Hon. R.H. Walker,
Athens, Alabama

My dear Mr. Walker:-

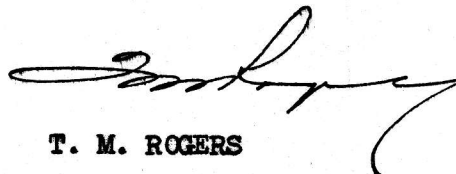

I read with interest your editorial in your last issue on the subject of the paving of the Lee Highway.

If the State insists upon this County putting up \$70,000 for a Convict Camp job, they will be working on this road for the next five years.

Can't you line up the people of Athens to bring tremendous influence on our two Senators and Jno. J. Sparkman, who in turn will try and bring influence on the Governor and the Highway Department, to build the road with Federal-State funds?

If not, can you tell us what to do in order to get this road built?

Yours very truly,

T. M. ROGERS
