

Clearwater Fla.

Dec. 13, 1939.

Dear Harry,

Mama asked me to write you for her. She thinks you might go on and rent farm to Aldie Craig as she has no one else in view.

She wants you to please send her the \$30 left from cotton and asked if you can take care of taxes on interest you owe her. The interest

on the money would amount  
to \$200 and taxes are \$86.

Thank you for  
seeing to the bank note  
for her.

The strike in Plymouth  
factory has caused Harry  
to lose business. Just when  
he could have sold had  
no cars.

Miss Mann wants  
the walls ~~replastered~~  
and over head painted in  
store. I thought the august  
rent could apply on that

she has never said it. If you have  
the time could you get an estimate  
from some good man on it. If you  
are too busy drop me a cord  
and I'll write and find some one.  
I don't know any one except Mr.  
Fry who advertises in your  
paper. - Mamma said he use to do  
your work she thought.

I hope you are feeling  
better. This Christmas will be  
sad for you. I have thought  
of you so many, many times.

Love

Sarah.
