And, WHEREAS, there is some question as to the title to some portion of the lot that was at one time in Limestone County, Alabama, on account of the same never having passed out of said County, as shown by the records; and,

WHEREAS, Limestone County does not claim to own any part of said lot and has not claimed to own any part of it for several years past, but is desirous of doing whatever is necessary to aid, assist and enable The United States of America to obtain a good and valid title to said property, and in consideration of the benefits to be gained by the public in general on account of obtaining a new public building for a Post Office in said town of Athens:

The bid of the Shell Oil Company being considered the best bid, the contract was ordered let to the Shell Oil Company for the year 1932.

It was ordered that the salary of the operator of Hickory Flat Ferry be reduced from one dollar (\$1.00) to seventy-five (75¢) cents per day to be effective Jan., 1st, 1932 and that W. A. Said party of the second part agrees to take good care of the premises above described, and to keep the same in a sanitary condition, all bedding, furniture and rooms clean and free from vermin,- all bedding, furniture, etc., furnished by the County to be erected and changed upon the order of the Board of Revenue of said County, and to surrender the same at the expiration of the term of this contract in good condition.

In the event said party of the second part fails to keep and perform any covenant or agreement contained herein, the Board of Revenue of Limestone County shall be authorized and empowered to terminate this contract forthwith and demand possession of the premises.

In witness whereof, the said parties have hereunto set their hands and seals, in duplicate, this the 21st day of December, 1931.

Minutes, Limestone County Board of Revenue DECEMBER 30th, 1931

ROBERTS & SON, BIRMINGHAM

The Board of Revenue met, pursuant to adjournment, on Wednesday it being the 30th day of December, 1931, there were present and presiding J. M. Holt, Chairman of said Board of Revenue and W. G. Arnett, Russell Balch and E. M. Taylor, members. The following proceedings were had and done, to-witt:

After obtaining legal counsel from the Deputy Solicitor with regard to the settlement of certain claims which were paid by checks that failed to clear through the Farmers & Merchants Bank, which is now insolvent, the Board ordered that all persons holding such checks be issued a duplicate check in payment of their claims.

It was ordered by the Board of Revenue that all persons who signed the indemnity depository bond for the Farmers & Merchants Bank to insure the safe keeping of the funds of Limestone County be notified of the amount in each of the County funds on deposit at said Farmers & Merchants Bank at the time the bank closed and further that the bondsmen be notified to pay to Limestone County at once such amounts as were in the bank to the credit of the County at the time of the closing of the bank. The Board of Revenue agrees to assign the balance in each County fund, at the time the bank became insolvent, to the depository bondsmen.

After a thorough discussion of a plan to create a sinking fund to decrease the indebtedness of Limestone County, the following resolution was offered by member W. G. Arnett and seconded by member E. M. Taylor:

WHEREAS, it is necessary to administer the affairs of County government in such a manner as to uphold the confidence and integrity of the people in and for Limestone County, and,

WHEREAS, there are certain outstanding road bonds, courthouse warrants and other forms of indebtedness which Limestone County will soon be required either to pay in full or to ask the people of the County to vote a re-issuance of the same, and,

WHEREAS, economic conditions are such that a re-issue or refunding of all bonds or warrants, which become due and payable within the next few years, would be extremely difficult and uncertain.

NOW THEREFORE BE IT RESOLVED, that the Board of Revenue of Limestone County set apart a portion of a tax levied and collected for the payment of debts now existing against Limestone County, incurred for the erection, constitution or maintenance of the necessary public buildings or bridges of the County and authorized by Section 215 of the Constitution of Alabama, 1901.

BE IT RESOLVED, that one-half of the tax now levied and collected for the payment of debts now existing against Limestone County and incurred for the erection, constitution or maintenance of the necessary public buildings, bridges or roads of the County as authorized by Section 215 of the Constitution of Alabama, be and is hereby placed in a reserve or sinking fund to retire a portion or all of the \$135,000.00 Road Bonds issued in 1907 and due and payable in 1937.

BE IT FURTHER RESOLVED, that the warrants due on the Courthouse amounting to \$5,000.00 with interest be paid from the one-fourth of one percent ad valorem tax which is hereby authorized to be deposited in the Public Improvement Fund.

Upon taking a vote on the above resolution, all members voted in favor of its adoption.

Deputy Solicitor

Jm. Holt
Chrm., Board of Revenue.

Be it remembered that at a regular meeting of the Board of Revenue of Limestone County held on this the 18th day of January, 1932, at 10 A.M. in the Court-house, the usual place of meeting, there were present and presiding J. M. Holt, Chairman, and members, E. M. Taylor, Russell Balch, Will H. Beasley and W. G. Arnett. The following proceedings were had and done:

The following resolution, offered by W. G. Arnett and seconded by Russell Balch, was unanimously adopted:

Be and it is hereby resolved that R. M. Chambers be employed as a special deputy escape gasoline tax collector for Limestone County, Alabama, and it is hereby agreed that compensation for his services shall be at the rate of forty (40) percent of all monies turned into Limestone County from his findings and collections of escaped gasoline tax.

It is ordered that the Chairman of the Board of Revenue be authorized to have installed at the County Jail a satisfactory sewage disposal system. If, after investigating the possibility of connecting with the City's mains, it is found impractical, then the Chairman shall have an estimate made of the cost of constructing a septic tank of a proper size to accomodate the needs of the Jail.

Minutes, Limestone County Board of Revenue

FEBRUARY 15th, 1932

Be it remembered that at a regular meeting of the Board of Revenue of Limestone County held on this the 15th day of February, 1932, at 10 A.M. in the Courthouse, the usual place of meeting, there were present and presiding J. M. Holt, Chairman, and members, E. M. Taylor, Russell Balch, Will H. Beasley and W. G. Arnett. The following proceedings were had and done, to-witt:

After hearing a committee from the Athens Chamber of Commerce, requesting that the Limestone County tax on gasoline be reduced from 3 cents to 2 cents per gallon, the following resolution was introduced and unanimously adopted:

WHEREAS, the Athens Chamber of Commerce has, through a duly appointed committee, petitioned the Limestone County Board of Revenue to reduce the County tax on gasoline from 3 cents to 2 cents per gallon, and,

WHEREAS, this Board is willing and anxious to cooperate with the Athens Chamber of Commerce in doing everything possible to encourage and stimulate business in Athens and throughout Limestone County, however, at this time the Road & Bridge Fund of the County is entirely exhausted and the County is altogether dependent on the revenue derived from the tax on gasoline to maintain the school bus routes and all other County roads, and,

WHEREAS, there are certain obligations, incurred by the building and maintenance of roads during the past year, which must be paid as soon as it is possible to do so, and,

WHEREAS, any reduction in the Local Gas Tax at this time would place the County in an embarrassing position with regard to the payment of said obligations.

