Dear Sir:

In Re Loan No. 210-Robert H. Walker.  
No. 253-Will Balch et al  
No. 915-Robert H. Walker.

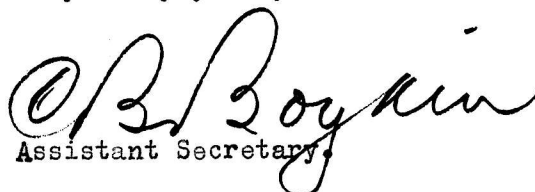

Reference is again made to the above loans.

Concerning loans No. 210 and No. 253, wish to call to your attention our letter of July 28th. agreeing to carry on with you with these loans on condition that we would receive additional payment on the 15th. of each month beginning August 15th. Payment it seems for the month of August has not reached us. The matter therefore, requires your immediate attention.

Regarding Loan No. 915, we beg to refer you to our letter also of July 28th. agreeing to carry this loan until November 1st. on condition that the 1932 taxes are paid. We have nothing in file to indicate payment of these taxes. If they have been paid, please let us have your tax receipt in order that we might adjust our records. If the taxes have not been paid it is our request now that you advise us if it is your intention to carry out your part of the agreement. We are going to insist upon the immediate payment of these taxes, otherwise, the conditional commitment you may consider is not binding on this Bank.

It is imperative that you let these matters have your immediate attention, for we shall expect to hear from you promptly.

Very truly yours,

  
Assistant Secretary.
