Mr. R. H. Walker,
Athens, Ala.

My Dear M r. Walker:-

I have been laid up with an abscess tooth for three days. I came down this P/M. and found your deed ready and I am sending it to you as you requested.

Now I am very sorry I have not gotten the amount of the taxes you owe but it may be I can do this for you tomorrow. I will immediately send you the amount and attend to them for you and see that your deed is put of record if you will mail it to me. I suggest you register it.

If there is any mistake in it I stand ready to correct it.

Now about the 100 acres that some darkeys seemingly appropriated from the Ala. plantation. I wish you would get behind this and have it remedied at once as my parties are asking that it be done.

I will send you a prospectus of my mineral possessions. It may look big but I hope it is as good as it looks. This is an exact copy of Prochaska's original report as I have it and have compared them.

Prochaska is supposed to be as fine a mining engineer as we have.

What am I offered?

Yours very truly,

P.S.- It is too late to register your deed so I am taking chances.