NOW THEREFORE BE IT RESOLVED, that action on this matter be deferred until such time as, in the opinion of the Board, it is possible to make said reduction.

This meeting was called for the purpose of discussing ways and means of continuing the public schools of Limestone County for a period of six weeks, making a seven months term for the scholastic year 1931-1932.

After considering the matter jointly with the County Board of Education, it was agreed that the Board of Revenue would cooperate with the Board of Education in doing every thing possible to continue the public schools of the County through a seven months term this year.

J. M. Holt
Chrmr., Board of Revenue.

Minutes, Limestone County Board of Revenue MARCH 7th, 1932.

Be it remembered that at a regular meeting of the Board of Revenue of Limestone County held on this the 7th day of March, 1932, at 10 A. M. in the Courthouse, the usual place of meeting, there were present and presiding J. M. Holt, Chairman, and members, E. M. Taylor, Russell Balch, Will H. Beasley and W. G. Arnett. The following proceedings were had and done, to-witt:

The following resolution was introduced and duly adopted:

WHEREAS, the law provides that the Board of Revenue or other governing body of the County shall designate some bank in the County as a depository for County funds, and,

WHEREAS, the Limestone County Board of Revenue did on, the first Monday of December of the year, 1931, designate the Farmers & Merchants Bank of Athens, Alabama, as the legal County depository for the year 1932, and whereas, the said Farmers & Merchants Bank became insolvent and closed on December 14th, 1931, and,

WHEREAS, the County Board of Revenue did, on December 15th, 1931, pass a resolution designating the Limestone County Bank as the County Depository, and whereas, said bank has failed to make a satisfactory bond, and,

WHEREAS, the Attorney General of the State of Alabama has rendered an opinion, stating that under the conditions now existing in Limestone County the Board of Revenue may appoint some citizen of the County as County Treasurer, and require such person to furnish a satisfactory bond in an amount sufficient to insure the safe-keeping of all County funds.

NOW THEREFORE BE IT RESOLVED, that J. E. Gray, Vice President of the Limestone County Bank, be appointed Treasurer of Limestone County and that he be paid fifty dollars (\$50.00) per month for his services, provided however that he be required to furnish a satisfactory bond in the amount of thirty thousand (\$30,000) dollars.

The following resolution was offered by Russell Balch and seconded by E. M. Taylor:

WHEREAS, it appear that it is to the best interests of Limestone County that the public schools of the County be allowed to continue to the end of a seven months term, and,

WHEREAS, the total of all funds allotted to the schools for the year 1931-1932 lacks approximately fourteen thousand (\$14,000.00) dollars of the amount necessary to complete the seven months term, and,

WHEREAS, the County Board of Education has agreed by resolution to secure a loan of one-half of the amount.

NOW THEREFORE BE IT RESOLVED, that the Board of Revenue of Limestone County appropriate out of the General Fund of said County a sum of seven thousand (\$7,000.00) dollars to be paid to the County Treasurer of School Funds at such time as, in the opinion of the Board of Revenue, the condition of the General Fund shall permit the payment of said sum, and in accordance with an Act of the Legislature approved August 4th, 1931.

The Chairman called for a vote and all members voted aye.

Moved and carried that member W. H. Beasley be appointed to serve on the County Child Welfare Board during the year 1932.

_____, Chrm.,
Board of Revenue.

Be it remembered that at a regular meeting of the Board of Revenue of Limestone County held on this the 15th day of August, 1932 at 10:00 A.M. in the Courthouse, the usual place of meeting, there were present and presiding J. M. Holt, Chairman, and members, E. M. Taylor, W. G. Arnett, Russell Balch and Will H. Beasley. The following proceedings were had and done, to-wit:

Moved and carried that J. M. Holt, Chairman of The Board of Revenue of Limestone County, is hereby authorized to negotiate a temporary loan, in anticipation of taxes to be collected in the year of 1932-1933, in the amount of \$10,000.00 at a rate of interest not to exceed 8% and for a period of approximately six months, the proceeds of said loan being for the purpose of paying for the necessary current expenses of Limestone County.

Moved and carried that the following resolution be adopted and that a copy of the same be sent to the Governor of Alabama and to the Limestone County Senator and Representative:

BE IT RESOLVED: First, this Board is opposed to any change in the allocation of funds now appropriated from the gasoline tax to the various counties in Alabama, but is in favor of each County receiving from the gasoline tax the amount presently allotted to it by law and the one cent tax to be allotted October 1st, 1932 to the various Counties of the State. We, therefore, recommend to the Governor and to the Legislature that no change be made in the laws in which all of the Counties of Alabama share in the three cent gasoline tax heretofore allocated by law to the various counties of the state, and,

Second, that the State Tax Commission investigate the evasion of the payment of gasoline taxes by dealers in gasoline in the counties of the state, and through the employees of said Tax Commission, use such means as will stop this practice.

Deputy Solicitor

Court adjourned to meet on September 28th, 1932 at 10 A.M.

Chairman.

The Board of Revenue met, pursuant to adjournment, on Wednesday, Sept., 28th, 1932, and there were present and presiding J. M. Holt, Chairman of said Board, and members, E. M. Taylor, Russell Balch, Will H. Beasley and W. G. Arnett. The following proceedings were had and done, to-wit:

ORDER OF BOARD OF REVENUE DECLARING ELECTION AND LEVYING TAX

In the matter of a special election to determine whether or not Mooresville-Belle Mina District No. 58, in Limestone County shall be consolidated with Salem District No. 54 in said County, and whether a special tax of thirty cents on each one hundred (\$100.00) dollars of taxable property shall be levied for public school purposes in said consolidated area.

It appears to the Board of Revenue that in conformity to the order of the Board of Revenue of Limestone County, Alabama, made on the 12th day of August, 1932, a special election was held on the 26th day of September, 1932, in Mooresville-Belle Mina District, No. 58 of said county to determine whether or not said district in said county shall be consolidated with Salem District No. 54 as described in the request of the county Board of Education for this election which is hereby referred to and made a part hereof, and whether a special tax shall be levied and collected annually at a uniform rate of thirty cents on each one hundred (\$100.00) dollars worth of taxable property in said consolidated area for public school purposes within said consolidated district; the said levy, if consolidated district; the said levy, if consolidation is authorized, not to operate to increase the present 3 mill levy in Mooresville-Belle Mina District No. 58, but shall be in lieu thereof.

It further appears to said Board that due notice of said election was given as required by law and said formal order of this Board by publication of such notice in Alabama Courier, a newspaper published in said County, for four successive weeks prior to the day of said election, and that the first publication of said notice was at least thirty days before the day of said election, that written notices of said election were also posted in three public places within said district for thirty days prior to said election; that the notice of said election published and posted as aforesaid, showed the rate of such proposed tax, the time it was proposed to be continued, the purpose for which the levy of said tax was proposed to be made, and a description of the boundaries of said proposed district.

