

A. L. Spence
A. L. Spence, Chairman

MINUTES, BOARD OF REVENUE, NOVEMBER 5th, 1956

The Board of Revenue of Limestone County, Alabama met in regular meeting at the Courthouse in Athens, Alabama on November 5th, 1956 at 10:30 A.M., the first Monday in said month. The following were present: A. L. Spence, Chairman and the following members of the Board: Messers Walter Dorning, Charles E. Leopard, Mahlon A. LeCroix, and Grady J. McLemore. Absent None. Mr. Spence, Chairman of the Board, presided as Chairman of the meeting. A quorum present, declared the meeting open for the transaction for business. The minutes of the preceding meeting were read and approved.

The Limestone County Fair Association having offered to sell the Limestone County Fairgrounds to the City of Athens and Limestone County to be used as a Park and Recreation Center for the sum of \$46,500.00 a general discussion was had by the Board of this offer. After thoroughly discussing the matter the following motion was offered by Member Mahlon A. LeCroix and seconded by member Grady J. McLemore.

Moved that due to the financial condition of the County and the great need for so many different things for the betterment of the county that the county cannot participate in the purchase of nor the operation of a Park and Recreation Center at the Fairgrounds.

A vote was taken with all members voting aye whereupon the motion was declared adopted by the Chairman.

The Chairman of the Board having been informed that there was very good possibilities of a new industry locating in North Athens on property belonging to the L & N Railroad that would need leveling off and some paving done to make it suitable for an industrial plant. This was discussed very thoroughly by the Board and it was unanimously agreed that in order to promote the location of industry within the County, the Board of Revenue can well afford to do this work. MINUTES, BOARD OF REVENUE, FEBRUARY 4th, 1957

The Board of Revenue of Limestone County, Alabama met in regular meeting in the Courthouse in Athens, Alabama on February 4th, 1957 at 10:30 A.M., the first Monday in said month. The following were present: A. L. Spence, Chairman and the following members of the Board: Messers Walter Dorning, Grady Holland, Mahlon A. LeCroix and Grady J. McLemore. Absent none. Mr. Spence, Chairman of the Board, presided as Chairman of the meeting. A quorum present, declared the meeting open for the transaction for business. The minutes of the preceding meeting were read and approved.

A general discussion was had by all members of the Board concerning the excessive rain fall that we have had over the past several days and the damage to the County Road System. It would be almost impossible to arrive at a very accurate figure as to the damages to the roads all over the County. However, it was agreed by all that the damage was considerable.

RESOLUTION

The following resolution was offered by member Mahlon A. LeCroix and seconded by member Walter A. Dorning.

WHEREAS, A. L. Spence has tendered his resignation as County-City Director of Civil Defense, and,

WHEREAS, the City of Athens has several vehicles equipped with two way radios that are available to the Mayor at all times, and,

WHEREAS, we feel that the Hon. A. W. Stewart would make an excellent Civil Defense Director.

NOW THEREFORE BE IT RESOLVED, that Hon. A. W. Stewart, Mayor, City of Athens be and he hereby is appointed as County Director of Civil Defense for Limestone County.

BE IT FURTHER RESOLVED, that a copy of this resolution be sent Mr. Stewart also, a copy to Mr. William Smith with a request that the City also appoint Mayor Stewart as Civil Defense Director for the City.

A vote was taken with all members voting aye whereupon the resolution was declared adopted by the Chairman.

The Board discussed the sale of the twenty-(20) acres of land that was acquired by the County in about 1902 as a "Pest Farm". Mr. J. E. Beasley has inquired as to the amount that would be asked for the twenty (20) acres. After a considerable discussion and comparison of prices of several tracts of land it was unanimously agreed that the twenty (20) acres involved should bring at least \$100.00 per acre. The Chairman of the Board was instructed to so advise Mr. Beasley and if he would give this for the land to proceed with necessary steps to make a deed to him from the County.

MINUTES, BOARD OF REVENUE, FEBRUARY 18th, 1957

The Board of Revenue of Limestone County, Alabama met in regular meeting in the Court-house in Athens, Alabama on February 18th, 1957 at 10:30 A.M., the third Monday in said month. The following were present: A. L. Spence, Chairman and the following members of the Board: Messers Walter Dornig, Grady Holland, Mahlon A. LeCroix, and Grady J. McLemore. Absent None. Mr. Spence, Chairman of the Board, presided as Chairman of the Meeting. A quorum present, declared the meeting open for the transaction for business. The minutes of the preceding meeting were read and approved.

A very lengthy discussion was had by the Board concerning the installation of 2-Way radios on some of the County vehicles. After considering the cost of installation of such units and the maintenance of these units it was unanimously agreed by the Board that the benefits derived from having radio communications on County Vehicles would not be worth what it would cost to install and maintain such units. This matter was indefinitely postponed without any further action.

The following motion was made by member Mahlon A. LeCroix and seconded by member Grady Holland.

Moved that County Taxes be and they hereby are levied as follows for the Tax Year 1956-57.

General Purpose	5 Mills
Public Building	2½ Mills
Hospital	2 Mills
County-wide School Tax	3 Mills
Special School Tax	1 Mill

A. L. Spence, Chairman

MINUTES, BOARD OF REVENUE, APRIL 1st, 1957

The Board of Revenue of Limestone County, Alabama met in regular meeting in the Courthouse in Athens, Alabama on April 1st, 1957, at 10:30 A.M., the first Monday in said month. The following were present: A. L. Spence, Chairman and the following members of the Board: Messers Walter Dorning, Grady Holland, Mahlon A. LeCroix and Grady J. McLeMore. Absent None. Mr. Spence, Chairman of the Board, presided as Chairman of the meeting. A quorum present, declared the meeting open for the transaction for business. The minutes of the preceding meeting were read and approved.

The following motion was made by member Mahlon A. LeCroix and seconded by member Walter A. Dorning.

Moved that the old 2T-55 Payscraper used on State Aid work be traded for a new scraper since we are having considerable trouble with the old one.

Moved further that since the offer of Tractor and Equipment Co. is the best offer obtained that it be accepted as follows:

1 - New Model 2T-55 Payscraper Equipped with Sideboards and Mounted on 21:00 X 25 - 20 Ply Tires	\$ 33,500.00
Less Old Payscraper	13,000.00
NET DIFFERENCE	\$ 20,500.00

Moved further that the Chairman of the Board be and he hereby is authorized and directed to sign an approved claim for the above amount payable in 36 equal monthly installments beginning June 12th, 1957 with interest at 4½% from April 3rd, 1957.

A vote was taken with all members voting aye whereupon the motion was declared adopted.

Mr. F. P. Lamon from Universal Concrete Pipe met with the Board to discuss the possibility of the County using a few hundred feet of No. 2 reinforced 18" reinforced concrete pipe. At this price he was assured that we would approximately 300 feet of this pipe.

Much discussion was had by the Board concerning the Fire and Lightning Insurance on the County Courthouse. At the present time we have \$130,000.00 of Fire and Lightning and \$125,000.00 of Windstorm and Hail. Only \$20,000 of the \$120,000.00 has extended coverage on the policies. On the contents of the Courthouse we only have \$2,500.00 of Fire and Lightning Insurance. On the Boiler at the Courthouse and the Jail and the gas fired water heater at the home of the Sheriff is not covered by Boiler Insurance at all. All of the above policies carry the 80% Co-Insurance clause. ✓

After this situation was made clear to the Board by the Chairman the following resolution was offered by member Mahlon A. LeCroix and seconded by member Grady Holland.

Whereas, after a careful study of the Insurance on the Limestone County Courthouse it was found to be lacking in several respects from what it should be, and,

Whereas, we believe that steps should be taken to relieve this situation.

Now, therefore be it Resolved, that the Chairman of the Board be and he hereby is authorized to procure at least \$70,000.00 more Fire and Lightning Insurance with extended coverage. At least \$50,000.00 of Boiler Insurance Co. on the Boiler at the Courthouse and Jail and the gas fired water heater at the Sheriff's house. Also have extended coverage added to the \$110,000.00 policies which do not have it and cancel the \$125,000.00 of windstorm and hail policy. Secure \$18,500.00 more insurance on the contents of the Courthouse.

Be It Further Resolved, that enough money be appropriated from the General Fund to pay the premiums on the above from monies not otherwise appropriated.

A vote was taken with all members voting aye whereupon the resolution was declared adopted by the Chairman.

Hon. M. C. Freeman came before the Board asking that \$150.00 be appropriated for a page ad in the catalog advertising the Limestone County Horse Show. The following motion was offered by member Grady J. McLeMore and seconded by member Mahlon A. LeCroix.

Moved that an appropriation of \$150.00 be made to the Sportsman Club of Limestone County for a one page ad in their Horse Show Catalog since this Catalog will be distributed over several states as well as locally and will do much to promote the interests of the County that could possibly have far reaching effects on the future of the County.

A vote was taken with all members voting aye whereupon the motion was declared adopted by the Chairman.

A. L. Spence, Chairman

MINUTES, BOARD OF REVENUE, APRIL 15th, 1957

The Board of Revenue of Limestone County, Alabama met in regular meeting in the Courthouse in Athens, Alabama on April 15th, 1957 at 10:30 A.M., the third Monday in said month. The following were present: A. L. Spence, Chairman and the following members of the Board: Messers Walter Dorning, Grady Holland, Mahlon A. LeCroix and Grady J. McLemore. Absent None. Mr. Spence, Chairman of the Board, presided as Chairman of the meeting. A quorum present, declared the meeting open for the transaction for business. The minutes of the preceding meeting were read and approved.

A general discussion of the road situation in the county was had by the Board. Due to the excessive rainfall in the county during the first three months of the year we are late in getting our construction work started and we also have very heavy maintenance that is due to the heavy rainfall. In view of this it was agreed by the Board that the paving of the several roads which have all base material already in place would be done just as early as we can possibly get them. The grading and temporary surface on roads under SACP program for this year will be pushed along as rapidly as possible. The bridges and approaches under FAS Program will be delayed until late in the year.

