MINUTES, BOARD OF REVENUE, APRIL 4, 1960

(2) Any use which would make it difficult for flyers to distinguish between airport lights and others.

(3) Any use which would result in glare in the eyes of flyers using the airport.

(4) Any use which would impair visibility in the vicinity of the airport.

(5) Any use which would otherwise endanger the landing, taking off or maneuvering of aircraft.

(6) Any business, structure, growth, or occupation which by its very nature is inherently dangerous or hazardous as respects likelihood of causing or resulting in injury or damage to aircraft or persons using the Pryor Field Airport or flying in the vicinity thereof, except as hereinafter in Section 9 provided.

(7) Any other use or uses which would be detrimental, hazardous, or injurious to the safety of aircraft using the Pryor Field Airport or maneuvering in the vicinity thereof or to the health, safety or general welfare of airport personnel and other persons using said airport, except as hereinafter in Section 9 provided.

SECTION 6. Existing Non-Confirming Uses.

The regulations prescribed by this Resolution shall not be construed to require the removal, lowering or other change or alteration of any structure or tree not conforming to the regulations as of the effective date hereof, or to otherwise interfere with the continuance of any non-conforming use. Nothing herein contained shall require any change in the construction or alteration of which was begun prior to the effective date of this Resolution.

(2) Alteration of Non-Conforming Uses.

Before any non-conforming structure or tree may be replaced, substantially altered or repaired, rebuilt, allowed to grow higher, or replanted, a permit must be secured from the Limestone County Airport Zoning Commission, authorizing such replacement, change or repair. No Permit shall be granted that would allow the establishment or creation of any airport hazard or permit a non-conforming structure or tree, or non-conforming use to be made or become higher or become a greater hazard to air navigation than it was when this order became effective or than it is when application for a permit is made. In granting any permit or variance under this Section the Limestone County Airport Zoning Commission or Board of Adjustment may, if it deems such action advisable to effectuate the purposes of this Resolution and reasonable in the circumstances, so condition such permit or variance as to require the owner of the structure or tree in question to permit the owner of the Pryor Field Airport Board, at its own expense, to install, operate, and maintain thereon such markers and lights as may be necessary to indicate to flyers the presence of an airport hazard.

SECTION 7. Administration.

(Form of Warrant)

UNITED STATES OF AMERICAN
STATE OF ALABAMA
LIMESTONE COUNTY
PUBLIC BUILDING WARRANT

No. _____

\$1,000

LIMESTONE COUNTY, in the State of Alabama (herein called (County) hereby orders and directs the County Depository of the County or any person, firm, individual or corporation which may succeed to its duties, to pay to Joseph P. Lombardo, or his assignees, solely from the Sinking Fund hereinafter designated, the sum of

ONE THOUSAND DOLLARS (\$1,000)

on the first day of April, 19____, and to pay solely from said Sinking Fund interest thereon from the date hereof until maturity at the rate of _____ per cent (____%) per annum, payable on April 1, 1961, October 1, 1961, and semiannually thereafter on April 1 and October 1 in each year, upon presentation and surrender of the interest coupons therefor hereto attached. Both the principal of and interest on this Warrant are payable in lawful money of the United States of America at par and without deduction, discount or charge for payment, exchange service or other expenses, at the principal office of _____.

This Warrant is one of an issue of \$200,000 principal amount of Public Building Warrants of the County, of like tenor and effect except as to numbers, interest rates, maturity dates and redemption provisions, issued to provide funds to pay debts incurred for the erection and construction of a county building consisting of a jail and office facilities for the officers and employees of the County in Athens, Alabama, a necessary public building of the County. This Warrant and the interest thereon are payable solely from the Sinking Fund established by the resolution and order authorizing the issuance of this Warrant, designated "Public Building Warrants of Limestone County, Alabama, of July 1, 1960, Sinking Fund", and held in trust by the above-named bank, for the payment of the principal of and interest on this and the other Warrants of this issue as they mature and come due. The County is obligated to pay or cause to be paid into the Sinking Fund sums sufficient for the payment of the principal of and interest on this and the other Warrants of this issue, as the same mature and come due, but solely from the proceeds of the special tax of one-fourth of one per cent (1/4 of 1%) on the value of the taxable property in the County, authorized to be levied by the County under the provisions of Section 215 of the Constitution of Alabama of 1901 and Title 12, Sections 185, 186 and 191 of the Code of Alabama of 1940, to pay debts incurred after the adoption of said Constitution for the erection of necessary public buildings, bridges, or roads (herein called the "special tax"), subject, however, to the prior pledge thereof to the outstanding Public Building Funding Bonds of the County dated April 1, 1931, and the outstanding Hospital Bonds of the County dated June 1, 1949. The County does hereby covenant and agree to levy and collect the special tax annually until the payment in full of the principal of and interest on the issue of Warrants of which this Warrant is a part, and does hereby irrevocably pledge to the payment of the principal of said Warrants and the proceeds of the tax so agreed to be levied and collected annually to pay the principal of and interest on said Warrants as and when the same respectively mature and come due.

This Warrant and the other Warrants of this issue are issued in anticipation of the receipt of the proceeds of the above specified special tax. The full faith and credit of the County are not pledged to the payment of this Warrant. This Warrant is not a general obligation of the County. For the payment of the principal of this Warrant and interest thereon, the holder or holders shall look solely to the proceeds of the special tax pledged to the payment thereof. None of the agreements, representations or warranties made or implied in the authorization or issuance of this Warrant shall be deemed to impose any pecuniary liability upon the County except with respect to the levy, collection and application of the special tax pledged to the payment of this and the other Warrants of this issue.

As security for the payment of the principal of and interest on this and other Warrants of this issue, the County has assigned and pledged for the benefit of the holders of the Warrants and the interest coupons the Sinking Fund and so much as may be necessary for such purpose of the above specified tax and any tax that may be levied in lieu thereof. Said pledge and assignment of the special tax is a first and preferred pledge and assignment of said tax, except for the prior pledge and assignment thereof to the payment of the principal of and interest on the bonds of the County hereinabove specified.

The Warrants of this issue of Warrants which mature in 1971 and thereafter are redeemable at the option of the County on April 1, 1970, or any interest payment thereafter, at a redemption price equal to the principal amount of the Warrant or Warrants to be redeemed, plus accrued interest thereon to the redemption date, plus a redemption premium of twelve months' interest thereon. Any redemption may be in whole or in part, but if in part, shall be in the inverse order of maturities and identifications numbers, latest maturities and highest numbers first. Thirty days' notice of the intended redemption shall be given by registered mail to Stubbs, Watkins & Lombardo, Inc., First National Building, Birmingham, Alabama, and by publication once, not less than thirty days nor more than sixty days prior to the intended redemption date, in a daily newspaper published and of general circulation in the City of Birmingham, Alabama. If any of said Warrants so redeemable shall have been called for redemption as hereinabove provided, interest shall cease to accrue from and after the date fixed for redemption, unless default shall be made in the payment of the redemption price thereof.

This Warrant is non-negotiable, but is transferable by assignment noted hereon. Each taker, owner or purchaser hereof, by receiving or accepting this Warrant or any interest coupon, shall consent and agree and shall be estopped to deny: (1) that the title to the coupons hereunto appertaining may be transferred by delivery without the necessity of a written assignment, (2) that any person in possession of any such coupon, regardless

of the manner in which he shall have acquired possession, is authorized to represent himself as the absolute owner thereof and has the power and authority to transfer absolute title thereto by delivery thereof to a bona fide purchaser for value (Present or antecedent) without notice of prior defenses or equities or claims of ownership enforceable against his transferor or any person in the chain of title and before the maturity thereof: (3) that he has waived and renounced all of his equities and rights therein in favor of every such bona fide purchaser and that every such bona fide purchaser shall acquire absolute title thereto and to all rights represented thereby; and (4) that the County may treat any person in possession of this Warrant, regardless of how such possession may have been acquired and regardless of the genuineness or effectiveness of any assignment, or the bearer of any of the coupons hereunto appertaining, as the absolute owner for all purposes and payment to any such person or such bearer shall discharge all obligations hereunder or thereunder.

It is hereby recited, certified and declared that the Warrants of this issue and the interest coupons thereunto appertaining represent valid claims against the Sinking Fund and the tax pledged to the payment thereof; that the County is now levying and collecting said tax and that there are no liens upon or pledges of said tax except as hereinabove specified; that the amount ordered paid by this Warrant will be lawfully due without condition, abatement, recoupment or offset of any description; that all acts, conditions and things required to exist, happen and be performed precedent to and in the issuance of this Warrant have existed, happened and been performed in regular and due time, form and manner as required by law; and that the Warrants of this issue, together with all indebtedness of the County, does not exceed any limit prescribed by the Constitution and laws of the State of Alabama. This Warrant is issued pursuant to the applicable provisions of the Constitution and laws of the State of Alabama and a resolution and order duly and legally adopted and made by the governing body of the County.

IN WITNESS WHEREOF, the County, acting by and through its governing body, has caused this warrant to be signed by the Chairman of its Board of Revenue, who is thereunto duly authorized, and has caused the official seal of the County to be affixed hereto and has caused the interest coupons hereunto attached to be executed with the facsimile signature of said Chairman, and has caused this Warrant to be dated July 1, 1960.

Register of the Circuit Court of
Limestone County, Alabama

SECTION 8. That the Chairman of the Board of Revenue is hereby authorized and directed to sign each of said Warrants and to impress thereon the official seal of the County, for which purpose the seal of the Board of Revenue of the County is hereby adopted as seal of the County. The interest coupons attached to said Warrants shall be executed with the facsimile signature of said Chairman. The Chairman of the Board of Revenue and the County Depository of the County are hereby directed to register the Warrants and the coupons as a claim against the Sinking Fund and the taxes pledged to the payment of the Warrants, which registration shall be simultaneous with respect to all of the Warrants and coupons. The term "County Depository", as used in this resolution and order means any incorporated state or national bank or banks in the County selected by the governing body each year as the County Depository, or, if the governing body is unable to designate any depository for the County funds as provided in Title 12 of the Code of Alabama, the individual designated by the governing body as Treasurer of the County, pursuant to Title 12 of the Code, or any other duly designated or elected bank, corporation, person, or official who shall have the duties of such depository or trustee pursuant to the aforesaid Code provisions, as the same may be hereafter altered or amended, or pursuant to any other applicable general or local law, and the term "County Depository" specifically includes the Limestone County Bank of Athens, Alabama, which has been selected by the Board of Revenue of Limestone County as the County Depository for the current year.

