

Los Angeles
Sept. 20-1937.

My dear Memory. A letter
from Marcia Ciftenden with
a clipping enclosed brought
me the sad news of the
loss which has come to you.
I cannot express to you
how much I feel for all
of you in this bereavement.
And wish I might be
able to say something
that would help a little.
We do not understand
why such trials come
to us - but oh! my dear

We must hold on to our faith
in One who is always ready
to help us bear them.

I wrote Marie and
Percie a note and sent the
clipping on to them. The weather
has been so terribly hot I
have not been down to see
them since I came back
to Los Angeles.

Please do not doubt
my sincere love and
deepest sympathy for you
all. I wish that I might
be with you. Sister joins
me. Lovingly as ever
Grat
