Supreme Court of Alabama,  
Consultation Room.  
Montgomery

Monday AM.

Dear Memory:-

I have your letter - it has just been read. I wrote Mother last week to know what money she needed to prepare her for the Annis. ton meeting. She has not replied as yet. On the suggestion ~~contained~~ of a sum contained in your letter, I am mailing Mother check for \$75.00.

I am glad you wrote me of her situation. I of course want her to be creditably prepared for her trip and appearance there, and, unless you or her inform me, I cannot know. My Express. The hope that the next time you write me (and I am as sure you are always glad to get your letters), you will write in

a more brotherly and sisterly form  
and love. Prior, if such is the  
case, may be well to keep up an  
estrangement means that nothing can  
justify. I want to be your brother  
as of old. In common with Sam,  
I deeply regret that you cannot  
now come down for a visit this  
week -

Yours  
"Brother"

W.B.

I did not  
write Mother  
of your letter,  
but if you desire  
you can tell her  
of your interest  
in the promises  
and the altar.  
You sent me.  
Helen