Article VII The County hereby assumes the obligation of perpetual maintenance of the project beginning on the date same is completed and accepted by the State Highway Department. Such maintenance shall preserve the riding surface and typical section of the roadway by means of systematic routine and periodic repair, the nurture and replacement when necessary of grass, and, ditch checks, or other devices for prevention of erosion, the protection of inflammable structures from fire, and maintaining the inlet and outlet ditches to drainage structures in such condition that the said structures may function properly at all times. The County agrees that failure on its part to maintain the project in condition satisfactory to the State Highway Department shall be cause for said State Highway Department to defer beginning a new project, until the maintenance of this project has been brought to satisfactory condition.

In witness whereof the parties have hereunto affixed their signatures, the County on the day and year above written and the Director on the 1st day of April, 1957.

The Board was informed by the Chairman that every effort had been made to secure a right of way over and across lands belong to Mr. Wilmer Bussey on Route SACP 1161-B without success and it is very necessary that said right of way be secured at an early date.

The following resolution was offered by member Mahlon A. LeCroix and seconded by member Walter A. Dorning.

Said land lying and being in the East $\frac{1}{2}$ of Section 29; T4S; R4W; Limestone County, Alabama.

MINUTES, BOARD OF REVENUE, JUNE 3rd, 1957

The Board of Revenue of Limestone County, Alabama met in regular meeting in the Courthouse in Athens, Alabama, on June 3rd, 1957 at 10:30 A.M., the first Monday in said month. The following were present: A. L. Spence, Chairman and the following members of the Board: Messers Walter Dornig, Grady Holland, Mahlon A. LeCroix, and Grady J. McLemore. Absent None. Mr. Spence, Chairman of the Board, presided as Chairman of the meeting. A quorum present, declared the meeting open for the transaction for business. The minutes of the preceding meeting were read and approved.

Mr. Thomas G. Steele, Chairman of Executive Committee of the Athens-Limestone County Hospital Association, met with the Board. Mr. Steele discussed at length some of the long range planning of the Hospital Board. He informed the Board of Revenue that there were some things in the way of repair and maintenance on the hospital that needed immediate attention. Mr. Steele also discussed the finances of the hospital and the advisability of taking some of the surplus collected from the two (2) mill hospital tax above that is necessary to retire current bonds and interest and spending this money on the repair and maintenance of the hospital in order to keep the plant in first class state of repair. This is the idea and goal of the hospital board and the Board of Revenue fully agrees with this line of thinking.

MINUTES, BOARD OF REVENUE, JUNE 17th, 1957

The Board of Revenue of Limestone County, Alabama met in regular meeting in the Courthouse in Athens, Alabama, on June 17th, 1957 at 10:30 A.M., the third Monday in said month. The following were present: A. L. Spence, Chairman and the following members of the Board: Messers Walter Dorning, Grady Holland, Mahlon A. LeCroix, and Grady J. McLemore. Absent None. Mr. Spence, Chairman of the Board, presided as Chairman of the meeting. A quorum present, declared the meeting open for the transaction for business. The minutes of the preceding meeting were read and approved.

A discussion was had by the Board concerning a new industry to locate in the County. At a meeting some months ago it was agreed that the County would use their equipment to prepare a site for industry that would locate in the County. A contract having been let for the building of a plant in the near future the Board discussed plans for the grading equipment that would fit into our schedule of grading operations. It was decided that grading on project 1216-A would probably be completed in plenty time to do the site grading before the contractor would be ready to start building.

The following resolution was duly offered and seconded by members Holland and McLemore respectively:

WHEREAS, Tennessee Valley Authority has offered Limestone County and the City of Athens a lease on a area around Elk River Mills to be developed for recreational purposes, and,

WHEREAS, the City of Athens has rejected such offer.

NOW THEREFORE BE IT RESOLVED, that realizing the advantages to be derived by the general public from such a project that the Board of Revenue of Limestone County make application to the Tennessee Valley Authority for such lease and they are hereby making such application.

BE IT FURTHER RESOLVED, that a copy of this resolution be forwarded to Mr. D. O. Dugger, Manager of TVA Properties of this area, with the request that he advise further as to the necessary steps to be taken to complete this transaction.

Upon the taking of a vote it was found that all members voted aye whereupon the resolution was declared adopted.

Mrs. Bertha Lee Johnston, keeper of the Ladies Rest Rooms in the Courthouse, has requested that she be allowed Saturday off with the County paying an extra keeper for this day. Mrs. Johnston is being paid \$1200.00 per year which is the limit that she can earn and still be eligible for Social Security Benefits. Instead of asking for an increase in pay she is requesting Saturdays off.

In view of the above the following motion was made by member Mahlon A. LeCroix and seconded by member Grady J. McLemore.

Moved that the request of Mrs. Johnston be denied in that several ladies would greatly appreciate her job as it now stands that are not drawing any Social Security or other benefits.

Upon the taking of a vote it was found that all members voted aye whereupon the motion was declared adopted by the Chairman

MINUTES, BOARD OF REVENUE, JULY 15th, 1957

The Board of Revenue of Limestone County, Alabama met in regular meeting in the Courthouse in Athens, Alabama, on July 15th, 1957 at 10:30 A.M., the third Monday in said month. The following were present: A. L. Spence, Chairman and the following members of the Board: Messers Walter Dorning, Grady Holland, Mahlon A. LeCroix and Grady J. McLemore. Absent None. Mr. Spence, Chairman of the Board presided as Chairman of the meeting. A quorum present, declared the meeting open for the transaction for business. The minutes of the preceding meeting were read and approved.

Mr. H. C. Mabry, County Engineer, met with the Board to discuss the SACP Program for the year 1957-58. After much discussion the following work was outlined as a goal for the year.

The roads to be graded, drained and have a temporary surface placed were as follows:

1. County Line Road From SACP 1137 North 1.2 Miles.
2. Road West from Pinedale to New U. S. 31 at Holland's Gin.
3. Road from State Route 127 at Morris Gin to Spencers Store.
4. Road running East and West from point approximately $\frac{1}{2}$ mile North of Cross Key to Buck Is. Rd.
5. Road from Davis Store to Temperance Oak Church.
6. Road beginning at Bethel School on Mooresville Road running East 1 Mi. thence North to U.S. 72.

One Road to be Graded, Drained, Based and Paved as follows:

1. Road leading South from Burgreen's Gin to the Madison-Limestone County Line.

The following roads to be based and paved:

1. From new U.S. 31 East by Thach to old U. S. 31.
2. From old U.S. 31 at Pisgah East to the Madison-Limestone County Line.
3. From Elk River Mills to Lentzville.
4. From Brown's Ferry Road at Reid to the Lucas Ferry Road.
5. From Lucas Ferry Road in Southeasterly direction by Harris to old U.S. 31 at Laughmiller's Store.

The road from old U.S. 31 at Laughmiller's Store East to Belle Mina depends upon the action taken by the State Highway Department. The Highway Director Mr. Nelson, agreed some months ago to appropriate \$50,000.00 to the construction of this road and in addition to the \$50,000.00 he would bear half the cost of the project over and above the \$50,000.00 appropriation. Mr. Nelson was advised by the Chairman of the Board that the County would participate in this project along that basis. As of this date we do not have any agreement or anything in writing concerning this offer. It is a well understood fact that the Board of Revenue cannot undertake this project without such help from the State. Said project being one that will involve extra heavy per mile cost due to the Bridge across Piney Creek and the heavy fill that will be required across the Piney Creek Bottom.

All the above will involve more money than will be available for the year, however, it is planned to go ahead with the entire program just as soon as it is possible to do so.

MINUTES, BOARD OF REVENUE, AUGUST 5th, 1957

The Board of Revenue of Limestone County, Alabama met in regular meeting in the Courthouse in Athens, Alabama, on August 5th, 1957 at 10:30 A.M., the first Monday in said month. The following were present: A. L. Spence, Chairman and the following members of the Board: Messers Walter Dorning, Grady Holland, Mahlon A. LeCroix and Grady J. McLemore. Absent None. Mr. Spence, Chairman of the Board presided as Chairman of the meeting. A quorum present, declared the meeting open for the transaction of business. The minutes of the preceding meeting were read and approved.

Mr. John G. Gamble met with the Board with a complaint that by the reconstructing of the Huntsville-Brownsferry Road and the building of bridge over Piney Creek and relief bridges to the West of Piney Creek he was being greatly damaged from water. A very lengthy discussion was had concerning this and member LeCroix agreed that he would construct a 200' levee south from the east wing of relief bridge if that would satisfy the property owner. Mr. Gamble would not agree to this without looking at the situation again. He was requested to examine the sight and advise member LeCroix as to his decision. Further action was postponed until Mr. Gamble, the property owner, has reached a decision and advised Mr. LeCroix of his thoughts.

The State Association of Commissioners are meeting in Birmingham on August 15th, and 16th for their annual convention. This convention in the opinion of the Board of Revenue is a very worthwhile meeting, one of much value to all the commissioners of the various counties of the state.

In view of the above the following motion was offered by member Grady McLemore and seconded by member Grady Holland.

Moved that an amount of not more than \$200.00 be appropriated from the Gasoline Fund to reimburse the Board of Revenue for expenses incurred in attending the convention in Birmingham August 15th and 16th, 1957.

A vote was taken with all members voting aye whereupon the motion was declared adopted.

COOPERATIVE EXTENSION WORK

IN

AGRICULTURE AND HOME ECONOMICS
STATE OF ALABAMAAuburn
September 9, 1957

Hon. Arthur Spence, Chairman
Limestone County Board of Revenue
Athens, Alabama

Dear Mr. Spence:

I think our workers in Limestone County are doing a splendid job in connection with the entire farm program in the county. They are, as you know, having trouble with the cost of living continuing to increase.

I realize that in the past you have had some problems which prevented your increasing the appropriation only \$780 in the last 5-year period. We do, however, hope that you and your Board can increase our appropriation in the amount of \$1200 per year effective October 1.

If you can give this increase I suggest that it be allocated as follows:

County Agent.....	\$240
Home Agent.....	240
Asst. County Agent, Morrow.....	240
Secretary, Corder.....	240
Secretary, Lindsey.....	240
TOTAL	\$1200

The other two workers are new and I would not suggest an increase for them at this time.