The Board finds that said election was duly and legally held within said Mooresville-Belle Mina District, No. 58 on the 26th day of September, 1932, as aforesaid, and that returns of said election have now been made to this Board, as provided for in Article 13 School Code of 1927. The said Board therefore proceeds to canvass the returns of said election and upon a canvass of such returns, the Board finds and hereby declares the result of said election as follows:

Seven votes were cast in said election for the proposed consolidation and taxation.

One vote was cast in said election against the proposed consolidation and taxation.

The Board therefore finds and declares that a majority of the votes cast in said election were cast for said proposed consolidation and taxation.

It is therefore ordered, adjudged and decreed by the Board that said tax voted in said consolidated district for the purposes aforesaid, be and the same is hereby levied for the current tax years as follows:

Thirty cents on each one hundred (\$100.00) dollars worth of taxable property in said consolidated district in said county for public school purposes within said district.

It is further ordered by said Board that a report in writing and under oath of the members of said Board declaring the results of said election be made and filed in the office of the probate judge of said county, and that a copy of such report be printed in Alabama Courier, a newspaper published in said county. That such report declaring the results of said election be as follows:

STATE OF ALABAMA
LIMESTONE COUNTY

The Board of Revenue of Limestone County in said State, having canvassed the returns of the special election held on the 26th day of September, 1932, in and for Mooresville-Belle Mina District No. 58, in said county, to determine whether or not said district in said county shall be consolidated with Salem District No. 54, heretofore described, and whether a special tax shall be levied and collected annually at a uniform rate of thirty cents on each one hundred (\$100.00) dollars worth of taxable property in said consolidated area; the said levy not to operate to increase the present 3 mill levy in Mooresville-Belle Mina District, No. 58, but to be in lieu thereof for the period of five years from September 30th, 1931, for public school purposes within said district, hereby declares under oath that the result of said election is as follows:

Seven votes were cast in said election for the proposed consolidation, and one vote was cast in said election against the proposed consolidation and taxation.

Thirty cents on each one hundred (\$100.00) dollars worth of taxable property in said consolidated district in said county for public school purposes within said district.

It is further ordered by said Board that a report in writing and under oath of the members of said Board declaring the results of said election be made and filed in the office of the probate judge of said county, and that a copy of such report be printed in Alabama Courier, a newspaper published in said county. That such report declaring the results of said election be as follows:

Deputy Solicitor

_____, Chrm.,
Board of Revenue.

Be it remembered that at a regular meeting of the Board of Revenue of Limestone County held on this the 21st day of November, 1932, at 10:00 A.M. in the Courthouse, the usual place of meeting, there were present and presiding J. M. Holt, Chairman, and members, E. M. Taylor, W. G. Arnett, Russell Balch, and Will H. Beasley. The following proceedings were had and done, to-wit:

Moved and carried that Limestone County sell to R. L. Black et al a parcel of land, consisting of about one-half of an acre, on the South side of the Cross Key-Lebanon Road, being a portion of the land acquired from Geo. Witty for R.O.W. for public road. The said R. L. Black et al agree to pay ten dollars (\$10.00) for the land provided a legal transfer of title can be made.

It was ordered that an abandoned shed or building on that portion of the J. H. Tolley place, which was purchased by Limestone County be sold to W. H. Roberts for ten dollars (\$10.00) in cash.

Minutes, Limestone County Board of Revenue

DECEMBER 5th, 1932

Be it remembered that at a regular meeting of the Board of Revenue of Limestone County held on this the 5th day of December, 1932, at 10:00 A.M. in the Courthouse, the usual place of meeting, there were present and presiding J. M. Holt, Chairman, and members, E. M. Taylor, W. G. Arnett, Russell Balch and Will H. Beasley. The following proceedings were had and done, to-wit:

A number of farmers and dairymen of Limestone County came before the Board, requesting that the County co-operate with the State and Federal Governments in an effort to eradicate tuberculosis from all the cattle of Limestone County. After a thorough discussion of the matter, relative to the cost of the work and the benefits to be derived, a motion was offered by W. G. Arnett and seconded by W. H. Beasley that the Board defer the making of an appropriation for this purpose until February 1st, 1933, at which time the amount of the tax income of the County can be more definitely determined. The motion carried.

The following resolution was offered by Russell Balch and seconded by E. M. Taylor:

WHEREAS, in the judgment of the members of the Board of Revenue of Limestone County, Alabama, it is necessary, advisable, and to the best interests of the citizens and taxpayers of Limestone County that said Board take such steps as are necessary to re-finance that part of the outstanding indebtedness of the County amounting to \$58,000.00 and maturing Feb. 1st, 1933, and,

WHEREAS, by an Act of the Legislature approved during November, 1932, the Board of Revenue or other governing body of the County is authorized and empowered to employ some person or firm as an agent to negotiate an exchange of new refunding bonds or warrants for the maturing county securities,

NOW THEREFORE BE IT RESOLVED, that the Board of Revenue of Limestone County, employ Steiner Brothers Banking House of Birmingham, Alabama, to act as an agent to secure the aforesaid exchange of Limestone County securities and that the Chairman of the said Board of Revenue be and he is hereby authorized to sign an agreement or contract with the said Steiner Brothers, a copy of which is inserted herein:

Athens, Alabama,
Dec., 5th, 1932.

Board of Revenue of Limestone County,

Athens, Alabama.

Gentlemen:

Referring to the matter of the indebtedness which your County has maturing, being more fully described as follows:

One issue of \$30,000.00 5% Warrants due 2/1/1933

One issue of \$28,000.00 5% Warrants due 2/1/1933

which indebtedness it now appears the County will be unable to pay except by the exchanging of new securities for said maturing securities,

said new securities being more fully described as follows:

\$48,000.00 5½% Serial Funding Bonds heretofore
authorized. \$10,000.00 5½% 5 years Refunding
Warrants

we hereby submit for your consideration the following proposition, viz:

We hereby offer our services to Limestone County to act for it as its agent to undertake to perfect an arrangement insofar as we are able to do to have holders of the maturing warrants accept in lieu of said maturing warrants new refunding bonds and warrants, dollar for dollar, in exchange for maturing obligations above described, said refunding bonds and warrants to bear interest at the rate of 5½%, payable semi-annually, and to mature as hereinabove set out, and on any and all warrants which we are able to get exchanged, the County agrees to pay us at the time of such exchange \$45.00 for each \$1,000 warrants so exchanged. Out of said sum so to be paid to us we will pay all expense of effectuating this exchange such as having the new bonds and warrants legally authorized, printed and approved by recognized bond attorneys, such traveling expense as might be necessary to interview security holders and acquaint them with the desirability of making the exchange, depository fees, shipping, insurance expense, etc.

