My dear Harry

I agree with
you, when men are "elected"
by the "people" they should not
be legislated out of office, but
this does not apply in the case
of either Lee or Morgan, Brown
and I received 146000 votes
& Morgans 102000 and you recall
what happened in the second
primary and Lee did not defeat
Brown, it was power & money,
as neither Lee or Morgan are
a choice of the people. but
"politics do" play a great part
in the life of those of us
who serve a public.

I am glad you are sincerely
a member of the new Harry
P.H.A. board. H
