

HARRY T. HARTWELL  
MOBILE, ALABAMA

July 31<sup>st</sup> 1936

Dear Harry

Am glad to get  
the good news and I  
do hope your health  
will be fully restored.  
It is unfortunate that  
so few of us realize that  
the cultivation of physical  
intelligence never loses  
its value.

I trust you will  
be on the firing line when  
the legislature re-convenes.  
The Groves administration

has been a disappointment  
to many of its friends  
however I do not hold  
this against you for  
I know your heart is  
in the right place and  
understanding political  
life I accept conditions  
without complaint.

Looks like our President  
is bathing one thousand,  
he's a great man and  
a great fighter.

Sincerely

Harry