Being in touch with some of the holders of the old warrants, we are firmly of the opinion that we can render the County a valuable service in perfecting such an exchange, and we agree to that and to wholeheartedly recommend and urge old holders to take new bonds and warrants in exchange.

In accepting this proposition, the County agrees to deposit at place of payment the interest that will become due on the maturing warrants on February 1st, 1933, and to send with said interest to paying bank a suitable memorandum to be prepared by us requesting that such holders of maturing obligations as we are now in touch with communicate with us with reference to the proposed refunding operation.

If this proposition is acceptable to you, kindly note your acceptance on the bottom hereof, and oblige.

Yours very truly,

STEINER BROTHERS
by J. M. Levine

The above and foregoing proposition is hereby accepted.

J. M. HOLT, Chairman,
Board of Revenue,
Limestone County, Ala.

The Chairman called for a vote on the foregoing resolution, every member voting aye, whereupon the resolution was declared adopted.

Moved and carried that a copy of an order of the Honorable Jas. E. Horton, Senior Judge of the Circuit Court of the Eighth Judicial Circuit, fixing the amount of the bonds of the members of the Limestone

_____, Chrm.,
Board of Revenue.

The Board of Revenue met, pursuant to adjournment, on Monday, December, 12th, 1932, and there were present and presiding J. M. Holt, Chairman of said Board, and W. H. Beasley, Russell Balch, W. G. Arnett and E. M. Taylor, members of said Board. The following proceedings were had and done, to-wit:

The Chairman of the Board of Revenue of Limestone County addressed a letter to each of the banks located within the boundaries of said County, viz: The Limestone County Bank, Athens, Alabama, Belle Mina Bank, Belle Mina, Alabama, and the Farmers & Merchants Bank of Elkmont, Alabama, requesting and inviting the said banks to submit sealed bids stating the highest rate of interest to the County on daily balances of bank deposits of County funds.

The Belle Mina Bank offered a bid of $2\frac{1}{8}\%$ on daily balances of bank deposits. The other two banks did not submit a bid.

A motion was made by Russell Balch and seconded by W. G. Arnett that the bid of the Belle Mina Bank be accepted provided the said bank can make a satisfactory bond to secure the safety of all deposits of Limestone County Funds.

The Chairman called for a vote on the foregoing motion, there were four ayes and no noes, and the motion was declared adopted.

A RESOLUTION

1. Be it resolved by the Board of Revenue of Limestone County that Mr. J. M. Holt is hereby authorized to make necessary application in the name of Limestone County to the Governor of Alabama for an allotment of funds under Subsection (C) of Section 1 of the Emergency Relief and Construction Act of 1932 for Limestone County of Alabama, and that the said Mr. J. M. Holt be and he is hereby authorized, designated and empowered to sign for and in behalf of said Limestone County its obligation or obligations as here-in-after set forth in an amount or amounts totaling not more than \$30,000.00 Dollars.

2. Be it further resolved that Mr. R. C. Martin is hereby designated to receive and act as the Disbursing Officer of all relief monies hereafter received by Limestone County under authority of Subsection (C) of Section 1 of the Emergency Relief and Construction Act of 1932 of the Federal Congress. Said Disbursing Officer to give such security bond as may be required by the Governor of Alabama or his duly commissioned representatives.

3. Be it further resolved that the County Child Welfare Board is hereby designated as the official relief organization of Limestone County, and

4. Be it further resolved that the Disbursing Officer herein-before designated and the official relief organization herein-before designated be and they are severally and jointly authorized, empowered and required to make such accountings of any and all relief funds received by the said Disbursing Officer as may be from time to time required by the Governor of Alabama and his duly authorized representatives, and also by the Reconstruction Finance Corporation of the Federal Government. Said accountings to include social statistics as well as clerical accounting.

5. Be it further resolved that the obligation or obligations referred to in paragraph one in this resolution shall be in substantially the following form to-wit:

COUNTY OBLIGATION
FOR FIRST ALLOTMENT OF R. F. C. FUNDS

The Board of Revenue of Limestone County, Alabama, hereby acknowledge themselves to be indebted to the State of Alabama in the principal amount of \$2,500.00 for a like principal amount paid in cash to or upon the order of R. C. Martin for account of the said County of Lime-

stone being the proceeds of an advance made upon certificate of the Governor of Alabama under and in compliance with Section 1 of the Emergency Relief and Construction Act of 1932. Said indebtedness is payable by the undersigned at the time, in the manner, and out of the funds as hereinafter set forth, with interest at three per centum per annum from date of payment to the Governor of Alabama by the Reconstruction Finance Corporation, to-wit:

\$500.00 principal amount, on or before June 30th, 1935
 \$500.00 principal amount, on or before June 30th, 1936
 \$500.00 principal amount, on or before June 30th, 1937
 \$500.00 principal amount, on or before June 30th, 1938
 \$500.00 principal amount, on or before June 30th, 1939
 (Five equal payments of one-fifth of total principal amount)

Interest on the total principal amount unpaid to date of payment on account of principal, at the rate of three per centum per annum, to be paid when and as installments on account of principal shall be paid, not later than the respective dates above set out.

It is understood that this obligation is executed in the name of the County of Limestone without representation as to their authority to do so and without personal liability of the Chairman or the individual members of the Board of Revenue of Limestone County.

The above obligation is payable only out of Federal Road Funds available to County, and shall in no way affect the constitutional debt limitations or the general revenues of the County of Limestone, Alabama.

It is understood that this obligation is given for advances made by the Governor of Alabama to the County of Limestone from money advanced to him from the Reconstruction Finance Corporation, under Section 1 of the Emergency Relief and Construction Act of 1932. If the Reconstruction Finance Corporation or the Federal Government should not deduct from Federal Aid funds due the State of Alabama the amount advanced to it from funds due the State for the years, 1935, 1936, 1937, 1938, 1939, or any of them, this obligation is to be void and the funds being advanced are not to be repaid, but if the Reconstruction Finance Corporation does deduct the funds, or the Federal Government or any of its departments, deducts the funds as now permitted by law from the Federal Aid to be paid to the State of Alabama, then the amount herein shown is to be deducted from funds which would be due to the County of Limestone from the State of Alabama on allotment of such Federal Aid Funds so deducted. It being understood and agreed that should the Federal Government make the relief funds free to Alabama and not require that they be repaid then the funds advanced and covered by this note are not to be paid to the State, but if the Federal Government or the Reconstruction Finance Corporation collect the funds borrowed by Alabama by deducting them from the Federal Aid due Alabama, then the money evidenced by this obligation is to be deducted from the portion Limestone County would have received from such Federal Aid, or from any Federal Aid Funds which Alabama may receive during

the years 1935, 1936, 1937, 1938, 1939, or any of them.

This the 14th day of February, 1933.

