Dear memory -  
Thanks for your  
yesterday's letter, rec'd. This am.  
Mr. Wellingsham has just been  
in, and we have gone over the matter  
as fully as we can. I have told him  
to send up the cartoon complete and  
submit it. I have issued him  
bills, provide for both monuments  
and slabs in marble, as you prefer.  
to provide for the lettering as you  
wish it, including reproduction  
of mother's full signature (That's new  
to me, but it is an excellent idea).  
to cover the culminated plan  
on the scroll.

The estimated price, for complete  
jobs, is a little over \$900 00. I have  
asked him to request Mr. M. to  
move me a better price if he  
can. I know Mr. M. very well. I think  
he will, for personal reasons, wish  
to move me a close price. I expect  
to buy from them. He is going to  
give me some books, 300 or on return;  
and the other 600 or on about that,  
in 3 or 6 months. I want to pay  
a fair price, but no more.

Ruth is charmed with the books. I  
am delighted with the scrap books.  
They afford me real pleasure.

ply the agreement I was about to  
submit to the Congress was
