

Heat Point - U.S.

My "Little Sister Snow"

Through Memory Palace, I'm in part  
recipient of your hospitality for a visit to  
Monteagle. Accept thank you  
in consequence you are hearing from  
me daily now. The tickets are on  
sale now, I can go either way - but know  
you had rather go your way. I've  
decided to go by B'hain - you two join  
me at 12 Friday night - I leave N.O. at  
1:30 p.m. Friday reach B'hain 7 p.m. -  
leave B'hain at 8:15 p.m. reaching Athens  
at 12. Nashville early morning.  
I hope my not writing last week did not  
occasion any delay in your plans.  
The tickets are on sale every Friday & Sat.  
good till Sept. 15.  
Did you ever see such disastrous rain?  
The sun is shining for a little while

this morning - wish we could raise  
the top of the house and run generally  
when it shines good.

My household has been feeling the effects of  
the weather - Memory and Will are feeling  
better since the change of medicine -  
Memory has dodged her usual spell  
so far, has gained in weight - and looks  
well - if she isn't taken sick, I'll be with  
you - of course she has a touch of her  
trouble all the time - this is her critical  
year -

David will go home this evening, we  
be glad - she is so much fun & kind.

Our friends were disappointed Mummy W.  
did not come as well as we were - Edw. D.  
made quite a favorable impression, as well as  
her little girl Dorothy, who is a winsome little thing.  
They will be with us again Monday on their return  
to Memphis, Change came here.

Hoping their plans conform to yours  
for they are subject to change -  
With love and thanks - Mary -
