Dear Henry:

Your letter is
just what I need and is very ap-
preciated. I do not know where
I can get books to return, - hope
to do so within the next month.
I'll write you in advance, so
as not to miss you. When
I come we can talk over the
books etc. Because of so many
demands on me I'll not pro-
tically no vacation this sum-
mer, except a few days spent
with Gen. Gilbert on his farm. Will

and sure also worth. They enjoyed
the restful time there, - a quick
visit back & there needed
very much - General and I
worked most of each day on
the widely expanding subjects
of transportation etc. This
Park development is moving
in exceedingly important
with very good wish