I assure you that we will highly appreciate your favorable consideration in this matter.

Sincerely yours,

/s/ L. L. Self

Each member then stated that they had been contacted by County Agent, Mr. Agee, or by some citizen that he had requested to contact the members in regard to the increase in appropriation for the County Extension Service. After a very lengthy discussion by the Board members the following motion was offered by member Mahlon A. LeCroix and seconded by member Walter A. Dornig.

Moved that in view of the fact that the extension workers have had three increases since October 1st, 1951 and also the fact that the General Fund of the County is at a very low balance that this increase be denied at this time.

Moved further that the Chairman of the Board be and he hereby is authorized and directed to write Mr. L. L. Self, sending copy to Mr. Agee, calling attention to the three (3) increases that have been granted by the Board to the Extension Workers in the County since October 1st, 1951 and informing them that the present request for \$1200 is denied by the Board.

A. L. Spence, Chairman

MINUTES, BOARD OF REVENUE, OCTOBER 21st, 1957

The Board of Revenue of Limestone County met in regular meeting in the Courthouse in Athens, Alabama, on October 21st, 1957 at 10:30 A.M., the third Monday in said month. The following were present: A. L. Spence, Chairman and the following members of the Board: Messers Walter Dorning, Grady Holland, Mahlon A. LeCroix and Grady J. McLemore. Absent none. Mr. Spence, Chairman of the Board presided as Chairman of the meeting. A quorum present, declared the meeting open for the transaction for business. The minutes of the preceeding meeting were read and approved.

The Forestry Division of the Alabama State Department of Conservation having requested an appropriation of \$600.00 for the fiscal year 1957-58 the following resolution was offered by member Mahlon A. LeCroix and seconded by member Grady J. McLemore.

WHEREAS, the forestry service is soind considerable work in the making of timber, prevention of Forest Fires and other related work, and,

WHEREAS, for the past fiscal year there was not any appropriation paid the forestry service.

NOW THEREFORE BE IT RESOLVED, that the sum of \$600.00 be appropriated and paid to the forestry service for the fiscal year 1957-58.

A vote was taken with all members voting aye whereupon the motion was declared adopted by the Chairman of the Board.

A general discussion was had by the members of the Board concerning the Welfare of the employees of the County which are paid by the hour. The hourly rate of County Employees is so low that during the winter months each year when they are losing time it is very hard for some of them to have the very bare necessities of life without going in debt. It was agreed unanimously by the Board that for the benefit of the employees that we would vary from the practice of cutting them to nine (9) hours per day. Beginning November 1st, 1957 there will be no more Saturday Afternoons off. All employees will work as many hours as can be worked each day and will be paid for ten hours each day that they work. All this is with the distinct understanding that the same hourly rates will prevail on through the work season next summer. This we believe will make it much easier for the hourly employees to live on the small amount that the County can afford to pay them.

The Board after hearing from the Chairman a report from a representative of the State Department of Pensions and Security regarding surplus commodities unanimously agreed that the County would again undertake the distribution of commodities to the needy people of the County since it is very evident that due to the crop shortage the need is going to be very great.

The minutes of the preceding meeting were read and approved.

A delegation of Citizens met with the Board concerning an appropriation for the establishment of a regional library including Morgan and Limestone Counties. Mrs. Elizabeth Parks Beamguard, Field Representative of the State Library Service went into much detail about the organization and operation of a regional library. The Board of Revenue and Control of Morgan County having appropriated 2/3 of the amount requested of them, it was decided that the program would only be in operation for 2/3 of the current fiscal year. On this basis the Library Committee only asked for 2/3 of the annual appropriation from the Limestone County Board of Revenue. Mrs. Beamguard and the Library Committee were assured that the Board would seriously consider their request and advise them as to their action. A very thorough discussion was had by the Board concerning the establishment and operation of a regional library after which the following resolution was duly adopted.

WHEREAS, the Alabama State Public Library Service has offered to participate in the establishment of a Regional Library for Limestone and Morgan Counties, and

WHEREAS, the general fund of the County will not allow the appropriation of all the money necessary for the establishment of the regional library, and

WHEREAS, the Board of Revenue desires to go just as far as possible to help with this program.

Proceeds from said tax to be used solely for Library Services for the County.

Upon the taking of a vote it was found that all members voted aye whereupon the resolution was declared adopted by the Chairman.

A discussion was had by the Board concerning the payment of dues to the Association of County Commissioners of Alabama and the benefits to be derived from being a member of the State Association. The following was then unanimously adopted.

After a thorough discussion by all members the following resolution was offered by member Mahlon A. LeCroix and seconded by member Grady J. McLemore.

RESOLUTION

WHEREAS, Winston S. Garth, Jr., has filed for record in the Probate Office of Limestone County, Alabama a map or plat of the Belmont Subdivision which said map or Plat was filed for record on April 30, 1957 and recorded in Plat Book "B" Page 38.

WHEREAS, the lands embraced within the boundaries of said subdivision lie within Limestone County, Alabama, and

WHEREAS, it is the desire of the Board of Revenue of Limestone County, Alabama to accept the dedication of the streets shown on the Map or Plat of the Belmont Subdivision and provide for the maintenance and drainage of such streets.

NOW THEREFORE BE IT RESOLVED, by the Board of Revenue of Limestone County, Alabama that all of the streets shown on recorded plat of the Belmont Subdivision be and they hereby are accepted and dedicated to the public use, and,

The Rock Crushing operation of the County was discussed at length by the Board due to the scarcity of sand binder in the County a very large tonnage of Limestone dust is needed. The crusher as it is now set up will not produce this binder material in sufficient quantities. Tractor and Equipment Co. are agents for the manufacturer of crushing equipment that will fit into our crushing operation very well. It was decided by the Board that it would be economical to purchase a small Impactor complete with electric motor.

The following motion was offered by member Walter A. Dorning and seconded by member Grady J. McLemore.

Moved that a New Impactor Crusher complete with 20 H.P. Electric Motor be purchased from Tractor and Equipment Co.

A. L. Spence, Chairman

MINUTES, BOARD OF REVENUE, JANUARY 20th, 1958

The Board of Revenue of Limestone County met in regular meeting in the Courthouse in Athens, Alabama on January 20th, 1958 at 10:30 A.M., the third Monday in said month. The following were present: A. L. Spence, Chairman and the following members of the Board: Messers Walter Dorning, Grady Holland, Mahlon A. LeCroix and Grady J. McLemore. Absent None. Mr. Spence, Chairman of the Board, presided as Chairman of the meeting. A quorum present, declared the meeting open for the transaction for business. The minutes of the preceding meeting were read and approved.

A meeting of the Pryor Field Airport Board was called for January 15, 1958 at Decatur. The Chairman of the Board of Revenue attended this meeting and the much needed paving of taxiways and the construction of a fence to prevent pedestrians from walking too close to airplanes was discussed at great length. Also the possibilities of obtaining airline services was discussed. The prospects of obtaining this airline service are very good in the near future. Each municipality was requested to appropriate their share to match State and Federal Grants to carry out improvements amounting to a total of \$60,000.00. Limestone County's Share of this project amounts to \$1,875.00. The Chairman of the Board informed the members of all this and after a discussion by the members the following action was taken.

The following motion was offered by member Mahlon A. LeCroix and seconded by member Grady J. McLemore,

Moved that the sum of \$1875.00 be and it hereby is appropriated from the General Fund for the improvement of Pryor Field Airport when Federal and State Funds are made available for said improvement.

A vote was taken with all members voting aye whereupon the motion was declared adopted.

A general discussion was had by the Board concerning the roof on the Courthouse. The tile roof that is on the courthouse is in very bad condition and some of the framework supporting the roof is also in poor condition. Not knowing what the best thing to do to correct this situation it was decided that the Chairman of the Board should contact some roof expert and get advice as to the most economical solution to this problem. It was also agreed that it would only be a waste of funds to continue to replace the plaster that has fallen due to the leaking roof. It was felt that this should be delayed until such time as the roof situation is corrected before replacing the fallen plaster.

MINUTES, BOARD OF REVENUE, FEBRUARY 3rd, 1958

The Board of Revenue of Limestone County met in regular meeting in the Courthouse in Athens, Alabama on February 3rd, 1958 at 10:30 A.M., the first Monday in said month. The following were present: A. L. Spence, Chairman and the following members of the Board: Messers Walter Dorning, Grady Holland, Mahlon A. LeCroix, and Grady J. McLemore. Absent: None. Mr. Spence, Chairman of the Board, presided as Chairman of the meeting. A quorum present, declared the meeting open for the transaction for business. The minutes of the preceding meeting were read and approved.

The sliding doors at the Limestone County Jail are in need of repair. A letter was written to the Paul Jail Building Company at St. Louis, Missouri requesting a quotation on overhauling the doors and the control box. The Pauly Co. quoted a price of \$1153.00 for three (3) doors and one (1) control box. Since there are six (6) doors and two (2) control boxes the total cost would be some \$2300.00 which we do not believe we would be justified to spend at this time since there is a possibility that due to recent legislature acts we may be forced within the near future to construct a larger County Jail.

During the past several weeks there has been much talk of our National Congress enacting laws that would eliminate some of the National Guard Units in Alabama. After much discussion of this proposed legislation the following resolution was introduced and unanimously adopted by the Board.

WHEREAS, there is now a plan being studied in Congress whereby a portion of the National Guard Units in Alabama would be abolished, and,

WHEREAS, the unit at Athens has been mentioned as one that would probably be abolished, and,

WHEREAS, in our opinion the National Guard Unit at Athens is of great value to the County as well as the surrounding territory.

NOW THEREFORE BE IT RESOLVED, that the Limestone County Board of Revenue go on record as being bitterly opposed to any plan that would abolish any National Guard Units in the State of Alabama.

BE IT FURTHER RESOLVED that a copy of this resolution be forwarded to the Hon. John Sparkman, Senator and Hon. Robert E. (Bob) Jones, Congressman from this District.

TO WHOM IT MAY CONCERN:

Permission is hereby granted for Mr. Cooper L. Frazier to locate an irrigation pump on County right of way approximately 1/4 mile East of White's Crossing on County Road No. 12. Also, to locate irrigation lines on the right of way from the pump location eastward for approximately 1/4 mile. Mr. Frazier is not to obstruct and ingress or egress outlets or in any way create any condition hazardous to the public.

