

## SENATE CHAMBER

MONTGOMERY

ALABAMA

R. H. WALKER, SENATOR  
1ST DISTRICT—LAUDERDALE AND  
LIMESTONE  
ATHENS, ALA.

Feb. 11, 1931.

My dear Memory:

The weather has been quite pretty here and I hope it will be good next week when you are here. I understand the House has about decided to ask the Senate to adjourn Friday to Monday, which would make us come back early Monday morning of next week. Will know definitely tomorrow.

Have been helping Buren Gilbert and George Sherrill yesterday or rather today. Don't know that we've made any progress, but possibly have.

Just finished with a committee meeting before which Mrs. Owen appeared in support of a bill to make Samuel Minturn Peck poet laureate of Alabama. They (the Bankhead) always want something done.

Am enclosing this in letter to Bob Henry; have been thinking of him ~~and~~ today and hope he will ~~make up his mind to~~ have a happy birthday.

With much love for you and the others of the household,

Yours devotedly,

*Henry*
