

Arbun Ala.
Aug 19-1899.

My dear Mr. Walker:

Have just
received a letter from
home and am so very
homesick. Have you ever
experienced any thing like
it? I think I must be
happy if I was only in
Alabama to-day.

The people of Auburn
are just lovely and

I am thoroughly delighted
with them. I have had
quite a number of collars
already.

How are the Athens people?
Is your brother as much
in love with Mrs. Harwood
as ever? Tell her, when
you see her, that I
went over to bid her
good-by the night before
I left and she was not
at home. That's a plucky
but am sure you

wouldn't mind a little
thing like that.

And very sorry your trip to
Bailey was broken into, but
had much rather you would
come to Auburn.

Who are you reaching now?

Write me about every thing
and every-body - you know
how I am - I can ask
about as many questions as
some other folks I know.
But of course I'm interested
in African people -

Very sincerely
Mae Cunningham -

Mother doesn't understand
why I practice so diligently -
do you?