LIMESTONE COUNTY BOARD OF REVENUE

By /s/ A. L. Spence
A. L. Spence, Chairman

The above was read to the Board and after much discussion a motion was made by member Grady Holland and seconded by member Walter A. Dorning that two (2) copies of said letter be mailed to Mr. Cooper Frazier to present to the Farm Security Administration in order that Mr. Frazier could secure a loan from them.

A vote was taken with all members voting aye whereupon the motion was declared adopted.

MINUTES, BOARD OF REVENUE, FEBRUARY 17th, 1958

The Board of Revenue of Limestone County met in regular meeting in the Courthouse in Athens, Alabama on February 17th, 1958 at 10:30 A.M., the third Monday in said month. The following were present: A. L. Spence, Chairman and the following members of the Board: Messers Walter Dorning, Grady Holland, and Grady J. McLemore. Member Mahlon LeGrosix being absent due to illness. Mr. Spence, Chairman of the Board, presided as Chairman of the meeting. A quorum present, declared the meeting open for the transaction for business. The minutes of the preceding meeting were read and approved.

Much discussion was had by the Board concerning the report of the Grand Jury and the recommendations made by this body.

As for the leaks in the various offices of the Courthouse we have been endeavoring for some time to get someone that can repair the roof. So far we have been unable to find anyone to do this work.

Action had already been started to remove old tile and old broken seats from the Courtroom and replace with new materials.

The idea advanced by the Grand Jury to tile all wood floors in the Courthouse in our opinion at this time is completely out of the question. The financial condition of the County is such that it makes it prohibitive to spend the amount that would be necessary to do this work without the County borrowing money to do it with. Due to recent legislation which causes a very heavy drain on the General Fund of the County without any legislation to increase the revenue of the General Fund makes it very bad policy to issue any bonds against the General Fund until such time as there is some legislation enacted for the relief of the general fund of the Counties.

The General Condition of the Courthouse cleanliness was discussed and the Janitors are to be instructed to improve this condition.

The Plumbing repairs mentioned were in the process of being repaired at the time of this report.

The Chairman of the Board informed the members of a request that he received from Mr. Agee asking that all Extension Workers in Limestone County be granted permission by the Board to close the Extension Offices all day each Saturday. Much discussion was had by the members of the Board present concerning this request. It was felt by the members of the Board that since Limestone County is an agricultural county and the county people come to Athens on Saturdays that the office should be kept open each Saturday at least until twelve o'clock in order that the County people could contact the agents on any problems confronting them in their farming activities. Also it is felt that since all other County employees who are paid comparable to Extension Service Workers have to work 5½ days each week that it is only fair to them that Extension Workers also work this same number of days each week. In view of the above the following resolution was offered, read and adopted by all the members of the Board present.

RESOLUTION

WHEREAS, Mr. Agee, The Farm Agent for Limestone County, has requested permission of the Board of Revenue to close all Extension Service Offices each Saturday all day, and,

WHEREAS, The Extension Workers of the County are paid comparable salaries to the County Employees who work 5½ days each week, and

WHEREAS, Athens is an Agricultural Town with County people coming to town on Saturday.

NOW THEREFORE BE IT RESOLVED, that the Board of Revenue recommend that the Extension Workers work the same number of days that County Office Employees work.

BE IT FURTHER RESOLVED, that the Chairman of the Board be and he hereby is authorized and directed to forward a copy of this resolution to Mr. Agee, County Agent, and Mr. L. L. Self, District Agent.

1 - New Chevrolet W/Dump Body - 2 Speed Axle and Heater	\$ 3365.00
1 - New Ford W/Dump Body - 2 Speed Axle and Heater	\$ 3295.00

The following motion was offered by member Walter A. Dorning and seconded by member Grady J. McLemore.

Moved that the offer of Kennemer Ford Sales be accepted and a new Ford Truck be purchased for the sum of \$3295.00 for use in District 4.

A vote was taken with all members voting aye whereupon the motion was declared adopted.

MINUTES, BOARD OF REVENUE, MARCH 3rd, 1958

The Board of Revenue of Limestone County met in regular meeting in the Courthouse in Athens, Alabama on March 3rd, 1958, at 10:30 A.M., the first Monday in said month. The following were present: A. L. Spence, Chairman and the following members of the Board: Messers Walter Dorning, Grady Holland, Mahlon A. LeCroix and Grady J. McLemore. Mr. Spence, Chairman of the Board, presided as Chairman of the meeting. A quorum present, declared the meeting open for the transaction for business. The minutes of the preceding meeting were read and approved.

The Board realizing that some of the seats in the Courtroom are of necessity going to have to be replaced requested Office Outfitters of Birmingham, Alabama to meet with the Board to discuss replacing of the seats. Mr. John Smith met with us and told the Board that he believed it would almost be impossible to match the seats that are now in the Courtroom. He was requested by the Board to contact manufacturers and give us a quotation on the nearest type seat available.

Mr. Rithmire, Manager of the Ritz Theatre, came before the Board and told us that he had some used theatre seats in Sheffield, Alabama that he would sell at a greatly reduced price. It was agreed that at least three of the Board would go to Sheffield on March 6th to inspect the used seats.

The following letter was received from Tennessee Valley Authority concerning the disposition of property in Limestone County.

TENNESSEE VALLEY AUTHORITY
Wilson Dam, Alabama

February 27, 1958

Mr. A. L. Spence, Chairman
Board of Revenue, Limestone County
Athens, Alabama

Dear Mr. Spence:

In view of our recent conversations with you and city officials concerning the TVA property at Elk River Mills which has been retained as a possible city or county park, our staff has made a study of the area and we are prepared to recommend to the TVA Board disposition as indicated below and as shown on the attached drawing:

We propose that areas E and H continue to be retained in TVA or other public ownership for public access purposes.

We propose to recommend that the TVA Board authorize public auction sale of the balance of the property divided into tracts for recommended uses as follows:

- Area A, approximately 34 acres, as a farm tract.
- Area B, approximately 49 acres, as a farm tract.
- Area C, Approximately 85 acres, for recreational development.
- Area D, approximately 26 acres, for recreational development.
- Area F, Approximately 1/2 acres, as a farm supplement.
- Area G, Approximately 41 acres, for a recreational development.

Before taking any further action on the matter, we would be glad to have any comments you may care to make on the proposed delineation and disposition of the property.

May we have your reply by March 7, 1958?

Very truly yours,

TENNESSEE VALLEY AUTHORITY

/s/ L. E. Reynolds

(For) D. O. Dugger
Manager of Properties
Southern Branch

After reading the above letter the Board authorized and directed the Chairman to write Tennessee Valley Authority the following letter.

March 4, 1958

Mr. D. O. Dugger
Manager of Properties
Southern Branch
Tennessee Valley Authority
Wilson Dam, Alabama

Dear Mr. Dugger:

The Board of Revenue of Limestone County agrees with the disposition of the property at Elk River Mills as outlined in your letter of February 27, 1958.

MINUTES, BOARD OF REVENUE, MARCH 3rd, 1958

Areas E and H we would very much like to see left for public access. If Tennessee Valley Authority does not care to keep it in possession the County would be glad to arrange to acquire it for the public use.

Yours very truly,

/s/ A. L. Spence

The Board of Revenue of Limestone County, met in regular meeting in the Courthouse in Athens, Alabama on April 7th, 1958 at 10:30 A.M., the first Monday in said month. The following were present: A. L. Spence, Chairman and the following members of the Board: Messers Walter Dorning, Grady Holland, Mahlon A. LeCroix, and Grady J. McLemore. Mr. Spence, Chairman of the Board, presided as Chairman of the meeting. A quorum present, declared the meeting open for the transaction for business. A large delegation from Gilbertsboro Community came before the Board in the interest of improving the road from Leggtown to Alabama 127 near Maples Bridge. Member Grady J. McLemore told them that this road would most assuredly receive his consideration and that at some time in the near future that a location of the center line would be made in order that the property owners might see just where the road would go.

Jim Deasley came before the Board requesting that an appropriation be made to take care of a page advertisement in a catalogue advertising the Limestone County Sportsman Club Annual Horseshow.

The following resolution was offered by member Mahlon A. LeCroix and seconded by member Grady Holland.

WHEREAS, the catalogue advertising the Annual Horse Show of the Limestone County Sportsman Club has an almost nationwide circulation, and,

WHEREAS, in the opinion of the Board a page advertisement in this catalogue will give Limestone County some very good advertising in several states as well as in Alabama.

NOW THEREFORE BE IT RESOLVED, that the sum of \$500.00 be and it hereby is appropriated from General Fund monies not otherwise appropriated to pay for this advertisement in the above mentioned catalog.

A vote was taken with all members voting aye whereupon the resolution was declared adopted by the Chairman.

Mr. M. W. (Buddy) Evans, Coroner for Limestone County, came before the Board asking that the Board of Revenue purchase a 2-Way Radio to be used by the Coroner of the County.

The following motion was offered by member Grady Holland and seconded by member Walter A. Dorning.

Moved that since the Coroner of Limestone County is required to investigate all unusual deaths in the County and is often found in the position of needing help almost immediately that a new 2-Way Radio be purchased for the exclusive use of the Coroner for Official Business.

A vote was taken with all members voting aye whereupon the motion was declared adopted by the Chairman.

Mr. John R. Russell came before the Board in the interest of a Civil Defense Organization in some of the communities of the County. After much discussion it was decided to study the problem further before making any appropriation for this work.

A. L. Spence Chairman

MINUTES, BOARD OF REVENUE, APRIL 21st, 1958

The Board of Revenue of Limestone County, met in regular meeting in the Courthouse in Athens, Alabama on April 21st, 1958 at 10:30 A.M., the third Monday in said month. The following were present: A. L. Spence, Chairman and the following members of the Board: Messers Walter Dorning, Grady Holland, Mahlon A. LeCroix, and Grady J. McLemore. Mr. Spence, Chairman of the Board, presided as the Chairman of the meeting. A quorum present, declared the meeting open for the transaction for business. The minutes of the preceding meeting were read and approved.