SECTION 9. There is hereby authorized and established a special trust fund which shall be known as the "Public Building Warrants of Limestone County, Alabama, of July 1, 1960, Sinking Fund" (herein called the "Sinking Fund"), which shall be held in trust by the bank at which the Warrants are payable as hereinabove provided (herein called the "Trustee"). Said Bank is hereby designated trustee of said Fund.

SECTION 10. The County shall pay or cause to be paid into the Sinking Fund, solely from the taxes pledged to the payment thereof, on or before January 30th in each year, beginning January 30, 1961, such sum or sums as shall be necessary to assure the payment of the principal of and interest on the Warrants coming due in the succeeding twelve months' period, in bankable funds, at par, and to pay all fees and expenses of the Trustee. In the event that amounts in the Sinking Fund are not sufficient for the payment of the principal of and interest on the Warrants as such principal and interest come due, interest on delinquent payments at the rate of six per cent (6%) per annum, plus the reasonable cost of collection and attorneys' fees, to the extent that such costs are claimed, shall be paid from the proceeds of the special tax hereinabove pledged, as soon as collected, until the amount thereof shall have been paid in full. The County shall also pay or cause to be paid into the Sinking Fund, solely from the taxes pledged to the payment thereof, on or before January 30th in each year, beginning January 30, 1961, an additional amount equal to twenty per cent (20%) of the maximum amount payable annually in any subsequent year as principal of and interest on the Warrants, which additional amount shall be credited to a Reserve Account in the Sinking Fund, and said additional amounts shall be so paid into the Sinking Fund each year and credited to the Reserve Account until the aggregate amount accumulated in said Account is not less than the maximum amount payable annually in any subsequent year as principal of and interest on the Warrants. The money credited to the Reserve Account may, at the discretion of the County, be invested in in general obligations of the United States of America which mature not later than ten years from the date of purchase or are subject to redemption at the option of the holder in not later than ten years from the date of purchase. Any interest received on such investments or profits realized from the sale thereof shall be credited to said Reserve Account. The money credited to the Reserve Account, including the proceeds of the sale of any securities credited thereto in the event it becomes necessary to sell the securities for such purpose, shall be applied to the payment of the principal of and interest on the Warrants as the same become due and payable, but only in the event that the other money in the Sinking Fund is insufficient for such purpose. In the event any money is so paid out of the Reserve Account and the remaining money credited to said Account, including securities held for said Account, is less than the amount required to be built up and accumulated therein as hereinabove provided, the aforesaid additional annual payments from the special tax shall be continued until said Account has again been built up to the amount so required to be accumulated therein. Whenever the moneys in the Sinking Fund, including the Reserve Account therein, shall be sufficient to pay the principal and interest on all Warrants as they mature and come due, and the fees of the Trustee of said Fund, no further payments need thereafter be made to the Sinking Fund unless required for the payment of the principal of the Warrants and interest thereon as the same mature and become due.

SECTION 11. Subject to the prior pledge thereof to the payment of the obligations of the County specified in paragraph (e) of the recitals to this resolution and order, the County does hereby pledge and assign and covenant and agree to hold in trust, to be applied solely to the payment of the principal of and interest on the Warrants as the same mature and become due, a sufficient amount of the entire proceeds of the special tax

MINUTES, BOARD OF REVENUE, JUNE 17, 1960

and any tax or taxes levied in substitution for or in lieu of said special tax. The County hereby represents that said tax is being levied and collected, that no prior pledges thereof have been made except as herein specified, and that the pledge made by this resolution and order to and for the benefit of the Warrants is a first and preferred pledge of and lien and claim against the proceeds of said tax, except as herein specified. The County further covenants and agrees that such tax will be levied annually and collected at such a rate as to produce income sufficient to provide for the payment of the principal of and interest on the Warrants as the same mature and become due, and that it shall pay the same as collected into the Sinking Fund until it shall have made all payments required to be made into said Fund on the next succeeding January 30th, as provided in the foregoing section of this resolution. If in any tax year the monies paid into the Sinking Fund are less than the amount required to be paid therein as provided in the foregoing section, the amount of such deficiency shall be paid from the proceeds of the special tax collected in the succeeding tax year or years, until paid with interest, and shall be in addition to the amounts otherwise payable from the proceeds of the special tax. The Sinking Fund, and all monies at any time therein, and the proceeds of the special tax to the extent to which such proceeds are hereby ordered paid into the Sinking Fund, shall be held in trust and applied solely to the payment of the principal of and interest on the Warrants authorized by this resolution and order, and said Fund is hereby declared to be a trust fund to be used solely for the purpose of paying the principal of and interest on said Warrants. Said pledge of the special tax shall be superior to any pledge of the special tax that may hereafter be made by the County for any purpose.

SECTION 12. The Bank designated as Trustee of the Sinking Fund shall hold the same in trust and apply the monies therein to the payment of the principal of and interest on the Warrants as the same mature and become due. Whenever all the Warrants and Coupons thereunto appertaining shall have been paid in full, the Trustee shall refund and pay to the County all monies remaining in the Sinking Fund. There shall also be paid from the Sinking Fund to the Trustee the amount of its fees as Trustee, except that the Trustee's acceptance fee may be paid from the proceeds of the sale of the Warrants.

SECTION 13. The Trustee of the Sinking Fund, whether the original or a successor trustee, may resign by giving written notice of its intention so to do to the County and to Stubbs, Watkins & Lombardo, Inc., of Birmingham, Alabama, or the successor to their business. In the event of the resignation of the Trustee of the Sinking Fund, or in the event said Trustee shall fail or refuse or become unable to perform its duties as Trustee thereof, the County may and hereby obligates itself to appoint as successor trustee a bank in the State of Alabama which shall be a member of the Federal Reserve System and of the Federal Deposit Insurance Corporation and qualified to serve as trustee in the State of Alabama. In the event that such successor trustee shall be so appointed, the County shall immediately give notice in writing of such appointment to Stubbs, Watkins & Lombardo, Inc., of Birmingham, Alabama or their successors. All provisions of this resolution and order applicable to the Trustee shall apply to any successor trustee so appointed.

SECTION 14. The Trustee of the Sinking Fund shall evidence its acceptance of the duties hereby imposed upon it by filing with the Chairman of the Board of Revenue a written acceptance substantially as follows:

MINUTES, BOARD OF REVENUE, SEPTEMBER 5, 1960

The Board of Revenue of Limestone County, Alabama, met in regular session at the county courthouse in Athens, Alabama, on September 5, 1960, at 10:30 o'clock, A.M. The following members were present: Homer McLemore, Chairman of the Board of Revenue, and Thomas L. Hammons, Grady Holland, Grady J. McLemore and R. O. Moore, Members of the Board of Revenue: absent: none. Homer McLemore presided as chairman of the meeting and, a quorum being present, declared the meeting open for the transaction of business. The minutes of the preceding meeting were read and approved.

Mr. Thomas L. Hammons introduced the following resolution and order, including the preambles thereto:

The Board of Revenue of Limestone County (herein called "the board") in Limestone County (herein called "the county") in the State of Alabama (herein called "the state") has ascertained and does hereby find and declare as follows:

(a) It is desirable that the county construct and improve or aid in the construction of improvement of necessary public roads and bridges in the county. The board estimates that the total cost necessary to be paid by the county in the performance of such work will be not less than \$200,000, and that the life of the said roads and bridges will be not less than twenty years from May 1, 1960.

(b) The county does not now have and will not have from its income which will accrue prior to the end of its current fiscal year or prior to the completion of such work funds which will be sufficient and available for said purposes. The county has ascertained that it will be impossible to raise funds for such purposes in any manner other than by anticipation of the proceeds which will be received by the county proceeds which will be received by the county in the future from the tax levied by the state under Section 647 of Title 51 of the Code of Alabama of 1940, as amended, and distributed to the county pursuant to the provisions of Sections 655 and 657 of Title 51 of said code, as amended, and any substitute for said tax and any tax levied in lieu thereof (which taxes are together herein referred to as "the state tax"). To that end and in order to provide the funds required for said purposes, it will be necessary that the county anticipate the proceeds from the state tax by the issuance of the warrants of the county hereinafter authorized, payable in installments in the future in the manner hereinafter provided.

(c) During the following fiscal years of the county it received from the state, as the county's share of the state tax, the aggregate sums respectively set opposite the years indicated in the following schedule:

During the county's fiscal year ending:	The county received the aggregate sum of:
September 30, 1955	\$347,333.24
September 30, 1956	378,439.95
September 30, 1957	393,657.58
September 30, 1958	397,647.29
September 30, 1959	421,842.84

In the opinion of the board, the aggregate amount which will be received by the county as its share of the state tax during each fiscal year of the county to and including its fiscal year ending September 30, 1968, will be not less than the average of the said sums so received by it during its fiscal year ending in each of the years from 1955 to 1959, inclusive.

(d) There are no bonds, warrants, contracts or claims of any kind now outstanding which were issued or made by the county against, or which are payable out of, the proceeds hereafter to be received by the county from the state tax or for the payment of which such proceeds have been pledged, except:

\$125,000 principal amount of 1-3/4% State Gasoline Tax Anticipating Warrants of the county dated May 1, 1958, being the unpaid and outstanding portion of an issue in the original aggregate principal amount of \$150,000 which was authorized by a resolution and order adopted by the governing body of the county on June 23, 1958.

(e) When the warrants hereinafter ordered issued shall be so issued, they will constitute the first and only claim and lien on said proceeds which may hereafter be received by the county from the distributions made to it under said Sections 655 and 657 of said Title 51, as amended, except the warrants referred to in paragraph (d) of these preambles as being outstanding.

(f) During the fiscal year of the county ending September 30, 1959, it received a total of \$38,610.74 from the special 1/4 of 1% ad valorem tax levied by the county under the provisions of Section 215 of the Constitution of Alabama of 1901 for the payment of debts or liabilities created subsequent to the adoption of the said constitution for the erection of necessary public buildings roads or bridges.

NOW, THEREFORE, it is hereby RESOLVED, ASCERTAINED, ORDERED AND DECREED by the Board as follows:

(1) Adoption of Findings. The findings and statements set out in foregoing paragraphs lettered from (a) to (f), inclusive, are hereby found and declared to be true and are hereby adopted as a part of this resolution and order.

