Honorable Harry Walker
Speaker of the House
Exchange Hotel
Montgomery, Alabama

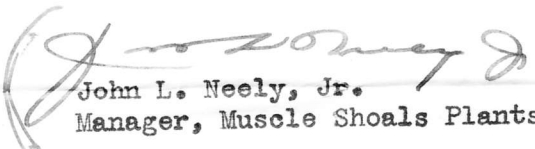

Dear Mr. Walker:

I notice that Mr. Harrison has introduced a revenue bill for the State of Alabama. If you have an extra copy, I shall appreciate very much your forwarding me one so that I may turn the same over to a member of the Finance Ways and Means Committee of the State of Tennessee, as it is possible that this Committee might get a few ideas from it. I am sure that they need them.

If an extra copy is not available, and it will incur any bother on your part to obtain this for me, please disregard this request, as it is my intention only to assist the State.

With best personal regards, I am

Very truly yours,

John L. Neely, Jr.
