Dear Mary -

We reached Fayetteville
exactly 2 hours after leaving
H. H. - The sun was fine
and we were very bright, and did
not have a single tired eye, and
the house was just come on
our little teacher had come on
the bus from Nashville Mr & Mrs.
Reed our dear neighbor had
her car till we came - And
bright had been home and
if I had gotten home and
the way it a shame that they had
kept me out so late - It did not
hurt me at all, not tired at all
felt no inconvenience what ever
and enjoyed every moment of the
trip - Nothing could have given
me greater pleasure than seeing

you all in your lovely
home - your cordial & sweet
greeting made me feel that
all my people were not gone
you surrounded me so much
of your mother. I missed her
I was never in Athens before
without seeing her, and
as Tilly - it all awakened
so many memories which
abide with me. I did not see
all I wanted to, and the tour
was different - so many more
houses than used to be, and more
trees. I seemed to hardly
see the college from the street
Harry should have heard the
compliments he all bestowed
upon him - Mr Hoffs said he
had never met two people
he admired so much, and was
so glad to know you both -
we all enjoyed your lovely
dinner - it is such a nice
ride, we must see each

Tell Robert Henry Fildes
liked him so much, and
he must come to see him
Fildes was never
went to bed - He is not very
strongy Did not go to school
on Monday -
I was glad to see the girls
so cheerful - Their spirit is
wonderful - wonder she must
and some circumstances - you
will have your record for
being so good to them - I have
not money enough to help
further their home - but if I
could never to them, I might
help them some -
on my white was so troubled
after seeing the situation -
I begged Mollie to come and
stay with me - If Kate and Lizzie
could get her consent I also she
would do it I think - you may
own Robert Henry must come to know
first thing Andy may let me know
if you call where his my to take for
Al, I wish I could write and tell me
to say any thing else - much love for
to about home I wish much love for
you and your Aunt Kitty