COUNTY OBLIGATION

FOR SECOND ALLOTMENT OF R. F. C. FUNDS

The Board of Revenue of Limestone County, Alabama, hereby acknowledge themselves to be indebted to the State of Alabama in the principal amount of \$2,500.00 for a like principal amount paid in cash to or upon the order of R. C. Martin for account of the said County of Limestone being the proceeds of an advance made upon certificate of the Governor of Alabama under and in compliance with Section 1 of the Emergency Relief and Construction Act of 1932. Said indebtedness is payable by the undersigned at the time, in the manner, and out of the funds as hereinafter set forth, with interest at three per centum per annum from date of payment to the Governor of Alabama by the Reconstruction Finance Corporation, to-wit:

\$500.00	principal amount, on or before June 30, 1935
500.00	" " " " " June 30, 1936
500.00	" " " " " June 30, 1937
500.00	" " " " " June 30, 1938
500.00	" " " " " June 30, 1939
(Five equal payments of one-fifth of total principal amount)	

Interest on the total principal amount unpaid to date of payment on account of principal, at the rate of three per centum per annum, to be paid when and as installments on account of principal shall

be paid, not later than the respective dates above set out.

It is understood that this obligation is executed in the name of the County of Limestone without representation as to their authority to do so and without personal liability of the Chairman or the individual members of the Board of Revenue of Limestone County.

The above obligation is payable only out of Federal Road Funds available to Limestone County, and shall in no way effect the constitutional debt limitations or the general revenues of the County of Limestone, Alabama.

It is understood that this obligation is given for advances made by the Governor of Alabama to the County of Limestone from money advanced to him from the Reconstruction Finance Corporation, under Section 1 of the Emergency Relief and Construction Act of 1932. If the Reconstruction Finance Corporation or the Federal Government should not deduct from Federal Aid funds due the State of Alabama the amount advanced to it from funds due the State for the years 1935, 1936, 1937, 1938, 1939 or any of them this obligation is to be void and the funds being advanced are not to be repaid, but if the Reconstruction Finance Corporation does deduct the funds, or the Federal Government or any of its departments, deducts the funds as now permitted by law from the Federal Aid to be paid to the State of Alabama, then the amount herein shown is to be deducted from funds which would be due to the County of Limestone from the State of Alabama on allotment of such Federal Aid Funds so deducted. It being understood and agreed that should the Federal Government make the relief funds free to Alabama and not require that they be repaid then the funds advanced and covered by this note are not to be paid to the State, but if the Federal Government or the Reconstruction Finance Corporation collect the funds borrowed by Alabama by deducting them from the Federal Aid due Alabama, then the money evidenced by this obligation is to be deducted from the portion Limestone County would have received from such Federal Aid, or from any Federal Aid Funds which Alabama may receive during the years 1935, 1936, 1937, 1938, 1939, or any of them.

This the 1st day of March, 1933.

MARCH 20th, 1933

Be it remembered that at a regular meeting of the Board of Revenue of Limestone County, Alabama, held at 10:00 o'clock A.M. on March 6th, 1933, in the Courthouse, the usual place of meeting, there were present and presiding J. M. Holt, Chairman, and members of said Board, E. M. Taylor, Russell Balch, W. G. Arnett and Will H. Beasley. The following proceedings were had and done, to-wit:

It is ordered that the unpaid portion of \$300.00 appropriated on January 16th, 1933 to the language department of the Agriculture School be paid at once in order that the said school may be able to carry on its educational activities for the remainder of the current school year.

Motion was made by Russell Balch and seconded by W. H. Beasley that a former motion of the Board of Revenue of Limestone County made on March 6th, 1933 with regard to the appropriations for the white and colored County agents for the year 1933, be and they are hereby rescinded.

A motion was made by Russell Balch and seconded by W. H. Beasley that an appropriation of \$200.00 be made to employ B. F. Hill, colored, as County agent for the year 1933. The motion did not carry.

COUNTY OBLIGATION

FOURTH ALLOTMENT OF R. F. C. FUNDS

The Board of Revenue of Limestone County, Alabama, hereby acknowledge themselves to be indebted to the State of Alabama in the principal amount of \$3,000.00 for a like principal amount paid in cash to or upon the order of R. C. Martin for account of the said County of Limestone being the proceeds of an advance made upon certificate of the Governor of Alabama under and in compliance with Section 1 of the Emergency Relief and Construction Act of 1932. Said indebtedness is payable by the undersigned at the time, in the manner, and out of the funds as hereinafter set forth, with interest at three per centum per annum from date of payment to the Governor of Alabama by the Reconstruction Finance Corporation, to-wit:

\$600.00 principal amount, on or before June 30th, 1935
 600.00 principal amount, on or before June 30th, 1936
 600.00 principal amount, on or before June 30th, 1937
 600.00 principal amount, on or before June 30th, 1938
 600.00 principal amount, on or before June 30th, 1939
 (Five equal payments of one-fifth of total principal amount)

Interest on the total principal amount unpaid to date of payment on account of principal, at the rate of three per centum per annum, to be paid when and as installments on account of principal shall be paid, not later than the respective dates above set out.

It is understood that this obligation is executed in the name of the County of Limestone without representation as to their authority to do so and without personal liability of the Chairman or the individual members of the Board of Revenue of Limestone County.

The above obligation is payable only out of Federal Road Funds available to Limestone County, and shall in no way affect the constitutional debt limitations or the general revenues of the County of Limestone, Alabama.

It is understood that this obligation is given for advances made by the Governor of Alabama to the County of Limestone from money advanced to him from the Reconstruction Finance Corporation, under Section 1 of the Emergency Relief and Construction Act of 1932. If the Reconstruction Finance Corporation or the Federal Government should not deduct from Federal Aid funds due the State of Alabama the amount advanced to it from funds due the State for the year 1935, 1936, 1937, 1938, 1939, or any of them, this obligation is to be void and the funds being advanced are not to be repaid, but if the Reconstruction Finance Corporation does deduct the funds, or the Federal Government or any of its departments, deducts the funds as now permitted by law from the Federal Aid to be paid to the State of Alabama, then the amount herein shown is to be deducted from funds which would be due to the County of Limestone from the State of Alabama on allotment of such Federal Aid Funds so deducted. It being understood and agreed that should the Federal Government make the relief funds free to Alabama and not require that they be repaid then the funds advanced and covered by this note are not to be paid to the State, but if the Federal Government or the Reconstruction Finance Corporation collect the funds borrowed by Alabama by deducting them from the Federal Aid due Alabama, then the money evidenced by this obligation is to be deducted from the portion Limestone County would have received from such Federal Aid, or from any Federal Aid Funds which Alabama may receive during the years 1935, 1936, 1937, 1938, 1939, or any of them.

This the 16th day of March, 1933.

