

Wednesday

June 29, 1929

300 7 Pawnee Ave.

My dear Memory,

Tom has lost
strength so much in the
last three weeks and the
Doctors do not think he
can live many weeks.
He has not been able
to sit up for a long
time and is able to
eat less and less - And

~~and~~ the past few days he
has had so much pain
we try to control it
with the morphine.

But he came down
again and is staying
with the bed. She
is wonderful to her
father and a great
comfort to us both.
I hope you are all

well and did Harry have
a pleasant trip?

See Robert Henry that
Henry Sines is very anxious
for him to go to
the Montone Camp with
him.

Ruth gives me her love

Always faithfully

Sue Ruth