A general discussion was had by the Board concerning the freeze damage and its effect on our regular program of work for the 1958 construction season. Having been notified by the State Highway Department that the freeze damage on all SACP projects would have to be taken care of before any new SACP Projects would be released changed our plans in many details. The County had planned to repair considerable of this damage with County funds and use the SACP Funds to base and pave new jobs. After learning of the plans of the Highway Department this was changed and the County Engineer was directed to submit plans for approval of resurfacing the following roads in the County.

DISTRICT ONE

127-A	Pinedale Road	2.470 Miles
190-B	Morris Gin-Elkmont	.833 Miles
1137-C	U. S. Hwy. 31 -Elkins Rd.	1.334 Miles
	TOTAL	4.637 Miles

DISTRICT TWO

	TOTAL	16.278 Miles

DISTRICT FOUR

103 A-B-C	Elk River Mills Road	7.382 Miles

106-A	Cross Key - "itty's	1.170 Miles
105-B	New Cub Road	2.000 Miles
	TOTAL	13.052 Miles

Since this must be done before release of new projects it was agreed that new projects that were planned to be based and paved under the SACP system would be completed with County Funds in order to preserve the material we have in place on these roads.

Bids having been requested on seats to replace the old chairs in the Limestone County Courtroom the following bids were received and tabulated.

OFFICE OUTFITTERS CO.

12 Pews 15' - 1 $\frac{1}{2}$ " Long
12 Pews 16' - 8 $\frac{1}{4}$ " Long

Blemish free White Oak - \$3,906.40

DUGGER BOOK STORE

12 Pews 15' - 1 $\frac{1}{2}$ " Long
12 Pews 16' - 8 $\frac{1}{4}$ " Long

Blemish free White Oak - \$2,378.50

The following motion was offered by member Mahlon A. LeCroix and seconded by member Walter A. Dorning.

Moved that since Dugger Book Store made best bid for seating that a purchase order be issued to them for pews for the Courtroom as per above bid.

A vote was taken with all members voting aye whereupon the motion was declared adopted.

MINUTES, BOARD OF REVENUE, JUNE 23, 1958

The Board of Revenue of Limestone County, Alabama, met in adjourned regular session at the County Courthouse in Athens, Alabama, on June 23, 1958, at 10:30 o'clock, A.M. pursuant to adjournment and in continuation of the regular meeting held on June 16, 1958. The following members were present: Mr. A. L. Spence, Chairman of the Board of Revenue, and Messrs. Walter A. Dorning, Grady Holland, Mahlon A. LeCroix and Grady J. McEmore, Members of the Board of Revenue: Absent: None. Mr. Spence presided as Chairman of the meeting and, a quorum being present, declared the meeting open for the transaction of business. The minutes of the preceding meeting were read and approved.

Mr. LeCroix introduced the following resolution and order, including the preambles thereto:

The Board of Revenue of Limestone County (herein called "the board") in Limestone County (herein called "the County") in the State of Alabama (herein called "the state") has ascertained and does hereby find and declare as follows:

(a) It is desirable that the County construct and improve or aid in the construction or improvement of necessary public roads and bridges in the county. The board estimates that the total cost necessary to be paid by the county in the performance of such work will be not less than \$150,000.00 and that the life of said roads and bridges will be not less than twenty years from May 1, 1958.

(b) The County does not now have and will not have its income which will accrue prior to the end of its current fiscal year or prior to the completion of such work funds which will be sufficient and available for said purposes. The county has ascertained that it will be impossible to raise funds for such purposes in any manner other than by anticipation of the proceeds which will be received by the county in the future from the tax levied by the state under Section 647 of Title 51 of the Code of Alabama of 1940, as amended, and distributed to the County pursuant to the provisions of Sections 655 and 657 of Title 51 of said code, as amended, and any substitute for said tax and any tax levied in lieu thereof (which taxes are together herein referred to as "the state tax"). To that end and in order to provide the funds required for said purposes, it will be necessary that the county anticipate the proceeds from the state tax by the issuance of the warrants of the county hereinafter authorized, payable in installments in the future in the manner hereinafter provided.

(c) During the following fiscal years of the county it received from the state, as the county's share of the state tax, the aggregate sums respectively set opposite the years indicated in the following schedule:

<u>During the county's fiscal year ending:</u>	<u>The county received the aggregate sum of:</u>
September 30, 1953	\$308,709.58
September 30, 1954	325,119.90
September 30, 1955	347,333.24
September 30, 1956	318,439.95
September 30, 1957	353,657.58

In the opinion of the board, the aggregate amount which will be received by the county as its share of the state tax during each fiscal year of the county to and including and its fiscal year ending September 30, 1963, will be not less than the average of the said sums so received by it during its fiscal year ending in each of the years from 1953 to 1957, inclusive.

(d) There are no bonds, warrants, contracts or claims of any kind now outstanding which were issued or made by the County against, or which are payable out of, the proceeds hereafter to be received by the county from the state tax or for the payment of which such proceeds have been pledged, except:

\$60,000 principal amount of 2-1/2%
State Gasoline Tax Anticipation Warrants of the County dated May 1, 1953,
being the unpaid and outstanding portion of an issue in the original
aggregate principal amount of \$100,000 which were authorized by a resolution
and order adopted by the governing body of the county on June 23, 1953.

(e) When the warrants hereinafter ordered issued shall be so issued, they will constitute the first and only claim and lien on said proceeds which may hereafter be received by the County from the distributions made to it under said sections, except the warrants referred to in the preceding paragraph (d).

(f) During the fiscal year of the county ending September 30, 1957, it received a total of \$36,169.68 from the special 1/4 of 1% ad valorem tax levied by the county under the provisions of Section 215 of the Constitution of Alabama of 1901 for the payment of debts or liabilities created subsequent to the adoption of the said constitution for the erection of necessary public buildings, roads or bridges.

NOW, THEREFORE, it is hereby RESOLVED, ASCERTAINED, ORDERED and DECREED by the board as follows:

(1) The findings and statements set out in the foregoing paragraphs lettered from (a) to (f) inclusive, are hereby found and declared to be true and are hereby adopted as a part of this resolution and order.

(2) Pursuant to the applicable provisions of the laws of Alabama, including specifically Section 43 of Title 23 of the Code of Alabama of 1940, as amended, there are hereby authorized to be issued by the County one hundred fifty State Gasoline Tax Anticipation Warrants (herein called "the warrants") of the county aggregating \$150,000 in principal amount, to be numbered consecutively from 1 to 150, inclusive, to be in the denomination of \$1,000 each, to be dated May 1, 1958 and to mature as follows:

<u>Warrant Numbers (both inclusive)</u>	<u>Maturity Date</u>	<u>Aggregate Principal Amount Maturing</u>
1 to 25	May 1, 1960	\$25,000
26 to 50	November 1, 1960	25,000
51 to 75	May 1, 1961	25,000
76 to 100	November 1, 1961	25,000
101 to 125	May 1, 1962	25,000
126 to 150	November 1, 1962	25,000

MINUTES, BOARD OF REVENUE, June 23, 1958

The warrants shall bear interest from their date until their respective maturities at the rate of 1-3/4% per annum. Such interest shall be payable semiannually on May 1, and November 1 in each year and shall be evidenced by separate interest coupons (herein called "the coupons") attached to the warrants. The warrants and the coupons shall bear interest at the rate of 6% per annum after their respective maturities and shall be payable in lawful money of the United States of America at the principal office of the First National Bank of Mobile, Mobile, Alabama.

(3) The warrants shall be signed by the chairman of the board. The official seal of the County shall be affixed to the warrants, for which purpose the seal of the board is hereby adopted as the official seal of the county. The coupons shall bear the facsimile signature of the chairman of the board, whose facsimile signature shall be valid in all respects as if his signature had been signed to the coupons by him in person. The chairman of the board and the county depository of the county are hereby authorized and directed to register the warrants and the coupons as claims against the State Gasoline Tax Anticipation Warrant Fund of 1958 of the county hereinafter referred to, which registration shall be made simultaneously with respect to all the warrants and the coupons.

(4) There is hereby established a special fund to be known as the "State Gasoline Tax Anticipation Warrant Fund of 1958" (herein called "the special fund") for the purpose of providing for payment of the principal of and the interest on the warrants and the coupons. The special fund shall be maintained until both the principal of and the interest on the warrants shall be paid in full. There shall be paid into the special fund prior to the last day of each successive month, beginning with the month of August, 1958 the amounts respectively indicated in the following schedule:

Prior to the last day of each of the following months:

There shall be paid into the special fund the following amounts:

August, 1958, until and including October, 1958

\$ 437.50

November, 1958, until and including October, 1959

262.50

November, 1959, until and including October, 1960

4,340.11

November, 1960, until and including October, 1961

4,329.16

November, 1961, until and including October, 1962

4,204.17

In addition thereto, there shall also be paid into the special fund during each successive six months' period commencing with the period beginning November 1, 1958, and continuing until the principal of and the interest on all the warrants shall have been paid in full (but not exceeding a total of twenty years from the date of the warrants), the following amounts: (a) the amount by which all payments made into the special fund during any preceding six months' period shall be less than the amount herein required to be paid into the special fund during such preceding period; (b) the amount of all sums thereto fore paid into the special fund which shall have been lost or which are not for any reason immediately available for payment of such principal and interest; and (c) any additional sums which may be necessary to pay the principal of and the interest on the warrants as said principal and interest are herein provided to be paid.