COUNTY OBLIGATION

SIXTH ALLOTMENT OF R. F. C. FUNDS

The Board of Revenue of Limestone County, Alabama, hereby acknowledge themselves to be indebted to the State of Alabama in the principal amount of \$5,000 for a like principal amount paid in cash to or upon the order of R. C. Martin for account of the said County of Limestone being the proceeds of an advance made upon certificate of the Governor of Alabama under and in compliance with Section 1 of the Emergency Relief and Construction Act of 1932. Said indebtedness is payable by the undersigned at the time, in the manner, and out of the funds as hereinafter set forth, with interest at three per centum per annum from date of payment to the Governor of Alabama by the Reconstruction Finance Corporation, to-wit:

\$1,000	principal amount,	on or before	June 30th,	1935.
1,000	"	"	"	June 30th, 1936
1,000	"	"	"	June 30th, 1937
1,000	"	"	"	June 30th, 1938
1,000	"	"	"	June 30th, 1939

(Five equal payments of one-fifth of total principal amount)

Interest on the total principal amount unpaid to date of payment on account of principal, at the rate of three per centum per annum, to be paid when and as installments on account of principal shall be paid, not later than the respective dates above set out.

It is understood that this obligation is executed in the name of Limestone County without representation as to their authority to do so and without personal liability of the Chairman or the individual members of the Board of Revenue of Limestone County.

The above obligation is payable only out of Federal Road Funds available to Limestone County, and shall in no way affect the constitutional debt limitations or the general revenues of the County of Limestone, Alabama.

It is understood that this obligation is given to advances made by the Governor of Alabama to the County of Limestone from money advanced to him from the Reconstruction Finance Corporation, under Section 1 of the Emergency Relief and Construction Act of 1932. If the Reconstruction Finance Corporation or the Federal Government should not deduct from Federal Aid funds due the State of Alabama the amount advanced to it from funds due the State for the years 1935, 1936, 1937, 1938, 1939, or any of them, this obligation is to be void and the funds being advanced are not to be repaid, but if the Reconstruction Finance Corporation does deduct the funds, or the Federal Government or any of its departments, deducts the funds as now permitted by law from the Federal Aid to be paid to the State of Alabama, then the amount herein shown is to be deducted from funds which would be due to the County of Limestone from the State of Alabama on allotment of such Federal Aid Funds so deducted. It being understood and agreed that should the Federal Government make the relief funds free to Alabama and not require that they be repaid then the funds advanced and covered by this note are not to be paid to the State, but if the Federal Government or the Reconstruction Finance Corporation collect the funds borrowed by Alabama by deducting them from the Federal Aid due Alabama, then the money evidenced by this obligation is to be deducted from the portion Limestone County would have received from such Federal Aid or from any Federal Aid Funds which Alabama may receive during the years 1935, 1936, 1937, 1938, 1939, or any of them.

COUNTY OBLIGATION
9th ALLOTMENT OF R. F. C. FUNDS

The Board of Revenue of Limestone County, Alabama, hereby acknowledge themselves to be indebted to the State of Alabama in the principal amount of \$2500.00 for a like principal amount paid in cash to or upon the order of R. C. Martin for account of the said County of Limestone being the proceeds of an advance made upon certificate of the Governor of Alabama under and in compliance with Section 1 of the Emergency Relief and Construction Act of 1932. Said indebtedness is payable by the undersigned at the time, in the manner, and out of the funds as hereinafter set forth, with interest at three per centum per annum from date of payment to the Governor of Alabama by the Reconstruction Finance Corporation, to-wit:

\$500.00	principal amount, on or before June 30, 1935
500.00	" " " " " June 30, 1936
500.00	" " " " " June 30, 1937
500.00	" " " " " June 30, 1938
500.00	" " " " " June 30, 1939

(Five equal payment of one-fifth of total principal amount)

Interest on the total principal amount unpaid to date of payment on account of principal, at the rate of three per centum per annum, to be paid when and as installments on account of principal shall be paid, not later than the respective dates above set out.

It is understood that this obligation is executed in the name of the County of Limestone without representation as to their authority to do so and without personal liability of the Chairman or the individual members of the Board of Revenue of Limestone County.

The above obligation is payable only out of Federal Road Funds available to Limestone County, and shall in no way affect the constitutional debt limitations or the general revenues of the County of Limestone, Alabama.

It is understood that this obligation is given for advances made by the Governor of Alabama to the County of Limestone from money advanced to him from the Reconstruction Finance Corporation, under Section 1 of the Emergency Relief and Construction Act of 1932. If the Reconstruction Finance Corporation or the Federal Government should not deduct from Federal Aid funds due the State of Alabama the amount advanced to it from funds due the State for the years 1935, 1936, 1937, 1938, 1939, or any of them, this obligation is to be

void and the funds being advanced are not to be repaid, but if the Reconstruction Finance Corporation does deduct the funds, or the Federal Government or any of its departments, deducts the funds as now permitted by law from the Federal Aid to be paid to the State of Alabama, then the amount herein shown is to be deducted from funds which would be due to the County of Limestone from the state of Alabama on allotment of such Federal Aid Funds so deducted. It being understood and agreed that should the Federal Government make the relief funds free to Alabama and not require that they be repaid then the funds advanced and covered by this note are not to be paid to the State, but if the Federal Government or the Reconstruction Finance Corporation collect the funds borrowed by Alabama by deducting them from the Federal Aid due Alabama, then the money evidenced by this obligation is to be deducted from the portion Limestone County would have received from such Federal Aid, or from any Federal Aid Funds which Alabama may receive during the years 1935, 1936, 1937, 1938, 1939, or any of them.

This the 21st day of April, 1933.

Resolved that the Limestone County Bank of Athens, Ala., be designated as the depository for all public funds collected or held in trust by the said B. S. Turrentine, Clerk of the Circuit Court, Limestone County. The motion carried.

Moved and carried that the offer of J. W. Hodges to transport Mrs. Florence Hodges from Holland's Gin in Limestone County to The Bryce Hospital in Tuscaloosa, Alabama, for \$10.00 be accepted and approved, since this amount is considerably less than the expense allowed for such service by the statute.

It is ordered and agreed that L. S. White be employed by Limestone County to transport James Scott, colored, a lunatic, from Athens, Alabama, to Mt. Vernon, Alabama, and the expense of the transportation of said James Scott not to exceed \$35.00, this amount being the lowest total amount of railroad fare, meals and other necessary expense as provided by statute.

The following resolution was introduced by W. G. Arnett and seconded by E. M. Taylor:

STATE OF ALABAMA)
LIMESTONE COUNTY)

BOARD OF REVENUE

WHEREAS, the Legislature of Alabama did on to-wit: July 29th, 1927, enact a certain law authorizing and empowering the County Commissioners of Limestone County, Alabama, to levy a tax for privilege license on all persons selling or keeping in storage for sale gasoline, Woco Pep, or any other fuel by self propelled vehicles and to provide rules, regulations and machinery for the collection thereof and to provide penalty for the violation of such rules and regulations for said Act having been approved by the Governor of Alabama, the same being entitled, 'An Act, to be entitled and act, to authorize the Court of County Commissioners of Limestone County to levy a tax or privilege license on all persons selling or keeping in storage for sale, gasoline, WocoPep, or any other fuel used by self propelled vehicles, and to provide rules, regulations, and machinery for the collection thereof; and to provide penalties for the violation of such rules and regulations.'

