Mr. R. H. Walker, Editor  
The Limestone Democrat  
Athens, Alabama

Dear Friend:

In closing the campaign files, there is one final thing we would like to do, and that is to thank the many loyal and devoted friends and supporters of Bibb Graves. To you, as one of his friends, whom he was looking forward with so much happiness to thanking in person on the twenty-first, he would assuredly have us say for him now, "I thank you."

We cannot write to all, but are addressing those officially connected with his campaign, and asking that you please convey to all of his friends in your County his heartfelt thanks.

The monument which he would most appreciate is his memory in the hearts of his friends and their determination to "Keep on keeping on" in consecrated service to his ideals.

Sincerely yours,