(5) The moneys so provided to be paid into the special fund shall be paid solely out of the moneys which shall hereafter be or become due or payable to the county or which the county shall be entitled, from any of the following sources:

(a) All sums which shall be or become due or payable to the county as payment of its share of the state tax and allocated or distributed to the county pursuant to the provisions of Section 655 of Title 51 of the Code of Alabama of 1940, as amended; plus

(b) All sums which shall be or become due or payable to the county as payment of its due share of the state tax and allocated or distributed to the county pursuant to the provisions of Section 657 of Title 51 of said Code of Alabama of 1940, as amended; plus

(c) All sums and amounts which shall be or become due or payable to the county by any succeeding, corresponding, equivalent, amended, supplemental or additional act of provision of law authorizing or relating to collections received by or apportioned to the county from gasoline or other motor fuel taxes, or the proceeds thereof, or any tax levied by the county or the state all or a portion of the proceeds of which may be received by the county shall be lawfully authorized to appropriate, transfer, pledge or use for the construction or maintenance of roads and bridges in the county or for payment of the warrants and the coupons, it being the intention hereof to include and subject to and set aside, for payment of the principal of and the interest on the warrants the aforesaid portions of the proceeds payable to the county not merely by virtue of said Sections 655 and 657 of Title 51 of said Code of Alabama of 1940, as amended, but the proceeds payable to or collected by the county under any corresponding, successive, equivalent, amended supplemental or additional provision of law or any law in lieu thereof which the county may lawfully pledge, assign or set apart for the purposes hereof, in such wise that if the allocation provided by said sections be repealed, amended or supplemented, any succeeding, corresponding, equivalent or additional fund shall be subject to payment of the warrants and the interest thereon as contemplated hereby.

It is hereby specifically declared that there shall not be used for payment into the special fund any portion of any moneys derived from the state tax which shall be paid, allocated or credited to the county under the provisions of the Farm to Market Road Act of 1943 of Alabama, as amended.

MINUTES, BOARD OF REVENUE, JUNE 23, 1958

(6) The special fund and all moneys at any time in or pertaining thereto, and the proceeds at any time payable to the county from the tax or taxes referred to in paragraph (5) hereof and herein ordered paid into the special fund, are hereby assigned to and pledged with the trustee hereinafter referred to as security for payment of the principal of and the interest on the warrants and the coupons. Failure to pay into the special fund the proceeds received by the county from the said tax or taxes which are required in this resolution and order to be paid into the special fund shall constitute a diversion of said proceeds. Said assignment and pledge are made for the pro rata benefit of the warrants without preference or priority of one warrant over another by reason of prior issuance of otherwise and shall be and remain prior to any assignment or pledge of any proceeds of the said tax or taxes which may hereafter be made for the benefit of any other warrants of the county hereafter issued or any contract of the county hereafter made. The special fund shall constitute a trust fund, and the trustee therefor it hereby authorized and directed to use so much of the moneys on deposit therein as may be necessary to pay the warrants and the coupons at their respective maturities.

(7) The First National Bank of Mobile (herein called "the trustee"), a bank doing business in the City of Mobile, Alabama, is hereby designated trustee for the special fund, pursuant to the provisions of this resolution and order. The special fund shall be held and treated by the trustee as a trust fund for the purposes herein provided. The State Comptroller of the State of Alabama and any successor to his duties are hereby authorized and directed to transmit directly to the trustee such portion of all moneys hereafter payable to the county out of the taxes referred to in paragraph (5) hereof as may be necessary to make the payments into the special fund in accordance with the provisions of paragraph (4) hereof, beginning with the payment required therein to be made prior to the last day of August 1958, and prior to the last day of each month thereafter as therein provided. The county depository of the county is hereby ordered and directed to take all steps that may be necessary to cause such payments to be made into the special fund, including the grant to the trustee of authority to collect the payments so provided to be made directly to the trustee by the said State Comptroller and the authority to endorse all warrants, vouchers and checks therefor and to apply the proceeds thereof toward payment of the principal of and the interest on the warrants. The county agrees with each holder of the warrants and the coupons that, so long as any warrants and the coupons shall remain unpaid, it will not revoke the authority and direction for transmission directly to the trustee as contained in the preceding sentence of this paragraph. Out of the moneys paid into the special fund pursuant to the provisions of paragraph (4) hereof, the trustee is hereby directed, and by acceptance of its duties hereunder agrees, to pay or provide for payment at their respective maturities the warrants and the coupons upon presentation thereof on or after their respective maturities. As any of the warrants and coupons shall be paid, they shall be cancelled and transmitted to the county depository. If any moneys remain in the special fund following payment of all the warrants and the coupons, such moneys shall thereupon be remitted by the trustee to the county.

(8) The trustee at any time serving hereunder may resign as such by written notice of such resignation given to the county, to the original purchaser of the warrants from the county and to the State Comptroller of the State of Alabama or to the successor to his duties. In the event the trustee should at any time hereafter resign or cease to refuse or become unable to act as trustee hereunder for special fund, the county agrees that it will thereupon appoint a successor trustee hereunder, which successor trustee shall be a banking institution in the State of Alabama which is at the time of such appointment a member of the Federal Reserve System and all or any part of whose deposits shall be insured by the Federal Deposit Insurance Corporation or any similar instrumentality of the United States of America, if there is any such. Upon the appointment of such successor trustee the county shall, within five days thereafter, give notice in writing of such appointment to the said State Comptroller (or to the successor to his duties) and to the original purchasers of the warrants from the county. All provisions of this resolution applicable to the trustee shall likewise be applicable to any successor to it so appointed.

(9) The general faith and credit of the county are not pledged for payment of the warrants or the coupons. The warrants and the coupons shall not be general obligation of the county but shall be payable solely out of the special fund. Neither this resolution nor any of the warrants or the coupons issued hereunder shall be deemed to impose upon the county any obligation to pay the principal of or the interest on the warrants, or any other sum, except with the moneys herein directed to be paid into the special fund. None of the agreements, representations and warranties made or implied in this resolution and order, or in the issuance of the warrants and the coupons, shall ever impose any pecuniary liability upon the county, except with respect to the moneys herein directed to be paid into the special fund. Nothing herein contained, however, shall be construed to relieve the county from the performance of any of its agreements herein contained or to relieve any of the officials of the county of any of their official duties.

(10) The warrants, the coupons and the form of assignment of the warrants shall be in substantially the following forms, respectively, with appropriate changes therein to conform with the provisions hereof:

The County Depository of Limestone County, Alabama (herein called "the County"), is hereby ordered and directed to pay to Charles H. Gibbons, or assigns, solely from the special fund hereinafter referred to, the principal sum of

ONE THOUSAND DOLLARS

on the 1st day of _____, 19____, with interest thereon from the date hereof until the maturity

MINUTES, BOARD OF REVENUE, JUNE 23, 1958

hereof at the rate of 1-3/4% per annum, payable semiannually on May 1 and November 1 in each year upon presentation and surrendered of the appropriate interest coupons hereto attached as the same respectively become due. Both the principal hereof and the interest hereon shall be payable in lawful money of the United States of America at the principal office of The First National Bank of Mobile, Alabama.

This warrant and the interest thereon are payable solely from the special fund known as the "State Gasoline Tax Anticipation Warrant Fund of 1958" of the county created by the resolution and order under which this warrant is issued. Said special fund consists of certain sums which are directed by said resolution and order to be paid into said special fund solely out of the moneys distributed to the county pursuant to the provisions of Sections 655 and 657 of Title 51 of the Code of Alabama of 1940, as amended, as the county's share of the tax levied by the State of Alabama on the sale, distribution, storage and withdrawal from storage of gasoline and other motor fuels under the provisions of Section 647 of Title 51 of said code, as amended. The full faith and credit of the county are not pledged to payment of this warrant or the interest thereon and this warrant is not a general obligation of the county. The county is not obligated to pay the principal of or the interest on this warrant except from moneys ordered paid into said special fund, and none of the agreements, representations or warranties made or implied in the issuance of this warrant shall be deemed to impose any liability whatsoever upon the county, except to pay the principal hereof and the interest hereon out of the moneys ordered paid into said special fund.

This warrant is one of an issue of warrants (herein called "the warrants") aggregating \$150,000 in principal amount, all of which are payable solely out of said special fund. The proceeds of the aforesaid tax received by the county under each of said Sections 655 and 657 of said Title 51, as amended, and any substitute therefor and any tax levied in lieu thereof which the county may legally assign and pledge for such purpose, have been assigned and pledged solely for payment of the principal of and the interest on the warrants, without preference or priority of one over another, to such extent as may be necessary to pay the said principal and interest as the same shall respectively become due. The warrants are issued pursuant to the applicable provisions of the constitution and laws of the State of Alabama, including particularly Section 43 of Title 23 of the Code of Alabama of 1940, as amended, and a resolution and order duly adopted and made by the governing body of the County for the purpose of constructing and improving or aiding in the construction or improvement of necessary public roads and bridges in the County.

A. L. Spence, Chairman

MINUTES, BOARD OF REVENUE, JULY 21st, 1958

The Board of Revenue of Limestone County met in regular meeting in the Courthouse in Athens, Alabama on July 21st, 1958 at 10:30 A.M., the third Monday in said month. The following were present: A. L. Spence, Chairman and the following members of the Board: Messrs: Walter Dorning, Grady Holland, Mahlon A. LeCroix and Grady J. McLeMore. Mr. Spence, Chairman of the Board, presided as the Chairman of the meeting. A quorum present, declared the meeting open for the transaction of business. The minutes of the preceding meeting were read and approved.

Dr. Walter Jones, Alabama State Geologist, along with Hon. James M. Dement, State Representative, contacted the Chairman of the Board the past week with a request that the Board of Revenue make an annual appropriation of \$5000.00 per year for a three year period in order that Dr. Jones could complete a geological survey of the County at least to the extent of the water situation in the county.

After much discussion of the proposal and the value of such a survey to the county along with a discussion of the financial condition of the county the following motion was made by member Mahlon A. LeCroix and seconded by member Walter A. Dorning.

Moved that in view of the fact that the appropriations from the General Fund exceeds the Revenue due to recent legislation the request for an appropriation for a geological survey must be denied at this time.

A vote was taken with all members voting aye whereupon the motion was declared adopted by the Chairman.

A discussion was had by the Board concerning the National Convention of County Officials at Portland, Oregon from August 10th through August 13th, 1958. It was the unanimous opinion of the Board that it would be of great benefit to the County as a whole to have the Limestone County Board of Revenue represented at a National Convention of the Association of County Commissioners since from all available records the County has never had a member of the Board to attend a National Convention.