AND WHEREAS, the Court of County Commissioners now "Board of Revenue" acting under said Act of the Legislature has assessed and levied a tax of three cents on each gallon of gasoline, Woco Pep, or any other fuel used by self propelled vehicles.

AND WHEREAS, the Board of Revenue of Limestone County, Alabama, desires to reduce the said assessment or levy to two cents per gallon for the month from June 15th, 1933 to July 15th, 1933, it being the full and expressed intention of the said Board of Revenue to make this reduction as an experiment.

NOW THEREFORE BE IT RESOLVED by the Board of Revenue of Limestone County, Alabama, that for and during the month from June 15th, 1933, to July 15th, 1933, and that period only that said assessment or levy or collection be only two cents on the enumerated fuels heretofore referred to.

BE IT FURTHER RESOLVED that this reduction from three to two cents shall be effective only during and for the month of June 15th, 1933, to July 15th, 1933, and that no action of this Board in adopting this resolution in any wise interfere with, invalidate or void the ordinances and resolutions heretofore passed, approved and

adopted for the Commissioners Court at any time and especially the ordinances and resolutions relative to said subject adopted by the Commissioners Court, which was composed of Wallace Coleman, B. N. Bibb, W. B. Spence and W. A. Williams, or that other ordinance or resolution by Commissioner Bibb and the Commissioners duly authorize to act at that time on to wit, November, 1927.

BE IT FURTHER RESOLVED that this resolution is a mere experiment and suspension of the rates on gasoline, et cetera for one month and is passed for that purpose only and that upon a revocation of this resolution or amendment or without further action on the part of the Board each and every article and sentence, relative to the so-called three cent gasoline tax for Limestone County, shall remain in full force and effect as though this resolution had not been passed.

This, the 15th, day of May, 1933.

The Chairman of the Board called for a vote. Members Arnett and Tavior voted aye and members Beasley and Balch voted no. A tie vote was recorded, whereupon the Chairman voted aye and the motion was declared adopted.

A motion was made by Russell Balch and seconded by W. H. Beasley to appropriate \$5.00 per month to cooperate with the State and Federal Governments in continuing the services of the colored home demonstration agent in Limestone County and to become effective as of May 1st, 1933 and to continue through budget year 1933-1934. The motion carried.

COUNTY OBLIGATION
10th ALLOTMENT OF R. F. C. FUNDS

The Board of Revenue of Limestone County, Alabama, hereby acknowledge themselves to be indebted to the State of Alabama in the principal amount of \$5,000.00 for a like principal amount paid in cash to or upon the order of R. C. Martin for account of the said County of Limestone being the proceeds of an advance made upon certificate of the Governor of Alabama under and in compliance with Section 1 of the Emergency Relief and Construction Act of 1932. Said indebtedness is payable by the undersigned at the time, in the manner, and out of the funds as hereinafter set forth, with interest at three per centum per annum from date of payment to the Governor of Alabama by the Reconstruction Finance Corporation, to-wit:

\$1,000.00	principal amount, on or before June 30th, 1935
1,000.00	" " " " " June 30th, 1936
1,000.00	" " " " " June 30th, 1937
1,000.00	" " " " " June 30th, 1938
1,000.00	" " " " " June 30th, 1939
(Five equal payments of one-fifth of total principal amount)	

Interest on the total principal amount unpaid to date of payment on account of principal, at the rate of three per centum per annum, to be paid when and as installments on account of principal shall be paid, not later than the respective dates above set out.

It is understood that this obligation is executed in the name of the County of Limestone without representation as to their authority to do so and without personal liability of the Chairman or the individual members of the Board of Revenue of Limestone County.

The above obligation is payable only out of Federal Road Funds available to Limestone County, and shall in no way affect the

constitutional debt limitations or the general revenues of the County of Limestone, Alabama.

It is understood that this obligation is given for advances made by the Governor of Alabama to the County of Limestone from money advanced to him from the Reconstruction Finance Corporation, under Section 1 of the Emergency Relief and Construction Act of 1932. If the Reconstruction Finance Corporation or the Federal Government should not deduct from Federal Aid funds due the State of Alabama the amount advanced to it from funds due the state for the years 1935, 1936, 1937, 1938, 1939, or any of them, this obligation is to be void and the funds being advanced are not to be repaid, but if the Reconstruction Finance Corporation does deduct the funds, or the Federal Government or any of its departments, deducts the funds as now permitted by law from the Federal Aid to be paid to the State of Alabama, then the amount herein shown is to be deducted from funds which would be due to the County of Limestone from the State of Alabama on allotment of such Federal Aid Funds so deducted. It being understood and agreed that should the Federal Government make the relief funds free to Alabama and not require that they be repaid then the funds advanced and covered by this note are not to be paid to the State, but if the Federal Government or the Reconstruction Finance Corporation collect the funds borrowed by Alabama by deducting them from the Federal Aid due Alabama, then the money evidenced by this obligation is to be deducted from the portion Limestone County would have received from such Federal Aid, or from any Federal Aid Funds which Alabama may receive during the years 1935, 1936, 1937, 1938, 1939, or any of them.

This the 13th day of May, 1933.

Board of Revenue, Chrm.,

ROBERTS & SON, BIRMINGHAM

Be it remembered that at a regular meeting of the Board of Revenue of Limestone County, Alabama, held at 8:30 o'clock A.M. on June 5th, 1933, in the Courthouse, the usual place of meeting, there were present and presiding J. M. Holt, Chairman, and members of said Board, E. M. Taylor, Russell Balch, W. G. Arnett and Will H. Beasley. The following proceedings were had and done, to-wit:

Moved and carried that member E. M. Taylor of District #3 be authorized to fill a ditch, which was made or caused to be made by Grover C. Lawson on the right-of-way of the County road known as the Cowford Road and adjacent to the farm now owned by E. D. Lerman. It is understood by this Board that the said Grover C. Lawson without authority made or caused to be made a ditch, which was cut to such a depth that the width of the traveled portion of the road was decreased and that the location of such a ditch along the right-of-way of the public road greatly endangers the safety of the traveling public, who use the said road.

