My dear Senator Walker:

Mr. Baulch has acquainted me with the gist of your telephone conversation and I wish to say that it is our desire to cooperate with you in every possible way.

It is my understanding from Mr. Baulch that you think it the better plan, at this time, to go ahead and pay the amount called for in the agreement and then next summer if things are not considerably improved you would be willing to make some concession. I presume you wish check to come forward in the full amount to Mr. Vaughn.

Assuring you of our appreciation of the attention you have given this matter and with kindest personal regards,

Yours very truly,

THE CRESCENT AMUSEMENT COMPANY.