The following resolution was unanimously adopted by the Board:

Whereas, The Association of County Commissioners of Alabama is organized and designed to promote the establishment, construction and maintenance of good roads in the counties of the State and to promote a spirit of cooperation among the various counties on all questions relative to the welfare of the counties and of the State itself; and

Whereas, such topics and matters will be the subject of educational lectures, discussions, exhibits and displays at the annual meeting of such Association to be held in Portland, Oregon on August 10th, through 13th, 1958; and

Whereas, it is the opinion of this body that it would serve the best interest of Limestone County to have representatives of this Board of Revenue present for such meeting in order that such persons may have advantage of becoming acquainted with the most current and progressive methods and means of adequate and economical road and bridge construction and maintenance;

Now therefore be it resolved that the following: Walter Dorning, Grady Holland, and Grady McLeMore are designated to attend such meeting as representatives of this Board and that the persons so attending shall be authorized to claim from the county reimbursement for all actual and necessary expenses incurred by them in attending such meeting, such claim for reimbursement to be supported by an itemized statement of the expenses so incurred, with payment for same to be made from the Gasoline Fund of the County.

Be it further resolved that the Chairman of the Board be and he hereby is authorized and directed to procure and pay for round trip tickets for the above members and their wives and that said members reimburse the Board of Revenue for the fare for their wives.

Prices having been secured from local truck dealers on new trucks the following motion was made by members Walter A. Dorning and seconded by member Grady Holland.

Moved that the offer of James Chevrolet Co. be accepted as follows:

2-New 1958 Chevrolet Trucks Chassis with V-8 Engine; 2-Speed Axle H. D. Springs and Heater at \$2706.69 each	\$ 5413.38
2-New 1958 Chevrolet Trucks with V-8 Engine; 2-Speed Axle, H.D. Springs, Heater and 3 C.Y. Fontaine Dump Bodies with Cab Protectors at \$3464.49 each	\$ 6928.98
TOTAL	\$12,342.36

A vote was taken with all members voting aye whereupon the motion was declared adopted.

The following motion was offered by member Grady J. McLeMore and seconded by member Walter A. Dorning.

Moved that the offer of Bonnemor Ford Sales be accepted as follows:

1-New 1/2 Ton Ford Pick-up Custom Cab, Heater, Radio, etc.	\$ 2536.96
Less - 1956 Ford Pick-up	1046.96

A vote was taken with all members voting aye whereupon the motion was declared adopted.

The Board of Revenue of Limestone County met in regular meeting in the Courthouse in Athens, Alabama on October 6th, 1958 at 10:30 A.M., the first Monday in said month. The following were present: A. L. Spence, Chairman and the following members of the Board: Messrs: Walter Dorning, Grady Holland, Mahlon A. LeCroix and Grady J. McLemore. Mr. Spence, Chairman of the Board, presided as the Chairman of the meeting. A quorum present, declared the meeting open for the transaction of business. The minutes of the preceding meeting were read and approved.

Mr. C. T. Bailey and Mr. Hoyt Williamson, members of the Board of Directors of the Soil Conservation Service, came before the Board asking that an appropriation of \$500.00 be made to the Soil Conservation Service for the fiscal year 1958-1959 to meet incidental expenses of the service. Since the Federal Government pays all the other expenses of the service they ask that this appropriation be made to meet incidental expenses not provided for in the Federal Budget.

The following motion was offered by member Grady J. McLemore and seconded by member Walter A. Dorning.

Moved that since Limestone County has been made a Conservation District within itself and the program offered by the Conservation Service is of great benefit to the County as a whole that the sum of \$500.00 be and it hereby is appropriated to the Limestone County Soil Conservation Service to defray incidental expenses incurred in carrying out the program in the County.

Upon the taking of a vote it was found that all members voted aye whereupon the motion was declared adopted by the Chairman.

A general discussion was had by the Board concerning the quarry and crushing operations of the County. In order to make this operation move efficient it was decided that it would be to the best interest of the County as a whole to purchase a new Compressor and Drill for use in the quarry.

Tractor and Equipment Co. being the only source of supply for the type compressor and drill desired to be purchased the following motion was offered by member Grady Holland and seconded by member Mahlon A. LeCroix.

Moved that a new Jaeger 365 Air Compressor and new Thor Air Drill with 10' Mast Mounted on Tracks be purchased from Tractor and Equipment Co. for the sum of \$23,800.00 less \$2,800 for old Compressor and Wagon Drill - Net Difference - \$21,000.00.

A vote was taken with all members voting aye whereupon the motion was declared adopted.

Mr. Grady Holland offered the following resolution which was duly seconded by Mr. Grady J. McLemore and adopted by the Board.

WHEREAS, The Association of County Commissioners of Alabama promotes the construction and maintenance of good roads by means of educational lectures, exhibits, and disseminates information for the more economical maintenance and construction of public roads and further devises ways and means for the betterment of road conditions in the various counties in Alabama, and

CHAIRMAN, LIMESTONE COUNTY BOARD OF REVENUE

A. L. Spence, Chairman

MINUTES, BOARD OF REVENUE, JANUARY 5th, 1959

The Board of Revenue of Limestone County met in regular meeting in the Courthouse in Athens, Alabama on January 5th, 1959 at 10:30 A.M., the First Monday in said month. The following were present: A. L. Spence, Chairman and the following members of the Board: Messrs: Walter Dorning, Grady Holland, Mahlon A. LeCroix, and Grady J. McLemore. Mr. Spence, Chairman of the Board presided as the Chairman of the meeting. A quorum present, declared the meeting open for the transaction of business. The minutes of the preceding meeting were read and approved.

The following letter was read to the Board:

December 29th, 1958

Board of Revenue
Limestone County

Dear Sirs:

I hereby submit my resignation as County Engineer of Limestone County to be effective January 19th, 1959.

I wish to take this opportunity to express my thanks and appreciation for having had the privilege of serving as County Engineer since November, 1945.

As you know, I have been serving you on a part time basis for some time now due to personal business activities and the fact that a replacement for me was practically impossible to obtain.

I have served on this basis in order that the County Highway Program could continue under the Farm to Market Road Act of 1943 and did not resign earlier as I felt that I owed you and the County as much, due to the fact that my period of employment with the County has been under such outstanding policies of operation as set by the Board of Revenue and the fine cooperation that I have continually received from you.

I feel that the part time basis of serving you has worked out very successful due to your familiarity with the program under which we operate and due to the very fine Project Engineers and Engineering Aides employed by the County.

The Board will soon consist of a majority of new members who are no doubt unfamiliar with the details of the program under which the County operates its Highway Program. They will need more assistance and advice than I could render on a part time basis.

A replacement for me is now available and I feel that it is time for me to resign to the advantage of both the County and my personal activities.

I wish to state, for record, that the present Board of Revenue is one of the best, if not the best, Board in the State of Alabama and I consider it an honor to have had the privilege of serving you as your County Engineer.

I wish the incoming Board a successful administration and the best that I could have for the new County Engineer would be that he have the same policies and cooperation under which to operate that the present Board has given to me.

Yours very truly,

/s/ H. C. Mabry

H. C. Mabry

The following motion was offered by Member Mahlon A. LeCroix and seconded by Member Grady McLemore.

Moved that the resignation of Mr. Mabry be accepted as of January 19th, 1959.

Moved further that the Chairman of the Board be and he hereby is authorized and directed to write a letter to Mr. Mabry expressing the thanks of the Board for the job he has done for the County.

A vote was taken with all members voting aye whereupon the motion was declared adopted.

Mr. H. C. Mabry
County Engineer
Athens, Alabama

Dear Sir:

The Limestone County Board of Revenue accepts with regret your resignation as County Engineer effective January 19th, 1959.

The Board as a whole wish to express to you our sincere appreciation of the work that you have done for Limestone County. You have done an exceptionally good job and it has indeed been a pleasure and privilege to have worked with you over the years.

The Board of Revenue wishes for you a very successful career in whatever work you undertake.

LIMESTONE COUNTY BOARD OF REVENUE

By /s/ A. L. Spence
A. L. Spence, Chairman

MINUTES, BOARD OF REVENUE, JANUARY 5th, 1959

The following resolution was offered by member Grady Holland and seconded by member Grady J. McLemore.

WHEREAS, it has been a pleasure and privilege to work with outgoing members Walter A. Dorning and Mahlon A. LeCroix, and,

WHEREAS, Members Dorning and LeCroix have done a great service for Limestone County, and,

WHEREAS, the Tool Sheds that have been used by the above named members will be of some value to the members but would not be of any appreciable value to the County should they move them to a new location. The moving would cost more than the sheds would be worth;

NOW THEREFORE BE IT RESOLVED, that the Sheds in Mr. Dorning's and Mr. LeCroix's Districts be sold to them for the sum of \$1.00 each.

A vote was taken with all members voting aye and the resolution was declared adopted.

The following report was read to the Board for their approval or disapproval.

A REPORT TO THE PEOPLE OF LIMESTONE COUNTY

By - A. L. Spence

I would like to take this means of reporting to you, the Citizens of Limestone County, on my eight (8) years as Chairman of the Limestone County Board of Revenue.

I would like to first express my deep appreciation for the honor of having served you in this capacity and thank each of you for the many courtesies extended me and the wonderful spirit of cooperation that you have shown.

The County fiscal year runs from October 1st through September 30th and the Board is required to Budget all County Funds as of October 1st each year. Below is a comparison of the budget for the fiscal year 1950-1951 and the year 1958-1959.

GASOLINE FUND

	<u>District 1</u>	<u>District 2</u>	<u>District 3</u>	<u>District 4</u>	<u>Total</u>
1950-1951	\$ 26,815.74	\$ 46,643.20	\$ 61,973.81	\$ 64,797.05	\$200,229.81
1958-1959	126,785.05	107,264.26	96,969.58	111,425.93	442,444.82

STATE AID COUNTY ROAD FUND

1950-1951	\$ 215,857.07
1958-1959	303,032.75

GENERAL FUND

1950-1951	\$ 126,091.24
1958-1959	229,131.00

PUBLIC BUILDING FUND

1950-1951	\$ 29,996.48
1958-1959	110,322.17

BONDED INDEBTEDNESS

1950-1951	\$ 341,000.00
1958-1959	224,000.00

The above funds are the ones which involve the greater part of the finances of the County. There are some three (3) or four (4) other funds which more or less are cut and dried propositions. Only a small amount of revenue in each and the expenditures are controlled by Legislative Acts.

