Feb. 19, 1923.

My dear Mamma:

I thought I  
would not write after the  
S. A. R. meeting at Mrs. Lewis  
tomorrow to write, but Mrs. Kate  
Hine called up and said  
that Mrs. Robinson asked her to  
tell you to be sure to send

your photograph & the paper  
at Los Colores for publication  
before the conference. I thought  
you should get this message  
at once. Mrs. Kite said she  
would likely go down.

But Henry was pleased  
with your letter, but cannot  
appreciate it now as he  
will in after years, when he  
looks over "His Book" that I am

making - one for William also.

They, - aunt Mamma and  
Rebecca, decided not to have  
an open meeting. (I don't know  
why.) Rebecca wrote to Meda  
for a program and she sent  
one and Pete type. wrote twenty-  
two pages of material for it,  
but Thomas accidentally burned  
it, so I, in my gentle way,

have tried to replace the destroyed  
masterpiece with the unaltered  
program. I will give the origin  
of the celebration of Y. W.'s birthday.

See Lizzie C. passing. She  
is staying at the Martins in  
her mother's absence.

See his last letter, you  
note that the Stratfords called  
on them last Sunday. I think  
it lovely of such prominence

and busy people to take up as  
much time with our little in-  
quiries. The S's - had already  
discharged any precise ob-  
ligations they were under  
to Parker.

Miss Yussie regretted not  
seeing you, but said she would  
respond that she was asleep  
and did not mention you.

Bob Henry is out today for the  
first time since last Wednes-  
day. I have likewise been im-  
prisoned because of his indis-  
position. His playmate was  
very faithful.

Mrs. Atkinson has recom-  
mended the U. S. C. almost for  
recognition. She is a fine  
woman. She appointed me to  
correspond with Mrs. Scott

M<sup>rs</sup> Maggie Inger in regard to
