

May 9 - 1917 - 1

SIX HUNDRED AND TWO
LAUDERDALE STREET

My dear Mrs. Kueper -

I am very glad
indeed to do all in
my power to aid you
in any way I can -
I am sending you a
copy of my Book - &
it will make it easy
for you to make out
your - keep it just

2 as long as you can -
This text is most kind
in explaining and
assisting her Chairman
in every way - She is
so kind, and has such
a great big heart, she
undertakes too much - for
she is so frail, and
delicate little body, and
has long and dreadful
illnesses - So at any time
you do not hear from

Pedigree papers, mark out
exactly like those of the
Colonial Dames, are required
except, of course, only giving
the lines from governors.

When the applicant is not
a Dame, Member of the
Mayflower Soc, or Colonial
Haw (for men and women
are both eligible) the pedigree
papers as soon as sent
you by applicant must be
sent to Miss Treat - she

⁴ send them to the Board of
Examiners - When they have
been passed on, (which
sometimes is a long while,
owing to various things) then
the papers are returned to
you - and after they are
returned, ~~as you are~~
~~notified that~~ you then
write to say you are
glad to welcome them
as members of the Society.
It is usual for some friend

of the applicant to write you⁵
asking for the invitation &
writing the governors. Then
you write the applicant,
asking for the papers
papers (if not sent by friend)
You explain to them the
papers must be submitted
to Board of Examiners, if they
are not members of the Society
I mentioned - If they are
members, then they must send
you a copy of their papers,
admitting to said Society.

⁶ accompanied by a certificate
letter from the Registrar
of the Society - in this
state, the letter must be
from the Registrar of the
Society in Ala. Then
when the applicant has
been accepted, this list will
either sent, or has sent
you, the permit for
insignia - which you will
have to forward to what
ever jewelry firm has
the permit to make them.

her when you expect or hope,
it is because she is either
ill, or overworked with work.
Sometimes her letters seemed a little
mixed - but you can study up
what is meant. She did ask
me to take the Alabama Chair-
manship, just because I was an
Alabamian, and knew the work.
But the same reasons I resigned
from Tennessee, caused me to decline.
I generally spend from 2 to 5
months every year in Tennessee - but
after my husband's death, I could
not do the work.

Very anxious this year letter I am
sending you - But I started to
write in sequence - and so many
things crowded into my mind, I
just gave up, and only attempted
to write you as it came - hoping
it would help you a little
to find your way.
Cordially yours
Mary Howard Jordan
