Dear Uncle Alf:

Hope you're feeling tip top again. Ain't it hot?

I have a letter from Eddie suggesting that we pay you a call one day soon. I'm all agreeable. Anxious to tell you what I know and then pump you a while.

Eddie is mighty young to take up to North Alabama during this polio epidemic, but he seems willing to take a chance. I'll spray him first. He needs spraying, anyhow.

I had a jam-up vacation and am back ready for anything that happens. My hunch is that the Legislature will meet in September. What do you think?

Some say Bibb has the marbles in his pocket now, but somehow I doubt it. He's liable to get licked again in the House. I don't give a dam if he does or doesn't. I'm neutral at present.

Of course I'll line up on the side of Speaker Alf when things get hot. He's one of my weaknesses.

Lee Edmundson says tell you howdy and good luck and so forth. I had hot dogs with him yesterday.

Well, the two musketeers will be moving on Athens before long.

Best regards,

HB.
