Honorable R. H. Walker
Speaker of the House of Representatives
Montgomery, Alabama

Dear Mr. Walker:

Mr. Deloney will introduce a local bill to authorize the City of Muscle Shoals to sell to the United States property which was purchased by them for an airport. The City was about to lose this property, and induced the TVA to buy it for use as a government port. In examining the title, the lawyer decided that it would be necessary to secure legislative approval of the same. If you can help in securing the expeditious handling of this matter, it will be appreciated by the TVA and by the officials of the City of Muscle Shoals.

Has the revenue bill ever been printed? If there is a copy of this bill available, I shall certainly appreciate it if you will send me one.

I hear a good many favorable things said about you, and a good many unfavorable things said about the present Congressman. "There is a time in the affairs of men which if taken at their tide lead on to fortune and to fame." I don't know whether or not this quotation is exactly correct, but it at least expresses the thought in regard to the present situation as it affects you.

With regards and best wishes, I am

Sincerely yours,

~~TENNESSEE VALLEY AUTHORITY~~
