Mr. R. H. Walker

Dear Sir:

Your favor of the 27th is received and I note what you say as to the street assessments. That is a detail which can be arranged in the closing, and my inclination would be to make no further agreement about it, but to allow you to make payments as they mature.

From a legal standpoint, I should consider Mrs. Walker fully protected under the warranty of the deed.

Very truly yours,

AJH/sk
