Hon. Harry Walker,  
Athens, Alabama

Dear Mr. Walker:

I have heard with pleasure about your improved physical condition. I hope that you are rapidly regaining your strength and will soon be entirely well.

I hear from a rather direct source that the date for the Special Session of the Legislature has been set for November 17th. Annie Harlan, who as you know worked in the House before, has been to see me again about getting another position as one of the Clerks. She did her work well and was a real asset, I thought, to the personnel of the Clerks of the House at the last session and she enjoyed it so much and took such an interest in it that I hope very much that she can get another appointment. I appreciate the many favors that you have done for me in the past and on this account hesitate to ask you for anything else, but Miss Harlan's many friends here in town will certainly appreciate anything that you can do for her.

With kindest personal regards and assuring you that I hope you are feeling better every day, I remain,

Cordially,
