Jasper, Alabama.

Dear Crutcher:

I have your letter with endorsements enclosed.

The Governor is being terribly besieged with applications for positions, but just as soon as I have a favorable opportunity of saying a word in your behalf to him I will do so. In the meantime I am going to file your letters with him.

I note you have the endorsements from your Representatives, and I would suggest that you also get one from your Senator.

Hoping you may be able to get the position for which you are applying, I am

Your friend,
