My dear Harry:

I wonder if you rec'd my letter about the insurance, I wrote you sometime ago concerning cutting the insurance and as the company had asked company men to put all their insurance in the Aetna, I asked if you could broker it and get your commission just the same. Please let me know if you received my letter, in case you didn't I want to let you know how much to cut it.

I hope conditions are no worse at home but I know, from what Sarah says, they are no better. I was sorry to see that your garage building burned, do hope you had it covered. How are Memory and Bob

Hurry? Give them my love -
We will be home about the
middle of July, we are going by
Atlanta for a day or two -

Allan came home from school
several days ago & said, "His teacher
said seventeen in the room would
not be promoted" I said, I hope
you are not one of the seventeen,
he said in the most nonchalant
manner, "Of course not, Ma'am".

He's just come in and said seven
boys had to stay in - must get
up and fix his lunch -

Lots of love from
your devoted niece
Baby Sue
