

Winfield, Ala., July 31, 1936.

Hon. Harry Walker,  
Athens, Ala.

Dear Mr. Walker:

I notice that the liquor and wine and beer question might come before the next session. I am hoping the Governor does not include it in his call, also If we can do anything here in Winfield, And Marion County to help defeat it, advise us. We appreciate the stand you take on it, and trust you will be successful if another fight is made to legalize it in Ala. in defeating same.

Yours truly,
