

Moulton, Alabama, 1-29-35.

Hon. Harry W. Walker, Speaker
House Of Representative's
Montgomery, Alabama.

Dear Mr Walker;-

I had the pleasure of supporting you in your race for United States Senator, first upon recommendation of my late friend, Earl M. Hodson, then your name being the same as mine, naturally appealed to me, another thing your loyalty to the party, and I hope to have this pleasure again. We need, I think, practical men, in Washington, and not so many learned Lawyers.

As a Tax Payer, of Lawrence County, and a life time Democrat, I am appealing to you for assistance, or rather to see that Democrats are favored by this Administration, if you can, This I am sorry to say, I cant expect of my Representative, because he was a Hoover supporter, and is a symphizer with the ones who followed him off.

There is a man in this county, Mr. Paul Bragg, who is applying for the position of supervisor of road maintenance, and who has the support of Mr. Byars, yet Bragg, is not a true democrat, neither is he a Tax payer, nor is he ever for the upbuild of our county, he was a continual knocker of Mr. Hodson, and his good work, he had a road job as local manager of up keep, working ten men, and nine of the men he worked were relatives. for above reasons this man is not intitled to recognition.

My interest is purely for fair and favor to Alabama's Democrats, and I trust you will receive this information as such, also as confidential. If you care to investigate my statement, you are referred to any business man of the County.

I trust you are in accord with me in my ideas of favoring the true democrats, and will use your influence in that way.

Very truly yours

Charley Walker.
