

Dear Harry:-

Friday
NOV. 27, 1936

I guess you enjoyed Thanksgiving & were duly grateful that you were alive!

I have intended writing for some time but hated so much to worry you. I felt you had enough. My eyes are in such a bad condition that I must try & do something for them. Can you possibly get some of the root

from Mr. Mc Allister
I can have something
done for them I paid
\$10. not long ago for
some new lenses but
they are no good I can't
see but very little better
than with the naked eye

Can't read a newspaper
4 up occasionally - last
week the print of the
Democrat seemed better so
I could read it the week
before I could scarcely
read it at all.
The Clearwater Sun is

printed in such light type
that I rarely ever can read it.
I owe Ned \$23.50 for taxes &
the \$60. for the Federal Bank.
They have never sent me a
receipt. I have no idea how much
the taxes are suppose there will
be something left.

There is an oculist here that
has studied abroad & don't know
how good he is & have been
to him but am not crazy
about him the only thing he is
more convenient ^{to me} than going
over to Tampa. I would just worry
you with this if I had any
body else but I haven't.
How are you? I hope you are
improving.