(2) Authorization and Description of the Warrants. (5) Sources of Payment into Special Fund. The moneys so provided to be paid into the special fund shall be paid solely out of the moneys which shall hereafter be or become due or payable to the county, or to which the county shall be entitled, from any of the following sources:

(a) All sums which shall be or become due or payable to the county as payment of its share of the state tax and allocated or distributed to the county pursuant to the provisions of Section 655 of Title 51 of the Code of Alabama of 1940, as amended; plus

(b) All sums which shall be or become due or payable to the county as payment of its share of the state tax and allocated or distributed to the county pursuant

to the provisions of Section 657 of Title 51 of said Code of Alabama of 1940, as amended: plus

(c) All sums and amounts which shall be or become due or payable to the county by any succeeding, corresponding, equivalent, amended, supplemental or additional act of provisions of law authorizing or relating to collections received by or apportioned to the county from gasoline or other motor fuel taxes, or the proceeds thereof, or any tax levied by the county or the state all or a portion of the proceeds of which may be received by the county in lieu of the tax presently levied by Section 647 of Title 51 of the Code of Alabama of 1940, as amended, and which the county shall be lawfully authorized to appropriate, transfer, pledge or use for the construction or maintenance of roads and bridges in the county or for payment of the warrants and the coupons' it being the intention hereof to include and subject to and set aside, for payment of the principal of and the interest on the warrants, the aforesaid portions of the proceeds payable to the county not merely by virtue of said Sections 655 and 657 of Title 51 of said Code of Alabama of 1940, as amended, but the proceeds payable to or collected by the county under any corresponding succeeding, equivalent, amended, supplemental or additional provisions of law or any law in lieu thereof which the county may lawfully pledge, assign or set apart for the purposes hereof.

It is hereby specifically declared that there shall not be used for payment into the special fund any portion of any moneys derived from the state tax which shall be paid, allocated or credited to the county under the provisions of the Farm to Market Road Act of 1943 of Alabama, as amended.

(6) Assignment and Pledge of Special Fund. The special fund and all moneys at any time in or pertaining thereto, and the proceeds at any time payable to the county from the tax or taxes referred to in paragraph (5) hereof and herein ordered paid into the special fund, are hereby assigned to and pledged with the trustee hereinafter referred to as security for payment of the principal of and the interest on the warrants and the coupons. Failure to pay into the special fund the proceeds received by the county from the said tax or taxes which are required in this resolution and order to be paid into the special fund shall constitute a diversion of said proceeds. Said assignment and pledge are made for the pro rata benefit of the warrants without preference or priority of one warrant over another by reason of prior issuance or otherwise and shall be and remain prior to any assignment or pledge of any proceeds of the said tax or taxes which may hereafter be made for the benefit of any other warrants of the county hereafter issued or any contract of the county hereafter made. The special fund shall constitute a trust fund for the benefit of the warrants, and the trustee therefor is hereby authorized and directed to use so much of the moneys on deposit therein as may be necessary to pay the warrants and the coupons at their respective maturities.

(7) Trustee of Special Fund. Union Bank and Trust Company (herein called "the trustee"), a bank doing business in the City of Montgomery, Alabama, is hereby designated trustee for the special fund pursuant to the provisions of this resolution and order. The special fund shall be held and treated by the trustee as a trust fund for the purposes herein provided. Out of the moneys paid into the special fund pursuant to the provisions of paragraph (4) hereof, the trustee is hereby directed, and by acceptance of its duties hereunder agrees, to pay or provide for payment at their respective maturities the warrants and the coupons upon presentation thereof on or after their respective maturities. As any of the warrants and coupons shall be paid, they shall be cancelled and transmitted to the county depository. If any moneys remain in the special fund following payment of all the warrants and the coupons, such moneys shall thereupon be remitted by the trustee to the county. The county agrees with the trustee that the county will pay to the trustee, promptly upon issuance of the warrants, a trustee's acceptance fee in the amount customarily charged by trustees in the State of Alabama for acting as trustees for funds similar to the special fund herein created, and thereafter it will pay to the trustee on May 1 of each successive year while the warrants remain unpaid an annual trustee's fee likewise in the amount customarily charged by trustees in the State of Alabama for acting as trustees for similar special funds. Each such annual fee, shall to the extent legally permissible, be paid out of the special fund, and, to the extent such action may not be legally permissible, out of any other moneys of the county available therefor which may legally be used for such purpose.

(8) Authorization to Remit Direct to Trustee. The State Comptroller of the State of Alabama and any successor to his duties are hereby authorized and directed to transmit directly to the trustee such portion of all moneys hereafter payable to the county out of the taxes referred to in paragraph (5) hereof as may be necessary to make the payments into the special fund in accordance with the provisions of paragraph (4) hereof, beginning with the payment required therein to be made during the month of October 1960. The county depository of the county and each successor to its duties are hereby ordered and directed to take all steps that may be necessary to cause such payments to be made into the special fund, including the grant to the trustee of authority to collect the payments so provided to be made direct to the trustee by the said State Comptroller and the authority to endorse all warrants, vouchers and checks therefor and to apply the proceeds thereof toward payment of the principal of and interest on the warrants, by the transfer of moneys, in the amounts and at the times herein specified, to the banking institution at which the warrants are payable. The county agrees with each holder of the warrants and the coupons that, so long as any of the warrants and the coupons shall remain unpaid, it will not revoke the authority and direction for transmission directly to the trustee as contained in the preceding sentence of this paragraph.

(9) Appointment of Successor Trustee. The trustee at any time serving hereunder may resign as such by written notice of such resignation given to the county, to the original purchasers of the warrants from the county and to the State Comptroller of the State of Alabama or the successor to his duties. In the event the trustee should at any time hereafter resign or cease or refuse or become unable to act as trustee hereunder for the special fund, the county agrees that it will thereupon appoint a successor trustee hereunder, which successor trustee shall be a banking institution in the State of Alabama which is at the time of such appointment a member of the Federal Reserve System and all or any part of whose deposits shall be insured by the Federal Deposit Insurance Corporation or any similar instrumentality of the United States of America, if there is any such. Upon the appointment of such successor trustee the county shall, within five days thereafter, give notice in writing of such appointment to the said State Comptroller (or to the successor to his duties) and to the original purchasers of the warrants from the county. All provision of this resolution applicable to the trustee shall likewise be applicable to any successor to it so appointed.

(10) General Faith and Credit Not Pledged. The general faith and credit of the county are not pledged for payment of the warrants or the coupons. The warrants and the coupons shall not be general obligations of the county but shall be payable solely out of the special fund. Neither this resolution nor any of the warrants or the coupons issued hereunder shall be deemed to impose upon the county any obligation to pay the principal of or the interest on the warrants, or any other sum, except with the moneys herein directed to be paid into the special fund. None of the agreements, representations and warranties made or implied in this resolution and order, or in the issuance of the Warrants and the coupons, shall ever impose any pecuniary liability upon the county, except with respect to the moneys herein directed to be paid into the special fund. Nothing herein contained, however, shall be construed to relieve the county from the performance of any of its agreements herein contained or to relieve any of the officials of the county of any of their official duties.

(11) Form of Warrants. The form of warrants and the coupons and the form for assignment of the warrants shall be in substantially the forms as follows, with appropriate changes therein to conform with the provisions hereof:

Re: Equipment Purchase
Limestone County

Dear Sir:

According to the instruction from the Board of Revenue I went with two Commissioners, namely Mr. Herbert Pugh and Mr. Thomas Lee Hammons and our shop superintendent, Mr. Leo Covington. We found the equipment in Blount County near Alabama Highway 79 just south of Cleveland, Alabama.

The equipment which you are interested in buying is listed as follows:

- 1 Large Fordson Tractor with diesel engine which is apparently in fine condition. I would estimate it to be worth \$3,500.00.
- 1 Tampo Manufacturing Co. of San Antonio, Texas double sheepsfoot roller, Model No. H-2, Serial No. 2628. This roller apparently is in fine shape. It shows very little wear on the feet or the swivel hitch. I estimate it to be worth \$1,600.00.
- 1 Browning Manufacturing Company of San Antonio, Texas double sheepsfoot roller Model D-112, Serial No. 472. This roller is apparently in good condition. It has been used much more than the other. The bearings appear to be in good condition. The feet and swivel hitch show some wear. I would estimate the value of this roller at \$1,300.00.
- 1 The Browning Manufacturing Company 11 wheel rubber tired roller, Model B-11, Serial No. 446 is apparently in good shape except one tire which was flat. This roller shows very little wear. I estimate it value at \$1,300.00.
- 1 One water tank, 98" long - 72" wide and 53" high with inlet pipe and outlet pipe for spray bar. It is in good condition and I estimate its value at \$325.00.

There was another water tank which I was supposed to appraise but we failed to locate it.

Yours very truly

/s/ C. B. Sartain
County Engineer, Limestone County

All members voted for said motion.

It is ordered that the following pump be purchased from Tractor & Equipment Company from the State Aid Fund.

Article VII The County hereby assumes the obligation of perpetual maintenance of the project beginning on the date same is completed and accepted by the State Highway Department. Such maintenance shall preserve the riding surface and typical section of the roadway by means of systematic routing and periodic repair, the nurture and replacement when necessary of grass, and, ditch checks, or other devices for prevention of erosion, the protection of inflammable structures from fire and maintaining the inlet and outlet ditches to drainage structures in such condition that the said structures may function properly at all times. The County agrees that failure on its part to maintain the project in condition satisfactory to the State Highway Department shall be cause for said State Highway Department to defer beginning a new project, until the maintenance of this project has been brought to satisfactory condition.

In witness whereof the parties have hereunto affixed their signatures the County of the day and year above written and the Director on the 23rd day of October, 1961.

CONTRACT FOR ENGINEERING SERVICES

THIS AGREEMENT, made and entered into as of the 5th day of February, 1962, by and between Henry C. Mabry, Engineer, Alabama Registration No. 986, hereinafter referred to as the engineer, and City of Athens, a municipal corporation; Limestone County, Alabama, a municipal corporation; City of Decatur, a municipal corporation; and Morgan County, Alabama, a municipal corporation, hereinafter referred to as the owners.

WITNESSETH:

WHEREAS, the owners, in conjunction with the State of Alabama and the United States Government have under consideration plans for construction of a runway extension and/or other improvements at the airport owned jointly by the owners, situated in Limestone County, Alabama, known as "Pryor Field"; and

WHEREAS, the owners desire to secure the services of the engineer to make surveys, investigations, estimates of cost, prepare plans and specifications, assist in preparing applications to the State and Federal Governments for grants to assist in paying the costs of said project, and in the event the owners determine to proceed with the project, to stake out, establish line and grade and supervise and inspect the construction of such improvements and furnish "as built" plans;

NOW, THEREFORE, in consideration of the premises and the mutual promises and covenants of the parties hereto, it is agreed by and between the parties as follows:

1. The owners do hereby employ the engineer to perform the engineering services in connection with the construction of the above described improvements on the owners' airport known as "Pryor Field", and to pay to the engineer for the said services a fee of 10% of the total cost of said improvements, said fee to be divided: 5% for plans, specifications, details, estimates and preparation of applications for Federal and State grants, and 5% for stake-out of established line and grade and supervision and inspection during construction and furnishing "as built" plans, provided that in the event the owners determine not to do the work after preparation of plans, specifications, details, estimates and applications for Federal and State grants, that the owners may terminate this contract and the only compensation that shall be paid to the engineer shall be 5% of the total estimated construction cost of the work.

