

ALLEN J. ROULHAC

LAWYER

SHEFFIELD, ALABAMA

Dec. 5, 1931

Hon. R. H. Walker

Athens, Ala.

Dear Mr. Walker;

Your letter received with the information regarding the Athens light plant for which I thank you. I appreciate your interest in Mrs Coleman and hope we will be able to assist her some. As you surmise she is the sister in law of the late Judge Hery Clayton.

Glad to know that you are giving serious consideration to the matter of making the race for congress. Hope you will decide to do so.
on the Commission report

My opinion, and that is the opinion of many others, is what it was in the beginning that is a power company move and nothing good would come out of it. It is now being used to influence our congressional delegation, however I do not think with much result. The democrats and progressive it appears are going to pass, in principal, the same legislation that was passed at the last session and then if Hoover vetoes it, the administration and the power interests will try to use this report in support of his position. The report is so indefinite that it amounts to nothing. It leaves the progandists a wide field for making all kinds of promises as to what will happen locally, just as they did when they were trying to get it through the legislature. At that time they promised they would have a wonderful offer backed by the largest undustrial interests of the country ready for congress and later stated that theywere going to settle the matter along this line before congress met and finally would up with nothing. See in today's Age-Herald a letter from me on this subject, it will be found in Forum of the People Column.

Will be glad to see you will you visit this section. With regards, I am,

Sincerely,

Allen J. Roulhac
