Dear Mr. Walker:

I was extremely sorry to learn from your son the other day that you have continued to have difficulty in sleeping. I do not know why this should be and I hope very much that Dr. Belue has been able to remedy this situation. Please ask your son to write me a note telling me how you are getting along. We are all extremely interested in you and I feel certain that you will improve markedly. Please do not get discouraged.

I am enclosing a bill for my services to you.

Very truly yours,

Alfred Blalock, M.D.
