Judge James E. Horton

I have seen in the

paper where the editor of the only newspaper in
Limestone County, an old farmer said, I have
nothing against niggers. I like them, if they know
their place and keep it. Well I tell you one
thing if I had to know him I would have
wrote to him if his name was in the paper.
I know one thing he is more a nigger
than them boys is because it is more
white nigger than it is black niggers.
because he is not white he is a pale face
It is not about two races in the world, and
that is the human race and the white
man. And the white man is nothing
but a heathen boy. You see you, the editor
or the editor is nothing. And he talking
about the niggers as he called is different
from the white men. Yes they are
different I will agree with him there.
he called them niggers, But they are

Third 13 blooded Mohammedans, the niggers
 as he calls them even much has more
 brains than the white heathens. And the
 whole dark races is above you all and you
 know it too. and another thing we have
 more blood, what has the heathens. Nothing
 they even much hasn't got a horse to go. So
 what is you all got. Because America
 don't belong to the heathens. It belongs
 to the Indians and that my race
 because he belongs to the dark races.
 I was born in the United State of America
 and I am not Colored, or a nigger
 neither am I a Negro. And tell that
 heathen about that curse proposition
 tell him to go and read the Bible
 some more because that curse is on
 him and not on the dark races of
 the world neither is it on the 9
 boys what is there in prison for 2
 years, with them old niggers, they
 is not good as those boys is. In the
 first what is they doing ho being

on the trains anyway, those old white
 trash they isn't good as my dogs.
 I know you going to be hot if you
 read all of this letter, but you better
 not hurt them boys neither execute
 them. Because if you all do good
 bye Alabama and also good bye
 United States if you all do any
 things to any of those boys. Tell
 that old heathen the dark races
 before the white man come out of
 his cage. Because a black man
 was here before the world was created
 because God is black and he
 was here before the world was created
 Tell him to read palms and the
 Book Revelation and he will see
 the dark races was here before he
~~was ever thought of.~~ Tell him
 his Ancestors were black and also
 yours were black because it were
 all dark races on the earth how
 did he got here if it was not

Through us. The dark races.

I am a woman of the dark
races
