

Jackson Ala

May 21-1934

Mrs Walker Blay & Grisham

Athena Ala

Gen'ts not long since I mailed
oil & gas lease on part of your
land for Mr Edward L. Lawson
to drill some oil wells. He is to
begin by July 1, 1934, and I am
afraid if he fails to get yours in
the block he may or will back
down. unless he can start July the
1st 1934 he can't drill as that is the
time bank to begin, the Jackson
Bank holds back in "escrow" & will
not deliver until well is begun we
land owners down here have all signed
up and hope you will look on the
proposition as we do and sign as
we might get a good oil field
and if we let this chance slip we
may not get one in years as this may
is not satisfied with well drilled a few
years ago let me hear from you as I am
tossing the leaves and they are crowding me
to get through so they come
yours Truly Wm Robertson