The compensation to the engineer shall be due and payable as follows: 5% of the total estimated construction cost of the project based on actual cost of similar items of construction work performed on actual contracts executed within the preceding six calendar months shall be paid upon completion of plans, specifications, details and applications for Federal and State grants, and the approval of said plans, etc., by the State and Federal agencies. The remaining 5% shall be payable as work progresses, if the project is finally undertaken, in installments calculated from the percentage of completion of the contract, provided that 10% of the amount of such fee based on each estimate shall be withheld until final settlement has been made with construction contractors and the project completed and accepted by the owners. The total fee for the services hereinabove listed and described shall not exceed 10% of the total construction cost of the work.

2. The engineer agrees to make careful surveys, designs, estimates of cost, drawings, plans, and specifications covering said improvements of Pryor Field, including any and all plans, drawings and specifications which may be required by the owners or by the State and Federal Governments in said project and agrees to assist in the preparation of applications for Federal and State grants toward the cost of said improvements, and to prepare contract forms or proposals, notice to bidders, to assist in receiving bids on said work

MINUTES, BOARD OF REVENUE, FEBRUARY 5, 1962

and endeavor to secure the maximum economy in making such improvements, consistent with good practice, and to make recommendations to the owners as to the relative merit of material and equipment. The engineer further agrees that in the event the owners determine to construct the improvements, that he will stake out the established line and grade and furnish general engineering supervision and inspection during the construction and make a final inspection and report to the owners and recommend for acceptance by the owners of work that is satisfactorily completed. Upon final completion of the project the engineer agrees to furnish a sufficient number of sets of "as built" plans to meet the requirements of the owners and the State and Federal agencies.

The engineer agrees to complete the Plans, specifications, etc, to the satisfaction of the owners and the State and Federal agencies within ninety (90) working days after receiving information as to the Federal Aviation Agency requirements. A failure to furnish said plans within such time shall authorize the owners, at their option, to terminate this contract in its entirety, and in the event they do so they shall have no further obligation to the engineer hereunder.

The owners agree to furnish to the Engineer, at the proper time, the services of such attorneys as may be required, or any other legal expense in connection with said improvements.

The owners agree to employ the services of a reputable laboratory in the making of all necessary tests of materials to be used in the work, as shall, in the opinion of the Engineer, be required to insure a satisfactory result other than normal construction type tests as follows:

1. Base course Material gradation tests and analysis.
2. Field compaction tests for both subgrade and base course materials.
These specified tests shall be conducted by the Engineer at no additional cost to the owners.

3. In the event owners do not determine to proceed with construction of the improvements, after plans, specifications, estimates, etc., have been prepared, the owners may at any time thereafter cancel this contract and, in the event they later determine to do the work, may if they so desire, employ another or other engineers for stake-outs, supervision during construction, etc.

IN WITNESS WHEREOF, the parties hereto have executed this contract as of the day and date first hereinabove written.

MOTION made by Thomas L. Hammons and seconded by Grady Holland to adopt the
following Resolution in regard to the Swan Creek Water Shed Program. All members
voted for motion.

RESOLUTION

TO THE HONORABLE
THE SECRETARY OF AGRICULTURE
UNITED STATES DEPARTMENT OF AGRICULTURE

It has become necessary to amend the application for Federal Assistance under
the Watershed Protection and Flood Prevention Act(Public Law 566) in preparing
and carrying out plans for works of improvement for the Swan Creek watershed, State
of Alabama, dated November, 1959.

The following information is submitted in support of the amendment to the
application:

The amendment becomes necessary as landowners in three watersheds lying adjacent
to the Swan Creek Watershed voted to have these watersheds annexed to and be made
a part of the Swan Creek Watershed Project.

The request for annexation was prompted by the frequent occurrence of flooding
causing loss of crops and livestock and damage to property. The three watersheds
include the land drained by Spring Creek, Mud Creek and Hilay Creek. Their combined
drainage area is approximately 19,000 acres and increased the total acres in the
watershed as amended to 54,000.

The Limestone County Soil Conservation District was petitioned to hold a
referendum to determine the wishes of the landowners of the three watersheds
toward being annexed to the Swan Creek Watershed Project. Before holding such
a referendum, the Soil Conservation District obtained approval for such annexation
from the Board of Directors of the Swan Creek Watershed Conservancy District. When
this was accomplished, the referendum was held on October 17, 1961 with 67 voting for
and none voting against the annexation.

The local sponsoring organizations submit this as an amendment to the original
Swan Creek Watershed application and hereby request that it be accepted.

Witness the signatures of the undersigned local organization(s) on the dates
shown below.(Type or print all information except signatures).

MOTION made by Herbert Pugh and seconded by Grady Holland to appropriate \$625.00 for advertising Limestone County and the Elk River Development Association in the NASHVILLE TENNESSEAN on the 150th anniversary. The Elk River Development Association promotes the development of the Elk River Valley's natural resources, navigation, reforestation, flood control, better highways and industry for Limestone County. All members voted for said motion.

Mr. Grady Holland introduced the following resolution and order, including the preambles thereto:

The Board of Revenue of Limestone County (herein called "The board") in Limestone County (herein called "The county") in the State of Alabama (herein called "the state") has ascertained and does hereby find and declare as follows:

(a) It is desirable that the county construct and improve or aid in the construction or improvement of necessary public roads and bridges in the county. The Board estimates that the total cost necessary to be paid by the county in the performance of such work will be not less than \$200,000, and that the life of the said roads and bridges will be not less than twenty years from March 15, 1962.

(b) The county does not now have and will not have from its income which will accrue prior to the end of its current fiscal year or prior to the completion of such work funds which will be sufficient and available for said purposes. The county has ascertained that it will be impossible to raise funds for such purposes in any manner other than by anticipation of the proceeds which will be received by the county in the future from the tax levied by the state under Section 647 of Title 51 of the Code of Alabama of 1940, as amended, and distributed to the county pursuant to the provisions of Sections 655 and 657 of Title 51 of said code, as amended, and any substitute for said tax and any tax levied in lieu thereof (which taxes are together herein referred to as "the state tax"). To that end and in order to provide the funds required for said purposes, it will be necessary that the county anticipate the proceeds from the state tax by the issuance of the warrants of the county hereinafter authorized, payable in installments in the future in the manner hereinafter provided.

(c) During the following fiscal years of the county it received from the state, as the county's share of the state tax, the aggregate sums respectively set opposite the years indicated in the following schedule:

<u>During the county's fiscal year ending:</u>	<u>The county received the aggregate sum of:</u>
September 30, 1957	\$393,657.58
September 30, 1958	397,647.29
September 30, 1959	421,842.84
September 30, 1960	432,269.84
September 30, 1961	442,034.08

In the opinion of the board, the aggregate amount which will be received by the county as its share of the state tax during each fiscal year of the county to and including its fiscal year ending September 30, 1971, will be not less than the average of the said sums so received by it during its fiscal year ending in each of the years from 1957 to 1961, inclusive.

(d) There are no bonds, warrants, contracts or claims of any kind now outstanding which were issued or made by the county against, or which are payable out of, the proceeds hereafter to be received by the county from the state tax or for the payment of which such proceeds have been pledged, except:

\$50,000 principal amount of 1-3/4% State Gasoline Tax Anticipation Warrants of the county dated May 1, 1958, being the unpaid and outstanding portion of an issue in the original aggregate principal amount of \$150,000 that was authorized by a resolution and order adopted by the governing body of the county on June 23, 1958; and \$200,000 principal amount of 3-1/2% State Gasoline Tax Anticipation Warrants of the county dated May 1, 1960, being all of an issue in the aggregate principal amount of \$200,000 that was authorized by a resolution and order adopted by the governing body of the county on September 5, 1960.

(e) When the warrants hereinafter ordered issued shall be so issued, they will constitute the first and only claim and lien on said proceeds which may hereafter be received by the county from the distributions made to it under said Sections 655 and 657 of said Title 51, as amended, except the warrants referred to in paragraph (d) of these preambles as being outstanding.

(f) During the fiscal year of the county ending September 30, 1961, it received a total of \$42,951.76 from the special 1/4 of 1% ad valorem tax levied by the county under the provisions of Section 215 of the Constitution of Alabama of 1901 for the payment of debts or liabilities created subsequent to the adoption of the said constitution for the erection of necessary public buildings, roads and bridges.

MINUTES, BOARD OF REVENUE, MARCH 19, 1962

(g) The aggregate principal and interest which will become payable during each fiscal year of the county on the warrants of the county hereinafter ordered issued, when added to the principal and interest payable during each such fiscal year on all other warrants of the county which will then be outstanding and which are payable out of that portion of the state tax distributed to the county under the provisions of Sections 655 and 657 of Title 51 of said code, as amended, will not exceed fifty per centum (50%) of the amount distributed to the county under the provisions of the said Sections 655 and 657, as amended, during the fiscal year of the county which ended September 30, 1961.

The coupons shall bear the facsimile signature of the chairman of the board, whose facsimile signature shall be valid in all respects as if his signature had been signed to the coupons by him in person. The chairman of the board and the county depository of the county are hereby authorized and directed to register the warrants and the coupons as claims against the State Gasoline Tax Anticipation Warrant Fund of 1962 of the county hereinafter referred to, which registration shall be made simultaneously with respect to all the warrants and the coupons.

(4) Creation of and Payments into Special Fund. There is hereby established a special fund to be known as the "State Gasoline Tax Anticipation Warrant Fund of 1962" (herein called "the special fund") for the purpose of providing for payment of the principal of and the interest on the warrants and the coupons. In addition thereto, there shall also be paid into the special fund during each successive six months' period commencing with the period beginning September 15, 1962, and continuing until the principal of and the interest on all of the warrants shall have been paid in full (but not exceeding a total of twenty years from the date of the warrants), the following amounts: (a) the amount by which all payments made into the special fund during any preceding six months' period shall be less than the amount herein required to be paid into the special fund during such preceding period; (b) the amount of all sums theretofore paid into the special fund which shall have been lost or which are not for any reason immediately available for payment of such principal and interest; and (c) any additional sums which may be necessary to pay the principal of and the interest on the warrants as said principal and interest are herein provided to be paid.

