Dear Mommy -

Of course Bob has told you  
what Dr. Bryan<sup>son</sup> said. He was here  
again about 9<sup>15</sup> am today. Said  
my heart was doing fine. He will  
bring <sup>out</sup> his partner, who knows some-  
thing about lungs, this aft or in a.m.  
Bryan agrees with Dr. Joseph that it  
would be ~~unwise~~ to collapse lungs.  
The pleurisy in left one rests it for work.  
He is very nice, but I can't stay here  
very long. The cost of hospital, nurses &  
board is \$6.00 per day with doctors extra.

I miss the adventures - please send them be-  
ginning with yesterday's (Sun day's). Love to  
both of you & Bill & Mammie when you  
write them. Am weak but go to bathroom  
for kidney & bowel movements. A ver Harry  
Newbury just sold me a Banner & Featherman  
& ink bottle (one)

Dear Bob - please write 1st Nat Bk,  
Florence, (c/o Prud. Martin) & tell him  
my condition. Say to him will pay  
\$125.00 note due today as soon as I  
get home from hospital.

I'll like to meet memory & you pretty  
shakily - living to run with you.  
all good wishes & love to both - also  
yours to Richardson & Dorothy let me  
know about contact. Love ever Dad
