

West-Point, Minn.

July 24., 1911.

My Sister:-

What-privileges we take
with-those we love,
I knock again and
hope the answer will
come in to days mail.
Push-thrust-your head
out-a side door and
say you are not-at home.

How delighted I am
the-panties have met;
And know you are as
congenial as we are.

Came from Mrs. J. E. H. etc. etc.
Assure me how charming
you are, and every thing
is lovely - that Mrs. Chandler
will be benefitted by her
trip to Nashville physician.
This week's programme
seems to have been very
entertaining - surely Mrs.
is well represented - taking
yesterday with Mrs. McCallan
she expects to visit her mother
Mrs. Thompson, of Lebanon, ^{nee go to}
Nashville, Montezuma, and
other places soon - possibly
leaving next week, I hope
you will renew your
acquaintance. She is quite an

enthusiastic talker - I enjoy her.
Have you seen any thing
of women of "Round-top" and
"Kest-a-bit"? See's relatives?

Your card, also one from
Memory to Florence - is
appreciated - what luck
for Minnie Lee, and Ruby
that you see are there.

I hope they will be
favorably impressed -
how sad their lives have
been the past few months;
I'm grateful for the courtesies
they have shown Will.

The "Elite" of our City, are
beginning to say, a ~~brotherless~~
camp on the banks of the
Imbigeu - they face the
down pour of rain - and
Isabelle is ~~captured~~ over the
anticipated pleasures -
the family is invited;
if the weather improves
different members will
go out - I can't see the
fun in jungle life - and
her ration will suffice
for a bath - for me.
Know Thom. and Sue Rich-
are having a Pleasant-Trip.
As well as Harry - Tell
Memory I say lay aside

"Long Roll" 'til she gets home,
and take in every thing up
there - that is a tedious
story I hear.

I am sorry to hear of Harris
Turner's illness and hope
he is much better by this time.
Memory P. and Susan have
been driving to Moreauville,
having a big day -
We look for Will some time
soon - I wrote urging one
and all to come with him
but - a whole pale decline
was my portion.

Nice you go to Lerrance?
 Mrs. Lurcell is anxious to go
 you can get-up a party
 on your round trip tickets
 perhaps - tho it isn't far.
 but don't try it - through
 the country, too rough.
 I had a pleasant visit; went
 down on the 11. a.m. - ate supper
 at the hotel returning on
 the 8. Mr. Woll the Rector,
 we had known in West Tenn
 was very kind, and took us
 all over the grounds, and
 buildings - his wife was
 Miss. English daughter of
 Judge English, she is a bit
 peculiar - tho nice to see.