(5) Sources of Payment into Special Fund. The moneys so provided to be paid into the special fund shall be paid solely out of the moneys which shall hereafter be or become due or payable to the county, or to which the county shall be entitled, from any of the following sources:

(a) All sums which shall be or become due or payable to the county as payment of its share of the state tax and allocated or distributed to the county pursuant to the provisions of Section 655 of Title 51 of the Code of Alabama of 1940, as amended; plus

(b) All sums which shall be or become due or payable to the county as payment of its share of the state tax and allocated or distributed to the county pursuant to the provisions of Section 657 of Title 51 of said Code of Alabama of 1940, as amended; plus

(c) All sums and amounts which shall be or become due or payable to the county by any succeeding, corresponding, equivalent, amended, supplemental or additional act or provisions of law authorizing or relating to collections received by or apportioned to the county from gasoline or other motor fuel taxes, or the proceeds thereof, or any tax levied by the county or the state all or a portion of the proceeds of which may be received by the county in lieu of the tax presently levied by Section 647 of Title 51 of the Code of Alabama of 1940, as amended, and which the county shall be lawfully authorized to appropriate, transfer, pledge or use for the construction or maintenance of roads and bridges in the county or for payment of the warrants and the coupons; it being the intention hereof to include and subject to and set aside, for payment of the principal of and the interest on the warrants, the aforesaid portions of the proceeds payable to the county not merely by virtue of said Sections 655 and 657 of Title 51 of said Code of Alabama of 1940, as amended, but the proceeds payable to or collected by the county under any corresponding, succeeding equivalent, amended, supplemental, or additional provision of law of any law in lieu thereof which the county may lawfully pledge, assign or set apart for the purposes hereof.

It is hereby specifically declared that there shall not be used for payment into the special fund any portion of any moneys derived from the state tax which shall be paid, allocated or credited to the county under the provisions of the Farm to Market Road Act of 1943 of Alabama, as amended.

(6) Assignment and Pledge of Special Fund. The special fund and all moneys at any time in or pertaining thereto, and the proceeds at any time payable to the county from the tax or taxes referred to in paragraph (5) hereof and herein ordered paid into the special fund, are hereby assigned to and pledged with the trustee hereinafter referred to as security for payment of the principal of and the interest on the warrants and the coupons. Failure to pay into the special fund the proceeds received by the county from the said tax or taxes which are required in this resolution and order to be paid into the special fund shall constitute a diversion of said proceeds. Said assignment and pledge are made for the pro rata benefit of the warrants without preference or priority of one warrant over another by reason of prior issuance or otherwise and shall be and remain prior to any assignment or pledge of any proceeds of the said tax or taxes which may hereafter be made for the benefit of any other warrants of the county hereafter issued or any contract of the county hereafter made. The special fund shall constitute a trust fund for the benefit of the warrants, and the trustee therefore is hereby authorized and directed to use so much of the moneys on deposit therein as may be necessary to pay the warrants and the coupons at their respective maturities.

(7) Trustee of Special Fund. Birmingham Trust National Bank (herein called "the trustee"), a bank doing business in the City of Birmingham, Alabama is hereby designated trustee for the special fund pursuant to the provisions of this resolution and order. The special fund shall be held and treated by the trustee as a trust fund for the purposes herein provided. Out of the moneys paid into the special fund pursuant to the provisions of paragraph (4) hereof, the trustee is hereby directed, and by acceptance of its duties hereunder agrees, to pay or provide for payment at their respective maturities the warrants and the coupons upon presentation thereof on or after their respective maturities. As any of the warrants and coupons shall be paid, they shall be cancelled and transmitted to the county depository. If any moneys remain in the special fund following payment of all the warrants and the coupons, such moneys shall thereupon be remitted by the trustee to the county. The county agrees with the trustee that the county will pay to the trustee, promptly upon issuance of the warrants, a trustee's acceptance fee in the amount customarily charged by trustees in the State of Alabama for acting as trustees for funds similar to the special fund herein created, and thereafter it will pay to the trustee on March 15 of each successive year while the warrants remain unpaid an annual trustee's fee likewise in the amount customarily charged by trustees

MINUTES, BOARD OF REVENUE, MARCH 19, 1962

in the State of Alabama for acting as trustees for similar special funds. Each such annual fee shall, to the extent legally permissible, be paid out of the special fund, and, to the extent such action may not be legally permissible, out of any other moneys of the county available therefor which may legally be used for such purpose.

(8) Authorization to Remit Direct to Trustee. The State Comptroller of the State of Alabama and any successor to his duties are hereby authorized and directed to transmit directly to the trustee such portion of all moneys hereafter payable to the county out of the taxes referred to in paragraph (5) hereof as may be necessary to make the payments into the special fund in accordance with the provisions of paragraph (4) hereof, beginning with the payment required therein to be made during the month of April 1962. The county depository of the county and each successor to its duties are hereby ordered and directed to take all steps that may be necessary to cause such payments to be made into the special fund, including the grant to the trustee of authority to collect the payments so provided to be made direct to the trustee by the said State Comptroller and the authority to endorse all warrants, vouchers and checks therefor and to apply the proceeds thereof toward payment of the principal of and interest on the warrants, by the transfer of moneys, in the amounts and at the times herein specified, to the banking institution at which the warrants are payable. The county agrees with each holder of the warrants and the coupons that, so long as any of the warrants and the coupons shall remain unpaid, it will not revoke the authority and director for transmission directly to the trustee as contained in the preceding sentence of this paragraph.

(9) Appointment of Successor Trustee. The trustee at any time serving hereunder may resign as such by written notice of such resignation given to the county, to the original purchasers of the warrants from the county and to the State Comptroller of the State of Alabama or the successor to his duties. In the event the trustee should at any time hereafter resign or cause or refuse or become unable to act as trustee hereunder for the special fund, the county agrees that it will thereupon appoint a successor trustee hereunder, which successor trustee shall be a banking institution in the State of Alabama which is at the time of such appointment a member of the Federal Reserve System and all or any part of whose deposits shall be insured by the Federal Deposit Insurance Corporation or any similar instrumentality of the United States of America, if there is any such. Upon the appointment of such successor trustee the county shall, within five days thereafter, give notice in writing of such appointment to the said State Comptroller (or to the successor to his duties) and to the original purchasers of the warrants from the county. All provisions of this resolution applicable to the trustee shall likewise be applicable to any successor to it so appointed.

(10) General Faith and Credit Not Pledged. The general faith and credit of the county are not pledged for payment of the warrants or the coupons. The warrants and the coupons shall not be general obligations of the county but shall be payable solely out of the special fund. Neither this resolution nor any of the warrants or the coupons issued hereunder shall be deemed to impose upon the county any obligation to pay the principal of or the interest on the warrants, or any other sum except with the moneys herein directed to be paid into the special fund. None of the agreements, representations and warranties made or implied in this resolution and order, or in the issuance of the warrants and the coupons, shall ever impose any pecuniary liability upon the county, except with respect to the moneys herein directed to be paid into the special fund. Nothing herein contained, however, shall be construed to relieve the county from the performance of its agreements herein contained or to relieve any of the officials of the county of any of their official duties.

(11) Form of Warrants. The form of warrants and the coupons and the form of assignment of the warrants shall be in substantially the forms as follows, with appropriate changes therein to conform with the provisions hereof:

The full faith and credit of the county are not pledged to payment of this warrant or the interest thereon and this warrant is not a general obligation of the county. The county is not obligated to pay the principal of or the interest on this warrant except from moneys ordered paid into said special fund, and none of the agreements, representations or warranties made or implied in the issuance of this warrant shall be deemed to impose any liability whatsoever upon the county, except to pay the principal hereof and the interest hereon out of the moneys ordered paid into said special fund.

The State Examiners of Public Accounts instructed the Board of Revenue as follows during their audit of the period October 1, 1960 thru September 30, 1961.

"It was disclosed during the examination that a large volume of sales of crushed stone was made to individuals and/or private business concerns. It was also found that most of these sales were made on a credit basis which sales were not formally recorded until payment was made therefor. Your Examiner met with the Board relative to these sales from the county's rock crusher plant on February 19, 1962 at which time they were advised that such sales may be continued, but on a cash basis. This authority was based on the powers granted to the county governing bodies with reference to construction, maintenance and improvement of public roads and bridges by Title 23, Section 43, Code of Alabama, 1940. The Authority of county governing bodies to do or perform private work, rent or lease equipment or sale of surplus materials, is predicated upon there being no present need for the use of such personnel or equipment for public county purposes and upon the further fact that the county be justly compensated for services rendered. Further reference is made for this authority in Biennial Report of the Attorney General 1926-28, page 368 and other informal opinions dated April 8, 1954 and February 1, 1961."

"The Board was instructed as follows:

- (a) Discontinue credit sales.
- (b) Authority be furnished by order from designated personnel in the accounting office at the Courthouse to the Rock Crusher Plant, prior to sale or delivery of stone.
- (c) Reference to such order be noted on sales ticket which tickets are verified for accountability in their numerical sequence.

MINUTES, BOARD OF REVENUE, JUNE 28, 1962

- (d) To insure that the county is fully compensated for these sales, that the board, probably working with the Engineer, establish a more current cost basis per ton for sale of crushed stone, taking into account all costs, including equipment.
- (e) That the Board insert in its minutes proper resolution authorizing these sales.
- (f) That all expense and revenue be recorded in a separate fund, (Rock Crusher Fund), as presently being done, including that portion of stone furnished for county roads: the fund being fully compensated by the Gasoline and/or State Aid County Road Funds.
- (g) That the Board vigorously pursue collection of accounts presently on the informal records, as they were responsible therefor.

It is ordered that the instructions set forth above are hereby adopted by this Board as correct procedure governing the sale of crushed stone. Beginning July 1, 1962 all sales will be on a cash basis with proper order issued by persons so designated in the office of the Board of Revenue.

Section 2. Findings by the Board. The board has caused an investigation to be made and, upon such investigation and evidence duly submitted and considered by it, hereby finds, determines and declares as follows:

(a) It is desirable that the county construct and improve or aid in the construction or improvement of necessary public roads and bridges in the county. The Board estimates that the total cost necessary to be paid by the county in the performance of such work shall be not less than \$200,000, and that the life of the said roads and bridges will be not less than twenty years from June 15, 1963.

(b) The county does not now have and will not have from its income which will accrue prior to the end of its current fiscal year or prior to the completion of such work funds which will be sufficient and available for said purposes. The county has ascertained that it will be impossible to raise funds for such purposes in any manner than by anticipation of the proceeds which will be received by the county in the future from the state tax. To that end and in order to provide the funds required for said purposes, it will be necessary that the county anticipate the proceeds from the state tax by the issuance of the warrants of the county hereinafter authorized, payable in installments in the future in the manner hereinafter provided.

