Mr Harry Walker,
The Democrat, Athens, Alabama.

My Dear Mr Walker:

It was mighty kind of you to write the editorial you did some weeks ago on our Littlest Little Boy. It would have been acknowledged earlier but for the fact that his illness has upset our household and I myself have been ill. I received a dozen or so copies of the editorial from various friends in Alabama who read it in your paper and afterwards in the Montgomery Advertiser.

We have taken the little lad to the mountains to get him out of the fearful heat in the city and here in the cool and quiet he has begun to improve. The change isent much but enough to give us hope.

With much appreciation and all good wishes

I am

Sincerely,

T.H. ALEXANDER
