June 20, 1935.

Speaker of the House,
Montgomery, Alabama.

Dear Sir:

May I bring to your attention and, the attention of the members of the legislature the "roadhouse" [^]nusence in our State?

I would and others too would appreciate your doing something to protect homes and home owners from these roadhouses. I built my home next to a filling station; this station is still selling oil, but now it is also running a roadhouse. I feel grieved beyond words about this.

If the legislature cannot do any thing about this matter very soon will you not tell me if I may plant small trees and put a high board fence in order to separate myself as much as possible from the road house?

I will appreciate hearing from you at your earliest convenience about the matter. I am,

Very truly yours,

(Mrs.)

Sophia W. Asbury.