(c) During the following fiscal years of the county it received from the state, as the county's share of the state tax, the aggregate sums respectively set opposite the years indicated in the following schedule:

In the opinion of the board, the aggregate amount which will be received by the county as its share of the state tax during each fiscal year of the county to and including its fiscal year ending September 30, 1972, will be not less than the average of the said sums so received by it during its fiscal year ending in each of the years from 1958 to 1962, inclusive.

(d) There are no bonds, warrants, contracts or claims of any kind now outstanding which were issued or made by the county against, or which are payable out of, the proceeds hereafter to be received by the county from the state tax or for payment of which such proceeds have been pledged, except:

\$180,000 principal amount of 3 $\frac{1}{2}$ % State Gasoline Tax Anticipation Warrants of the county dated May 1, 1960, being the unpaid and outstanding portion of an issue in the original aggregate principal amount of \$200,000 that was authorized by a resolution and order adopted by the governing body of the county on September 5, 1960; and

\$200,000 principal amount of 4% State Gasoline Tax Anticipation Warrants of the county dated on March 15, 1962, being all of an issue in the aggregate principal amount of \$200,000 that was authorized by a resolution and order adopted by the governing body of the county on March 19, 1962.

(e) When the warrants hereinafter ordered issued shall be so issued, they will constitute the first and only claim and lien on the proceeds from the state tax, except the warrants referred to in subsection (d) of this section.

(f) During the fiscal year of the county ending September 30, 1962, it received a total of \$45,147.57 from the special 1/4 of 1% ad valorem tax levied by the county under the provisions of Section 215 of the Constitution of Alabama on 1901 for the payment of debts or liabilities created subsequent to the adoption of the said constitution for the erection of necessary public buildings, roads and bridges.

(g) The aggregate principal and interest which will be come payable during each fiscal year of the county on the warrants of the county hereinafter ordered issued, when added to the principal and interest payable during each such fiscal year on all other warrants of the county which will then be outstanding and which are payable out of the state tax, will not exceed fifty per centum (50%) of the amount of the state tax distributed to the county during the fiscal year of the county which ended September 30, 1962.

Such interest shall be payable semiannually on June 15 and December 15 in each year and shall be evidenced by separate interest coupons (herein called "the coupons") attached to the warrants. The warrants and the coupons shall bear interest at the rate of 6% per annum after their respective maturities and shall be payable in lawful money of the United States of America at the principal office of the First National Bank of Birmingham in the City of Birmingham in the State of Alabama.

Section 4. Execution and Registration of the Warrants. The warrants shall be signed by the chairman of the board. The official seal of the county shall be affixed to the warrants, for which purpose the seal of the board is hereby adopted as the official seal of the county. register the warrants and the coupons as claims against the special fund, which registration shall be made simultaneously with respect to all the warrants and the coupons.

Section 5. Special Fund for Payment of the Warrants. There is hereby established a special fund to be known as the "State Gasoline Tax Anticipation Warrant Fund of 1963 (herein called "the special fund") for the purpose of providing for payment of the principal of and the interest on the warrants and the annual fee of the trustee with respect to the special fund. The special fund shall be maintained until both the principal of and the interest on the warrants shall have been paid in full and shall be held by the trustee for the purposes hereinafter set forth. The county shall from time to time pay or cause to be paid into the special fund, solely from the sources referred to in Section 6 hereof, such amounts as shall be sufficient to provide for payment of the principal of and the interest on the warrants at the respective maturities of the said principal and interest and the annual fee of the trustee that will become payable each year commencing with the year 1964, which amounts shall in no event be less than the following and shall be so paid into the special fund on or before the following dates:

Prior to the 15th day of July, 1963, and before the 15th day of each successive month thereafter until the principal of and the interest on the warrants have been paid in full, an amount equal to the sum of (I) one-sixth of the semiannual installment of interest maturing with respect to the warrants on the then next ensuing interest payment date, (II) one-sixth of the semiannual installment of principal, if any, maturing with respect to the warrants on the then next ensuing interest payment date, and III one-twelfth of the annual fee of the trustee which will be payable on the then next ensuing June 14.

In addition thereto, there shall also be paid into the special fund on or before the 15th day of each successive month, commencing with the month of January, 1964, and continuing until the principal of and the interest on all the warrants shall have been paid in full and each annual fee of the trustee shall have been paid (but not exceeding a total period of twenty years from June 15, 1963, the date of the warrants), the following amounts, solely from the sources referred to in Section 6 hereof: (1) the amount by which all payments made into the special fund during any preceding month shall have been less than the amount hereinrequired to be paid into the special fund during the preceding month, (2) the amount of all sums theretofore paid into the special fund pursuant to this resolution which shall have been lost or which are not for any reason immediately available for payment of said principal, interest and trustee's fee, and (3) any additional sums which may be necessary to pay at their respective maturities the principal of and interest on the warrants and on each due date thereof the trustee's fee payable on that date.

Section 6. Sources of Payments Into the Special Fund The moneys hereina provided to be paid into the special fund shall be paid solely out of the moneys which shall hereafter be or become due or payable to the county, or to which the county shall be entitled, from any of the following sources:

(a) All sums which shall be or become due or payable to the county as payment of its share of the state tax; and.

(b) All sums and amounts which shall be or become due or payable to the county by any succeeding, corresponding, equivalent, amended, supplemental or additional act or provisions of law authorizing or relating to collections received by or apportioned to the county from gasoline or other motor fuel taxes, or the proceeds thereof, or any tax levied by the county of the state all or a portion of the proceeds of which may be received by the county in lieu of the tax presently levied by Section 647 of Title 51 of the Code of Alabama of 1940, as amended, and which the county shall be lawfully authorized to appropriate, transfer, pledge or use for the construction or improvement of roads and bridges in the county or for the payment of the warrants and the coupons, it being the intention hereof to include and subject to and set aside, for payment of the principal of and the interest on the warrants, the aforesaid portions of the proceeds payable to the county not merely by virtue of Sections 655 and 657 of Title 51 of said Code of Alabama of 1940, as amended, but the proceeds payable to or collected by the county under any corresponding, successive, equivalent, amended, supplemental or additional provision of law or any law in lieu thereof which the county may lawfully pledge, assign or set apart for the purposes hereof, in such wise that if the allocation provided by said sections be repealed, amended or supplemented, any succeeding, corresponding, equivalent or additional fund shall be subject to the payment of the warrants and the interest thereon as contemplated hereby.

It is hereby specifically declared that there shall not be used for payment into the special fund any portion of any moneys derived from the state gasoline tax which shall be paid or allocated or credited to the county under the provisions of the Farm-to-Market Road Act of 1943, as amended.

Section 7. Assignment and Pledge of Special Fund and Tax Proceeds Ordered Paid Therein. The special fund and all moneys at any time in or pertaining thereto, and the proceeds at any time payable to the county from the state tax and ordered paid into the special fund, are hereby assigned to and pledged with the trustee therefor as security for payment of the principal of and the interest on the warrants. Failure to pay into the special fund the proceeds received by the county from the state tax which are herein required to be paid into the special fund shall constitute a diversion of said proceeds. Such assignment and pledge are made for the pro rata benefit of all the warrants, without preference or priority of one warrant over another by reason of prior issuance or otherwise, and shall be and remain prior to any assignment or pledge of any proceeds of the state tax which may hereafter be made for the benefit of any warrants or other securities of the county hereafter issued or any contract of the county hereafter made. The special fund shall constitute a trust fund, and the trustee

MINUTES, BOARD OF REVENUE, JUNE 21, 1963

therefor is hereby authorized and directed to use so much of the moneys on deposit therein as may be necessary to pay the principal of the interest on the warrants as said principal and interest respectively come due.

Section 8. Trustee for Special Fund. The First National Bank of Birmingham a bank doing business in the City of Birmingham, Alabama, is hereby designated trustee for the special fund pursuant to the provisions of this resolution and order. The special fund shall be held and treated by the trustee as a trust fund for the purposes herein provided. Out of the moneys in the special fund, the trustee is hereby directed, and by acceptance of its duties hereunder agrees, to pay or provide for payment at their respective maturities the warrants and the coupons upon presentation thereof on or after their respective maturities. As any of the warrants and coupons shall be paid, they shall be cancelled and transmitted to the county depository. If any moneys remain the special fund following payment of all the warrants and the coupons, such moneys shall thereupon be remitted by the trustee to the county. The county agrees with the trustee that the county will pay to the trustee, promptly upon issuance of the warrants, a trustee's acceptance fee in the amount customarily charged by trustees in the State of Alabama for acting as trustees for funds similar to the special fund herein created, and thereafter it will pay to the trustee on June 14 of each successive year while the warrants shall remain unpaid an annual trustee's fee likewise in the amount customarily charged by trustees in the State of Alabama for acting as trustees for similar special funds. Each such annual fee shall, to the extent legally permissible, be paid out of the special fund, and to the extent such action may not be legally permissible, out of any other moneys of the county available therefor which may legally be used for such purpose.

Section 9. Authorization to Remit Direct to Trustee. The state Comptroller of the State of Alabama and any successor to his duties are hereby authorized and directed to transmit directly to the trustee such portion of all moneys hereafter payable to the county out of the state taxes as may be necessary to make the payments into the special fund in accordance with the provisions of Section 5 hereof, beginning with the payment required therein to be made during the month of July, 1963. The county depository of the county and each successor to its duties are hereby ordered and directed to take all steps that may be necessary to cause such payments to be made into the special fund, including the grant to the trustee of authority to collect the payments so provided to be made direct to the trustee by the said State Comptroller and the authority to endorse all warrants, vouchers and checks therefor and to apply the proceeds thereof toward payment of the principal of and interest on the warrants, by the transfer of moneys, in the amounts and at the times herein specified, to the banking institution at which the warrants are payable. The county agrees with each holder of the warrants and the coupons that, so long as any of the warrants and the coupons shall remain unpaid, it will not revoke the authority and direction for transmission directly to the trustee as contained in the preceding sentence of this paragraph. To carry out the provisions of this section and the provisions of Section 5 hereof, the chairman is hereby authorized and directed to issue to the State Comptroller an order authorizing and directing the State Comptroller to transmit directly to the trustee each month, out of the state taxes, the amount of the county into the special fund during such month, all to the extent, and at the times and as otherwise provided in Section 5 hereof, and to specify in said order the dollar amount of each such payment that the State Comptroller is so to transmit to the trustee each month. The said chairman may, by supplemental order to the state comptroller, alter and change the dollar amounts of such payments to be so transmitted by the State Comptroller to the trustee but only under the following conditions:

- (a) If the dollar amounts specified in such original order or in any supplemental order are not sufficient to provide for payment of the principal of and the interest on the warrants as such principal and interest respectively mature and the fees of the trustee as such fees become due and payable, as contemplated and provided by Section 5 hereof, a supplemental order shall be so issued providing for the transmission directly to the trustee of dollar amounts that will be sufficient to provide for payment of said items at the respective due dates thereof, all as required by Section 5 hereof:
- (b) If any warrants are paid prior to the respective maturities thereof, a supplemental order may be issued providing for the transmission to the trustee of revised dollar amounts, provided that the revised dollar amounts specified in such supplemental order to be so transmitted to the trustee shall be sufficient to provide for payment of the principal of and the interest on the warrants that will be outstanding after such payment, as said principal and interest respectively mature, and for payment of the fees of the trustee as such fees become due and payable and shall in no event be less than the amounts prescribed in Section 5 hereof to be paid into the special fund.