I would now like to point out to you the main accomplishments that have been achieved during my eight (8) years as Chairman of the Board. We have constructed a new home for the Sheriff and have spent some \$24,000.00 on the improvements, maintenance and repair of the Courthouse. This of course was done from the General Fund and the Public Building Funds of the County. From the Gasoline and State Aid Funds of the County we have accomplished the following.

161 Miles of road graded, drained, based and paved.

35 Miles grades, drained, and graveled.

110 Miles of Old Paved Roads resurfaced.

6300 Lin. Ft. of permanent type bridges of more than 20 ft. in length.

Numerous small concrete culverts and have replaced many old wood bridges with concrete culvert pipe.

In addition to this we have secured from the State and Federal Governments some five million (\$5,000,000.00) dollars worth of construction of roads, and bridges in the County. This amount only cost the County a very nominal sum, less than 1% of the total costs.

N

MINUTES, BOARD OF REVENUE, JANUARY 5th, 1959

In 1953 we purchased a Crushing Plant from the Athens Stone Company for the sum of \$77,000.00. From June 1953 through November 1958 we have produced and used well over 200,00 tons of crushed stone at a saving of a little more than \$1.00 on each ton produced.

Our equipment inventory is just about double what it was eight (8) years ago which makes for a much more efficient operation of the County's work.

All this was due to the very fine cooperation of all members of the Board and the united efforts of the entire Board. To each member of the Board that has served during this period of time, I wish to say Thanks very much for a job well done.

To the remaining members and the New Chairman and Members, I wish you every success in your work in going forward with the progress of Limestone County because the Welfare of the County is very dear to every citizen of the County.

After the reading it was unanimously voted to make this report a part of the minutes of this meeting.

Prices having been secured from Automobile Dealers on a new pick-up truck the following motion was made by member Grady Holland and seconded by member Mahlon A. LeCroix.

Moved that the old Chevrolet Pick-up used by member LeCroix be traded to James Chevrolet Co. for a new $\frac{3}{4}$ ton Pick-up as follows:

1 - 1959 Chevrolet Pick-up W/rear Bumper and Heater	\$ 1856.58
Less 1 Used 1955 Pick-up	<u>325.00</u>
NET DIFFERENCE	\$ 1531.58

M. Ray, Pastor of West Highland Baptist Church led the opening prayer. A quorum being present declared the meeting open for the transaction of business. Also stated that as Chairman of the Board of Revenue of Limestone County that members will have his full co-operation in every respect, and also requested their co-operation in any act we might set out to do together for the taxpayers of Limestone County.

WHEREAS, the Chairman stated that we have one of the finest engineers in the State of Alabama and pledged the Board's co-operation with Mr. Bartain and all State and Federal officials.

THEREUPON, the Chairman asked for statements from new and old members of the Board and each one had words of praise for the outgoing Board and pledged their full support and efforts for undertakings of the Board of Revenue for the betterment of the County.

WHEREAS, Mr. R. O. Moore made a motion to accept the below recommendations for consideration. Mr. Thomas Hammons seconded. There was no discussion. All in favor of motion signified by saying Aye, all opposed by saying No. All members voted for said motion. Motion carried and approved.

Honorable Members Of The Board of Revenue, Limestone County

As Chairman of said Board I would like to submit the following recommendations for your favorable consideration.

1. That the Board of Revenue investigate as to consideration of moving the courthouse fence to the inside of the walk around the courtyard. If this could be done at a reasonable cost it would eliminate lots of damage being done to cars and trucks parking around the courthouse fence and it would eliminate the people going over or under the fence in order to use the walk.
2. That the Board of Revenue meet with the City Officials of Athens, Alabama to request and consider marking eight (8) parking spaces, two (2) on each side of the courthouse, to be used free by the citizens of Limestone County for attending to business in the courthouse such as paying taxes, etc., and that proper signs be erected after the parking time limit is worked out by the City Officials and the Board of Revenue of Limestone County.
3. That the Board of Revenue construct a suitable parking lot southwest of the jail to be used by all the people of Limestone County and that parking regulations be worked out by said Board.
4. That the Board of Revenue investigate as to the cost of sandblasting or cleaning the outside of the courthouse.
5. That all motor graders belonging to Limestone County that are not equipped with lights be brought into the County Shop at once so that lights may be installed on said machines so that in case of snow or emergency that said machines will be ready to go.
6. That action be taken at once to see that the County tool shed and yard be cleaned up and that proper fences and gates be installed around said yard and shed. The gates are to be kept locked at all times except when there is work being done in said yard and shed. To see that all other County property be kept clean and in an orderly condition at all times.
7. That the Board of Revenue and all County employees who are connected with construction and maintenance of County roads and bridges meet once a month at the courthouse or County Shop or other place selected by the Board so that there can be a better understanding between the Board Members and employees. If this is done I believe there would be better co-operation by all employees.

MINUTES, BOARD OF REVENUE, JANUARY 20th, 1959

8. That the Board of Revenue investigate as to the cost of installing short-wave units in County equipment. If this could be done at a reasonable cost it would put the Board in closer contact with all employees on all jobs in the County during operations. I have investigated this with several construction contractors and they say it is a paying proposition. If it is a paying proposition to men that spend their own money, then I think it would be a paying proposition in our County. In my investigation I find that Civil Defence will reimburse fifty (50) percent up to a certain number of units.
9. That the Chairman and Members of the Board of Revenue co-operate with City Officials and civic organizations and all clubs in trying to get more industry to locate in Limestone County so that more people may be employed and to work for any progressive movement that would make Limestone County a better place in which to live.

Yours truly,

s/ Homer McLemore

OPINION

VOLUME 88,
PAGE 31,
ATTORNEY GENERAL'S REPORT
August 13, 1957

PRISONERS

Honorable Leland G. Enzor
Mayor, City of Andalusia
Covington County
Andalusia, Alabama

Municipalities - Convicts - Counties - Prisoners - Hard Labor.

1. County prisoners may not be hired out to persons, firms or corporations, nor to municipalities.
2. Prisoners sentenced to confinement in the county jail may not be used as hard labor for the county but merely in janitorial and similar services in and around the county jail.
3. County hard labor prisoners may be used to work upon any of the public works and buildings of the county, and to preserve or develop drains or drainage districts.

OPINION BY ASSISTANT ATTORNEY GENERAL RINEHART.

Dear Sir:

Your request for an official opinion, bearing date of July 16, 1957, is as follows:

"Under the recent Act passed by the Legislature of Alabama, persons convicted of misdemeanors must be retained in the County Jails. Can you give me an opinion of the following question:

"May these prisoners, on a voluntary or involuntary basis, be used by the County Sheriff or a City to perform any or all of the following functions: Public building janitor service, street cleaning, cleaning street right-of-ways, cleaning private lots and drainage ditches for mosquito control or any related work."

The misdemeanor prisoners to which you refer should be divided into two categories: Those sentenced to confinement in the county jail, and those sentenced to hard labor for the county. I assume from your reference to ".....the recent Act passed by the Legislature....." that your question pertains to county hard labor prisoners.

The handling and use of County hard labor prisoners is governed by Title 45, Article 5, Sections 91-105, Code of Alabama 1940, as amended. The hiring or lease of county convicts is expressly forbidden by Title 45, Section 92, Code of Alabama, 1940. Because of the wording of Section 92, supra, unless express statutory authority is found elsewhere in Article 5 for the hiring of County hard labor prisoners to municipalities, this hiring cannot be done. No such statutory authority appears in Article 5.

The next question is upon what type of works and projects can the county use its hard labor prisoners. Title 45, Section 100, Code of Alabama 1940, as amended by Act No. 377, Acts of Alabama 1955, page 705, also forbids the hiring or leasing of prisoners to persons, firms or corporations but does grant the authority to work county hard labor convicts in and around the courthouse, in and around the jail, or in any other public buildings or works of the county. It is my opinion that this section permits the use of county hard labor convicts upon all works and projects upon which the county is authorized to expend funds or which it has an obligation under the law to develop, improve or maintain. Therefore, the mere fact that a particular project would be within the city limits of a particular municipality would not be controlling. Rather the use of the prisoners would depend upon the county's authority or duty to do the particular work or service. For example, certain streets in a town may nevertheless be county maintained roads so as to authorize the use of county hard labor prisoners to build, repair, or clean the street rights of way. Similarly, the cleaning of a private lot would depend upon whether the cleaning was done pursuant to some power or duty of the county, such as maintaining sanitary conditions or removing noxious weeds. Of course, Title 45, Section 101-104, Code of Alabama 1940, specifically permit the use of county hard labor convicts to preserve or develop drains or drainage districts. Their use must be in accordance with these sections.

In connection with all the above uses of hard labor prisoners it should be pointed out that there is a difference between hard labor for the county and imprisonment in the county jail. In interpreting Title 15, Section 325, Code of Alabama 1940, the courts have held that imprisonment in the county jail does not include hard labor in the county. Thompson V. State, 19 Ala. App. 328, 97 So. 258. It would follow, therefore, that a person sentenced to confinement in the county jail could not be used for hard labor for the county but only for janitorial work and similar service in and around the county jail. On the other hand a person sentenced to hard labor for the county could be used to work upon any of the public buildings or works of the county. But in no event can any county prisoners be hired or leased to either a private person or corporation, or to a municipality.

Yours very truly,

/s/ John Patterson, Attorney General

Section 12. Every applicant for a certificate of registration shall apply to the county board of barber examiners upon blanks provided by the county board of barber examiners for that purpose and each application shall be accompanied by the payment of ten dollars fee to be paid to cover the cost of the examination. If after the examination, the board finds the applicant to be qualified to practice barbering, or serve, as an apprentice, as the case may be, the board shall, upon the payment of three dollars by the applicant, issue to the applicant a certificate of registration authorizing him to practice or serve as an apprentice, in the County of Limestone and said certificate shall remain in effect until the 31st day of December of the year in which it is issued.

The fourth member of said board shall be the county health officer, who shall be ex-officio chairman of said board.
