November 12, 1936.

Honorable Harry Walker,
Athens, Alabama.

Dear Mr. Walker:-

I regret very much to learn that your illness has continued, and I assure you that I have been pulling for you during all of your trouble. I further assure you that I will miss you as Speaker if and when ^{the} legislature is called into special session, and I only hope that it will be possible for you to have sufficiently recovered to be there and resume your regular duties.

I have noticed with interest that you and Governor Graves have selected our mutually good friend M. L. Robertson as temporary Speaker. I favor Mr. Robertson very much and esteem him very highly. He has demonstrated his ability and tact, however, I just wonder what his attitude is at the present time toward a sales tax. I am today writing him and am expressing myself freely since I would like to abide by your suggestion and wishes and also his desires. However, I do not feel that I can commit myself until I am aware of whether or not he has made a trade with the Governor or changed his attitude or position toward the increase of taxes, as well as other things. This letter is being written to you because I do appreciate your kindness to me during the past two sessions of the Legislature.

With all good wishes for your continued recovery, and with kindest personal regards, I am,

Sincerely,

WAD-pc

W. Aubrey Dominick