Each supplemental order issued to the State Comptroller shall contain a certificate signed on behalf of the trustee and stating that the dollar amounts provided in such supplemental order to be transmitted to it (i) will be sufficient to provide for payment of the principal of and the interest on the warrants at their respective maturities of such principal and interest and for payment of the fees of the trustee as such fees become due and payable, and (ii) are not less than the amounts prescribed in Section 5 hereof to be paid into the special fund.

Section 10. Resignation of Trustee The trustee at any time serving hereunder may resign as such by written notice of such resignation given to the county, to the original purchasers of the warrants from the county and to the State Comptroller of the State of Alabama or the successor to his duties. In the event the trustee should at any time hereafter resign or cause or refuse or become unable to act as trustee hereunder for the special fund, the county agrees that it will thereupon appoint a successor trustee hereunder, which successor trustee shall be a banking institution in the State of Alabama which is at the time of such appointment a member of the Federal Reserve System and all or any part of whose deposits shall be insured by the Federal Deposit Insurance Corp. or any similar instrumentality of the United States of America, if there is any such.

MINUTES, BOARD OF REVENUE, JUNE 21, 1963

Upon the appointment of such successor trustee the county shall, within five days thereafter give notice in writing of such appointment to the state comptroller (or to the successor to his duties) and to the original purchasers of the warrants from the county. All provisions of this resolution applicable to the trustee shall likewise be applicable to any successor to it so appointed.

Section 11. General Faith and Credit Not Pledged The general faith and credit of the county are not pledged for payment of the warrants or the coupons. The warrants and the coupons shall not be general obligations of the county but shall be payable solely out of the special fund. Neither this resolution nor any of the warrants or the coupons issued hereunder shall be deemed to impose upon the county any obligation to pay the principal of or the interest on the warrants, or any other sum, except with the moneys herein directed to be paid into the special fund. None of the agreements, representations and warranties made or implied in this resolution and order, or in the issuance of the warrants and the coupons, shall ever impose any pecuniary liability upon the county, except with respect to the moneys herein directed to be paid into the special fund. Nothing herein contained, however, shall be construed to relieve the county from the performance of any of its agreements herein contained to relieve any of the officials of the county of any of their official duties.

Section 12, Form of the Warrants The form of warrants and coupons and the form of assignment of the warrants shall be in substantially the forms as follows, with appropriate changes therein to conform with the provisions hereof:

(Form of Warrant)

No. _____

\$1,000

UNITED STATES OF AMERICA
STATE OF ALABAMA
LIMESTONE COUNTY

STATE GASOLINE TAX ANTICIPATION WARRANT

The County Depository of Limestone County, Alabama (herein called "the county"), is hereby ordered and directed to pay to James L. Cox, or assigns, solely from the special fund hereinafter referred to, the principal sum of

ONE THOUSAND DOLLARS

on the 15th day of _____, 19____, with interest thereon from the date hereof until the maturity hereof at the rate of 3-1/2% per annum, payable semi-annually on June 15 and December 15 in each year upon presentation and surrender of the appropriate interest coupons hereto attached as the same respectively become due. Both the principal hereof and the interest hereon shall be payable in lawful money of the United States of America at the principal office of the First National Bank of Birmingham in the City of Birmingham in the State of Alabama.

This warrant and the interest thereon are payable solely from the special fund known as the "State Gasoline Tax Anticipation Warrant Fund of 1963" of the county created by the resolution and order under which this warrant is issued. Said special fund consists of certain sums which are directed by said resolution and order to be paid into said special fund solely out of the moneys distributed to the county pursuant to the provisions of Sections 655 and 657 of Title 51 of the Code of Alabama of 1940, as amended, as the county's share of the tax levied by the State of Alabama on sale, distribution, storage and withdrawal from storage of gasoline and other motor fuels under the provisions of Section 647 of Title 51 of said code as amended. The full faith and credit of the county are not pledged to payment of this warrant or the interest thereon, and this warrant is not a general obligation of the county. The county is not obligated to pay the principal of or the interest on this warrant except from moneys ordered paid into said special fund, and none of the agreements, representations or warranties made or implied in the issuance of this warrant shall be deemed to impose any liability whatsoever upon the county, except to pay the principal hereof and the interest hereon out of the moneys ordered paid into said special fund.

This warrant is one of an issue of warrants (herein called "the warrants") aggregating \$200,000 in principal amount, all of which are payable solely out of said special fund. The proceeds of the aforesaid tax received by the county under each of said Sections 655 and 657 of said Title 51, as amended, and any substitute therefor and any tax levied in lieu thereof which the county may legally assign and pledge for such purpose, have been assigned and pledged solely for payment of the principal and the interest on the warrants, without preference or priority of one over another, to such extent as may be necessary to pay the said principal and interest as the same shall respectively become due. The warrants are issued pursuant to the applicable provisions of the constitution and laws of the State of Alabama, including particularly Act. No. 728 adopted at the 1953 Regular Session of the Legislature of Alabama, and a resolution and order duly adopted and made by the governing body of the county for the purpose of constructing and improving or aiding in the construction of improvement of necessary public roads and bridges in the county.

It is hereby certified and recited for the benefit of any person or persons to whom this warrant may be issued or assigned that this warrant represents a valid claim against said special fund; that the amount ordered paid hereby will be so due without condition, abatement, recoupment or offset of any kind; and that all conditions, actions, and things required by the constitution and laws of the State of Alabama to exist, be performed and happen precedent to and in the issuance of this warrant and in the establishment of said special fund exist, have been performed and have happened.

This warrant is nonnegotiable but is transferable by assignment. Each taker, owner, purchaser or holder hereof, by receiving or accepting this warrant or any interest coupon appertaining hereto, shall consent and agree and shall be estopped to deny:

(1) that title to the coupons hereunto appertaining may be transferred by delivery

MINUTES, BOARD OF REVENUE, JUNE 21, 1963

without the necessity of a written assignment, and any person making such delivery shall be deemed to have transferred to the person whom such delivery is made all his equities and rights in the coupons so delivered; (2) that any person in possession of any such coupon, regardless of the manner in which he shall have acquired possession, is authorized to represent himself as the absolute owner thereof and has the power and authority to transfer absolute title thereto by delivery thereof to a bona fide purchaser for value (present or antecedent) without notice of prior defenses or equities or claims of ownership enforceable against his transferor or any person in the chain of title and before the maturity thereof; and (3) that whenever and so long as this warrant shall be assigned in blank by the original payee hereof or by any subsequent assignee hereof in the chain of title to whom written assignment is made, the county may treat any person in possession of this warrant, regardless of how such possession may have been acquired and regardless of the genuineness or effectiveness of any assignment, as the absolute owner hereof for all purposes, and payment to any such person shall discharge all obligations hereunder.

IN WITNESS WHEREOF, the county has caused this warrant to be signed in its behalf by the Chairman of its Board of Revenue, has caused the seal of said board, as the official seal of the county, to be hereto affixed, has caused the annexed interest coupons to be executed with the facsimile signature of said chairman and has caused this warrant to be dated June 15, 1963

Section 2. Findings by the Board. The board has caused an investigation to be made and, upon such investigation and evidence duly submitted to and considered by it, hereby finds, determines and declares as follows:

(a) It is desirable that the county construct and improve or aid in the construction or improvement of necessary public roads and bridges in the county. The board estimated that the total cost necessary to be paid by the county in the performance of such work will be not less than \$150,000, and that the life of the said roads and bridges will be not less than twenty years from June 1, 1964.

(b) The county does not now have and will not have from its income which will accrue prior to the end of its current fiscal year or prior to the completion of such work funds which will be sufficient and available for said purposes. The county has ascertained that it will be impossible to raise funds for such purposes in any manner other than by anticipation of the proceeds which will be received by the county in the future from the state tax. To that end and in order to provide the funds required for said purposes, it will be necessary that the county anticipate the proceeds from the state tax by the issuance of the warrants of the county hereinafter authorized, payable in installments in the future in the manner hereinafter provided.

(c) During the following fiscal years of the county it received from the state, as the county's share of the state tax, the aggregate sums respectively set opposite the years indicated in the following schedule:

During the county's
fiscal year ending:

September 30, 1959
September 30, 1960
September 30, 1961
September 30, 1962
September 30, 1963

The county received the
aggregate sum of:

\$521,842.84
432,269.84
442,034.08
457,483.20
470,471.08

MINUTES, BOARD OF REVENUE, JUNE 2, 1964

In the opinion of the board, the aggregate amount which will be received by the county as its share of the state tax during each fiscal year of the county to and including its fiscal year ending September 30, 1973, will be not less than the average of the said sums so received by it during its fiscal year ending its fiscal year ending in each of the years from 1959 to 1963, inclusive.

(d) There are no bonds, warrants, contracts or claims of any kind now outstanding which were issued or made by the county against, or which are payable out of, the proceeds hereafter to be received by the county from the state tax or for the payment of which such proceeds have been pledged, except:

\$140,000 principal amount of 3- $\frac{1}{2}$ % State Gasoline Tax Anticipation Warrants of the county dated May 1, 1960, being the unpaid and outstanding portion of an issue in the original aggregate principal amount of \$200,000 that was authorized by a resolution and order adopted by the governing body of the county on September 5, 1960;

\$200,000 principal amount of 4% State Gasoline Tax Anticipation Warrants of the county dated Mar 15, 1962, being all of an issue in the aggregate principal amount of \$200,000 that was authorized by a resolution and order adopted by the governing body of the county on March 19, 1962; and

\$200,000 principal amount of 3- $\frac{1}{2}$ % State Gasoline Tax Anticipation Warrants of the county dated June 15, 1963, being all of an issue in the aggregate principal amount of \$200,000 that was authorized by the resolution and order adopted by the governing body of the county on June 21, 1963.

(e) When the warrants hereinafter ordered issued shall be so issued, they will constitute the first and only claim and lien on the proceeds from the state tax, except the warrants referred to in subsection (d) of this section.

