Dear Mr. Walker:

I came by to see your man Frazier, after talking with you. I do not think I will have any trouble in collecting your rent. He did not mention having talked to an attorney or an attorney writing you. I have rented him a place belonging to Nelson and Grissom for a five year period, beginning next year. This was some time ago.

We have a party to whom we could likely rent your place for next year and would like to know what you think of it. It is Mr. J.L. Rowe, Jr.- Falkville, Alabama- the son of one of our Board of Revenue. At the time I rented Frazier another place he understood he could not stay on yours because of early inundation.

Very truly yours
