Dear "Miss Aurora",

I was certainly surprised and delighted to receive your letter from Tampa and appreciate your remembering that there is such a person as Sam Harn in Florida.

As to being able to

to Tampa within the
next two weeks - I can not
say definitely yet. You see,
I am employed by the State
Plant Board and I am
therefore not always my
own "boss" in such matters.

Some one will have to be
in Tampa all during the
fair to look out for
violations of the plant board
rulings and I am hope-
ing that I will be sent,

O/ I am this lucky I will certainly look you up - for I am very anxious to see you.

When you start back for Alabama I wish you would decide to go over to St. Petersburg and from there to Jacksonville - This route would bring right through Gainesville - I would be glad to see you and if you could stop over a day I would take great pleasure in showing you "my town" and "my college".

I am delighted with ~~the~~ Florida and everything connected with it, and just wish I could get all my Alabama friends down here and show them a real winter.

O/ I get a chance to come to T - I will certainly notify you and I hope you will write me if you can come by Gainesville -

Very sincerely yours -

Sam Peebles Harris
