Honorable Harry T. Hartwell,  
Mobile, Alabama.

Dear Harry:

Your letter of March 1, came while I was at home ill with the flu.

I noted what you said about the recent contest in the state for the Public Service Commission. While your contention may be true that Power Company money was used and irregularity practiced in the recent election resulting in the success of Mr. Morgan and your defeat, of course, the obvious answer of Mr. Morgan would be that as no contest was filed by you he was clearly the undisputed choice of the people.

I do not quite catch the implication of the words with which you closed your letter--"Politics 'do' play a great part in the life of those of us who serve a public." Will you please elucidate?

I am glad to know that you are pleased to know that I am a member of the new Public Works Board. Mobile will have some projects before the Board and I will be glad at the proper time to have your confidential opinion of these applications.

With kindest regards, I remain

Sincerely yours,