The following resolution was introduced by W. G. Arnett and seconded by Russell Balch, that,

WHEREAS, the Limestone County funds aggregating approximately \$15,000.00 on deposit in the Farmers & Merchants Bank at the time the bank closed were secured by a personal bond signed by L. C. Hightower, et al, and

WHEREAS, the said L. C. Hightower did on Sept. 28th, 1932, execute a mortgage on certain real estate to Limestone County in the principal amount of \$14,978.95, together with a promisory note of like amount and bearing interest from Sept. 28th, 1932 to insure the payment of said County funds, and,

WHEREAS, the said L. C. Hightower did, on Apr. 17th, 1933 pay to Limestone County \$5,000.00 of the amount so secured, leaving the remainder of the principal in the amount of \$9,978.95, due Jan. 1st, 1934 according to the mortgage as recorded in mortgage record 298, page 302, and,

WHEREAS, the said L. C. Hightower now agrees to pay \$10,256.20 in addition to the \$5,000.00 formerly paid on April 17th, 1933, as a complete and full settlement of the obligations secured by the aforesaid mortgage and in full payment to Limestone County of the loss of all County funds incurred by the closing of the Farmers & Merchants Bank of Athens, Alabama, and,

WHEREAS, the financial condition of the County is such that the acceptance at this time of the offer of Mr. Hightower to pay the said amount of \$10,256.20 would relieve the county of the necessity of borrowing a like amount at a high rate of interest for the purpose of paying the necessary current expenses during the remainder of this year,

NOW THEREFORE BE IT RESOLVED that Limestone County accept the payment of the aforesaid amount and that the Chairman of the Board of Revenue be authorized to give to Mr. L. C. Hightower a receipt in full of all liabilities secured by the bond which was signed by the said L. C. Hightower et al, and further that all of the accounts of Limestone County in the Farmers & Merchants Bank at the time of its closing on December 12th, 1931, be assigned to the said Mr. L. C. Hightower. A vote was taken and the resolution carried unanimously.

COUNTY OBLIGATION
11th ALLOTMENT OF R. F. C. FUNDS

The Board of Revenue of Limestone County, Alabama, hereby acknowledge themselves to be indebted to the State of Alabama in the principal amount of \$5,000.00 for a like principal amount paid in cash to or upon the order of R. C. Martin for account of the said County of Limestone being the proceeds of an advance made upon certificate of the Governor of Alabama under and in compliance with Section 1 of the Emergency Relief and Construction Act of 1932. Said indebtedness is payable by the undersigned at the time in the manner and out of the funds as hereinafter set forth, with interest at three per centum per annum from date of payment to the Governor of Alabama by the Reconstruction Finance Corporation, to-wit:

\$1,000.00	principal amount, on or before June 30, 1935
1,000.00	" " " " " June 30, 1936
1,000.00	" " " " " June 30, 1937
1,000.00	" " " " " June 30, 1938
1,000.00	" " " " " June 30, 1939

(Five equal payments of one-fifth of total principal amount)

Interest on the total principal amount unpaid to date of payment on account of principal, at the rate of three per centum per annum, to be paid when and as installments on account of principal shall be paid, not later than the respective dates above set out.

It is understood that this obligation is executed in the name of the County of Limestone without representation as to their authority to do so and without personal liability of the Chairman or the individual members of the Board of Revenue of Limestone County.

The above obligation is payable only out of Federal Road Funds available to Limestone County, and shall in no way affect the constitutional debt limitations or the general revenues of the County of Limestone, Alabama.

It is understood that this obligation is given for advances made by the Governor of Alabama to the County of Limestone from money advanced to him from the Reconstruction Finance Corporation, under Section 1 of the Emergency Relief and Construction Act of 1932. If the Reconstruction Finance Corporation or the Federal Government should not deduct from Federal Aid funds due the State of Alabama the amount advanced to it from funds due the State for the years 1935, 1936, 1937, 1938, 1939, or any of them, this obligation is to be void and the funds being advanced are not to be repaid, but if the Reconstruction Finance Corporation does deduct the funds, or the Federal Government or any of its departments, deducts the funds as now permitted by law from the Federal Aid to be paid to the State of Alabama, then the amount herein shown is to be deducted from funds which would be due to the County of Limestone from the State of Alabama on allotment of such Federal Aid Funds so deducted. It being understood and agreed that should the Federal Government make the relief funds free to Alabama and not require that they be repaid then the funds advanced and covered by this note are not to be paid to the State, but if the Federal Government or the Reconstruction Finance Corporation collect the funds borrowed by Alabama by deducting them from the Federal Aid due Alabama, then the money evidenced by this obligation is to be deducted from the portion Limestone County would have received from such Federal Aid, or from any Federal Aid Funds which Alabama may receive during the years 1935, 1936, 1937, 1938, 1939, or any of them.

This, the 20th day of May, 1933.

The Board therefore finds and declares that a majority of the votes cast in said election held in Athens City District No. 34 and Athens Town District No. 35 were cast for said proposed consolidation and taxation.

It is therefore ordered, adjudged and decreed by the Board that said tax voted in said consolidated districts for the purposes, aforesaid, be and the same is hereby levied for the current tax years as follows:

Thirty cents on each one hundred dollars worth of taxable property in said consolidated district in said County for public school purposes within said district for a period of four years from Sept. 30th, 1932; the said levy not to operate to increase the present three mill levy in Athens City District No. 34 but shall be in lieu thereof.

A resolution was offered by Russell Balch and seconded by W. H. Beasley that the Board of Revenue employ two men, namely; Geo. Rowe, and Benton S. Fusch to stand guard day and night on the Bee Line Highway near Decatur and check the contents of all gasoline tank wagons, trucks and all containers used to convey gasoline into Limestone and that a record be kept by the said guards of the number of gallons of gasoline delivered or sold in Limestone County, and that each of the aforesaid guards be paid \$3.00 for each twelve hours work for a period of time to be determined at a meeting of the Board. A vote was taken and the motion carried.

The above resolution was passed pursuant to an opinion of the Attorney General rendered March 5th, 1934, a copy of which is inserted herein:

Counties -- Employment of Special

Opinion by Assistant Attorney General
Screws.

Dear Sir:

I have your letter of February 23, 1934, in which you state the following:

Limestone County has a special 3 cents tax on gasoline. Morgan County, which is just across the line does not have this tax.

The Board of Revenue of this County desires to employ a special man to check all gasoline coming across the Tennessee River into Limestone County. The agents in Morgan County

Minutes, Limestone County Board of Revenue

are selling gas in Limestone County and are billing same to stations in Morgan County and thereby beating Limestone County out of the 3 cents tax.

In view of the above you request my opinion as to whether or not the Board of Revenue of Limestone County can hire a guard at the Tennessee River between the two counties in order that they might keep a check on the gasoline sold by Morgan County representatives in Limestone County.

I am of the opinion that your inquiry should be answered in the affirmative, if such a step is necessary for the purpose of collecting the gasoline tax in question. Such employment may be considered a legitimate expenditure in connection with the collection of said gasoline tax.

Yours very truly,

Thomas E. Knight, Jr.
Attorney General.