(f) During the fiscal year of the county ending September 30, 1963, it received a total of \$52,454.39 from the special 1/4 of 1% ad valorem tax levied by the county under the provisions of Section 215 of the Constitution of Alabama of 1901 for the payment of debts or liabilities created subsequent to the adoption of the said constitution for the erection of necessary public buildings, roads and bridges.

(g) The aggregate principal and interest which will be come payable during each fiscal year of the county on the warrants of the county hereinafter ordered issued, when added to the principal and interest payable during each such fiscal year on all other warrants of the county which will then be outstanding and which are payable of the state tax, will not exceed fifty per centum (50%) of the amount of the state tax distributed to the county during the fiscal year of the county which ending September 30, 1963.

Section 6. Sources of Payments into the Special Fund. The moneys herein provided to be paid into the special fund shall be paid solely out of the moneys which shall hereafter be or become due or payable to the county, or to which the county shall be entitled, from any of the following sources:

- (a) All sums which shall be or become due or payable to the county as payment of its share of the State tax: and
- (b) All sums and amounts which shall be or become due or payable to the county by any succeeding, corresponding, equivalent, amended, supplemental or additional act of provision of law authorizing or relating to the collections received by or apportioned to the county from gasoline or other motor fuel taxes, or the proceeds thereof, or any tax levied by the county or the state all or a portion of the proceeds of which may be received by the county in lieu of the tax presently levied by Section 647 of Title 51 of the Code of Alabama of 1940, as amended, and which the county shall be lawfully authorized to appropriate, transfer, pledge or use for the construction or improvement of roads and bridges in the county or for the payment of the warrants and the coupons, it being the intention hereof to include and subject to and set aside, for payment of the principal of and the interest on the warrants, the aforesaid portions of the proceeds payable to the county not merely by virtue of Sections 655 and 657 of Title 51 of said Code of Alabama of 1940, as amended, but the proceeds payable to or collected by the county under any corresponding, successive, equivalent, amended, supplemental or additional provision of law or any law in lieu thereof which the county may lawfully pledge, assign or set apart for the purposes hereof, in such wise that if the allocation provided by said sections be repealed, amended or supplemented, any succeeding, corresponding, equivalent or additional fund shall be subject to the payment of the warrants and the interest thereon as contemplated hereby.

It is hereby specifically declared that there shall not be used for payment into the special fund any portion of any moneys derived from the state gasoline tax which shall be paid or allocated or credited to the county under the provisions of the Farm-to-Market Road Act of 1943, as amended.

Section 7. Assignment and Pledge of Special Fund and Tax Proceeds Ordered Paid Therein. on the warrants. Failure to pay into the special fund the proceeds received by the county from the state tax which are herein required to be paid into the special shall constitute a diversion of said proceeds. Said assignment and pledge are made for the pro rata benefit of all the warrants, without preference or priority of one warrant over another by reason of prior issuance or otherwise, and shall be and remain prior to any assignment or pledge of any proceeds of the state tax which may hereafter be made for the benefit of any warrants or other securities of the county hereafter issued or any contract of the county hereafter made. The special fund shall constitute a trust fund, and the trustee therefor is hereby authorized and directed to use so much of the moneys on deposit therein as may be necessary to pay the principal of and the interest on the warrants, as said principal and interest respectively come due.

Section 8. Trustee for Special Fund. State National Bank of Alabama, a bank having its principal place of business in the City of Decatur, Alabama, is hereby designated trustee for the special fund pursuant to the provisions of this resolution and order. The special fund shall be held and treated by the trustee as a trust fund for the purposes herein provided. Out of the moneys in the special fund, the trustee is hereby directed, and by acceptance of its duties hereunder agrees, to pay or provide for payment at their respective maturities the warrants and the coupons upon presentation thereof on or after their respective maturities. As any of the warrants and coupons shall be paid, they shall be cancelled and transmitted to the County Depository. If any moneys remain in the special fund following payment of all the warrants and the coupons, such moneys shall thereupon be remitted by the trustee to the county. The county agrees with the trustee that the county will pay to the trustee, promptly upon issuance of the warrants, a trustee's acceptance fee in the amount customarily charged by trustees in the State of Alabama for acting as trustees for funds similar to the special fund herein created, and thereafter it will pay to the trustee on May 31 of each successive year while the warrants remain unpaid an annual trustee's fee likewise in the amount customarily charged by trustees in the State of Alabama for acting as trustees for similar special funds. Each such annual fee shall, to the extent legally permissible, out of any other moneys of the county available therefor which may legally be used for such purpose.

Section 9. Authorization to Remit Direct to Trustee. The State Comptroller of the State of Alabama and any successor to his duties are hereby authorized and directed to transmit directly to the trustee such portion of all moneys hereafter payable to the county out of the state taxes as may be necessary to make the payments into the special fund in accordance with the provisions of Section 5 hereof, beginning with the payment required therein to be made during the month of July 1964. The County Depository of the county and each successor to its duties are hereby ordered and directed to take all steps that may be necessary to cause such payments to be made into the special fund, including the grant to the trustee of authority to collect the payments so provided to be made direct to the trustee by the said State Comptroller and the authority to endorse all warrants, vouchers and checks therefor and to apply the proceeds thereof toward payment of the principal of and interest on the warrants, by the transfer of moneys, in the amounts and at the times herein specified, to the banking institution at which the warrants are payable. The county agrees with each holder of the warrants and the coupons that, so long as any of the warrants and the coupons shall remain unpaid, it will not revoke the authority and direction for transmission directly to the trustee as contained in the preceding sentence of this paragraph. To carry out the provisions of this section and the provisions of Section 5 hereof, the chairman is hereby authorized and directed to issue to the State Comptroller an order authorizing and directing the State Comptroller to transmit directly to the trustee each month, out of the state taxes, the amount of the payment required, by Section 5 hereof, to be made by the county into the special fund during such month, all to the extent, at the times and as otherwise provided in Section 5 hereof, and to specify in said order the dollar amount of each such payment that the State Comptroller is so to transmit to the trustee each month. The said chairman may, by supplemental order to the State Comptroller, alter and change the dollar amounts of such payments to be so transmitted by the State Comptroller to the trustee but only under the following conditions:

(a) If the dollar amounts specified in such original order or in any supplemental order are not sufficient to provide for payment of the principal of and the interest on the warrants as such principal and interest respectively mature and the fees of the trustee as such fees become due and payable, as contemplated and provided by Section 5 hereof, a supplemental order shall be so issued providing for the transmission directly to the trustee of dollar amounts that will be sufficient to provide for payment of said items at the respective due dates thereof, all as required by Section 5 hereof:

(b) If any warrants are paid prior to the respective maturities thereof, a supplemental order may be issued providing for the transmission to the trustee of revised dollar amounts, provided that the revised dollar amounts specified in such supplemental order to be so transmitted to the trustee shall be sufficient to provide for payment of the principal and interest respectively mature, and for payment of the fees of the trustee as such fees become due and payable and shall in no event be less than the amounts prescribed in Section 5 hereof to be paid into the special fund.

Each supplemental order issued to the State Comptroller shall contain a certificate signed on behalf of the trustee and stating that the dollar amounts provided in such supplemental order to be transmitted to it (i) will be sufficient to

provide for payment of the principal of and the interest on the warrants at the respective maturities of the principal and interest and for payment of the fees of the trustee as such fees become due and payable, and (ii) are not less than the amounts prescribed in Section 5 hereof to be paid into the special fund.

Section 10. Resignation of trustee. The trustee at any time serving hereunder may resign as such by written notice of such resignation given to the county, to the original purchasers of the warrants from the county and to the State Comptroller of the State of Alabama or the successor to his duties. In the event the trustee should at any time hereafter resign or cease or refuse or become unable to act as trustee hereunder for the special fund, the county agrees that it will thereupon appoint a successor trustee hereunder, which successor trustee shall be a banking institution in the State of Alabama which is at the time of such appointment a member of the Federal Reserve System and all or any part of whose deposits shall be insured by the Federal Deposit Insurance Corp. or any similar instrumentality of the United States of America, if there is any such. Upon the appointment of such successor trustee the county shall, within five days thereafter, give notice in writing of such appointment to the said State Comptroller (or to the successor to his duties) and to the original purchasers of the warrants from the county. All provisions of this resolution applicable to the trustee shall likewise be applicable to any successor to it so appointed.

Section 11. General Faith and Credit Not Pledged. The general faith and credit and the county are not pledged for payment of the warrants or the coupons. the warrants and the coupons shall not be general obligations of the county but shall be payable solely out of the special fund. Neither this resolution nor any of the warrants or the coupons issued hereunder shall be deemed to impose upon the county any obligation to pay the principal of or the interest on the warrants, or any other sum, except with the moneys herein directed to be paid into the special fund. None of the agreements, representations and warranties made or implied in this resolution and order, or in the issuance of the warrants and the coupons, shall ever impose any pecuniary liability upon the county, except with respect to the moneys herein directed to be paid into the special fund. Nothing herein contained, however, shall be construed to relieve the county from the performance of any of its agreements herein contained or to relieve any of the officials of the county of any of their official duties.

Section 12. Form of the Warrants. The form of the warrants and coupons and the form of assignment of the warrants shall be in substantially form as follows, with appropriate changes therein to conform with the provisions hereof:

IT IS MOVED that the following correction be made in deed of R. R. Thomas.

Mr. Grady Holland explained to the Board of Revenue that on November 7, 1959, R. R. Thomas dedicated a right of way for road purposes, now recorded in Vol. 559, page 363, Office Judge of Probate, Limestone County, Alabama being 36 feet in width evenly off the west side of Lot #3 of the J. T. Crawford Subdivision in accordance with Plat of said Subdivision recorded in Plat Book B, page 13 and continuing North through Tract #1 of said Subdivision; that this dedication of right of way was in error or partially in error in that said right of way was never intended to extend North from the Center of the Nick Davis Road a distance more than 810 feet and that said road has never been cut or worked by Limestone County, Alabama, more than 810 feet north from the center of Nick Davis road and that the phraseology of the dedication of said right of way might leave an impression that said road was intended to extend entirely North entire length of said tract #1.

Mr. Holland moved that the Chairman of the Board of Revenue be authorized to quitclaim to R. R. Thomas any and all of said right of way which lies North of a point 810 feet North of the center of the Nick Davis Road so that said dedication by R. R. Thomas and wife on November 7, 1959 might be clarified.

An Agreement was signed for approval by the Highway Department between Limestone County and the City of Athens Electrical Department for SACP 1328-A Relocation of Structures.

Resolution was signed for approval for road numbered SACP 1134-G, a distance of approximately 1 mile.
