MISS JENNIE WALKER  
36 WEST 39TH STREET  
NEW YORK CITY

My dearest Harry:— This Thanks-  
giving eight-years ago I left-  
home, (maybe) to seek my fortune  
far from my native heath, and will  
give thanks, that I have been  
able to work through the year,  
with few disabilities, something to be  
thankful for, in the time have  
been with eight-weeks in all,

you able to do. Of course I  
know how you hate to be asked  
questions, but feel it in duty  
me not to be ignorant on many  
matters. First, did you ever put  
the \$200<sup>00</sup> that John's estate owed  
me to my credit? Also was the  
interest paid on the \$1250<sup>00</sup> from  
Ryan's ~~own~~ insurance for me? I  
know you paid me \$75<sup>00</sup> or 80<sup>00</sup> and some  
me else \$44<sup>00</sup>. I do not know the  
amount I should receive a year,  
or how much I have ~~lost~~ lost.  
I have a note on W. H. Green (I

a broken knee, & in the <sup>and a day</sup> hospital  
of amputation, <sup>but it's</sup> parts

Many more years - Bettie & Bob  
were to come in tomorrow, but had  
a pressing invitation to dinner  
at a friend's, so decided to stay  
home. Cannot realize that an-  
other Xmas has rolled around,  
would love to spend it with  
the family, but guess that is  
impossible, now, we have short-  
hills and are quick-busy at-  
present. The matter is rather

believe of \$800<sup>00</sup> due in March. I  
want that called in, at the  
time it falls due. Seems to  
me I get so little interest  
for the money I have - is it  
that the people are unable to  
pay, or have I a wrong impres-  
sion? now the \$200<sup>00</sup> I spoke  
of before you were not so sure  
of. But I rest you the pay-  
ment & interest, and know I  
am right, & believe you will

a penetrating cold, feel it - when  
you go out, trust tomorrow  
will be nice, as a holiday means  
a lot - for us, have not decided  
just - when I will eat turkey,  
but assume you expect to get  
it - somewhere - a friend of mine  
and I are going out together,  
then a show in the evening -  
How are Sam. & Tammie; have  
not heard of them lately, they  
should do well in Florida,

see it - too, now will you kind-  
ly let me know about this, it  
is rather sad to be so ignorant -  
altho' as you know, I am perfectly  
satisfied you are taking care of  
it - but man or woman, likes  
to be in the dark, and ignorance  
of where they "are at." Am so  
anxious to go to Europe this  
coming Summer, but am in the  
air as to when I stand or  
if it is possible for me to  
accomplish my desire.  
Kind Best Wishing. Love &

The Easterners are crazy over that  
part of the Country, wish  
they would build up one part-  
of the world. Was so sorry to  
hear of Dr Calvin's death; he  
certainly was a very fine man,  
he gave me most complimentary,  
always think of him in connection  
with - John, I have you ever after  
to get a frame in that land,  
I never hear of anything, and  
am in ignorance of what you

Henry & Win Ross, with a big  
share for you
